

In response to the motion passed at last weeks regular Senate meeting (see below), Dr. Hoppe and I have met and jointly agreed that a called Senate meeting is needed to address concerns about faculty review of the proposed mission statement revision and to allow additional opportunity for discussion. I have thus scheduled a called Senate meeting for Wednesday, 24-November-2004, from 1:30 pm to 2:30 pm. Unless a subsequent email changes it, the location will be UC-307, our regular meeting room.

Best regards,

Bill

William E. (Bill) Rayburn

APSU Faculty Senate President

Motion:

Request that any final mission statement be pulled from any packets that have been forwarded to the Tennessee Board of Regents because it has not been completely reviewed.
