### Berry Named To Succeed Ussery As Editor of Farewell and Hall

Left to right: Pat Berry, new Editor, and Ann Ussery, retiring. (Photo by Jim Spencer)

By Doris Sanders  
The announcement that Pat Berry is to succeed Ann Ussery as editor of Farewell and Hall next year was made at the traditional Farewell and Hall banquet on Thursday evening, May 17 at Richview. An English and math major from Sylvia, Pat has worked on the annual staff for the past three years. She is a member of the English Club, Galsioli Club, Kappa Delta Pi, P.T.A. and the Alpha Club. Pat has held various offices in these organizations and was chairman of the UCM Continuation Committee at APSC this year. Also Pat's name can be found consistently on the Dean's List.

Approximately 35 staff members and guests enjoyed the dinner and the program following which included a preview of the 1956 Farewell and Hall and presentation of awards to staff members by Mr. Walters, dedication of the annual to Dr. Haskell Phillips by the editor, Ann Ussery, and entertainment by Raoul Johnson and J. D. Caldwell.

Staff members receiving keys for their first year's work on the staff were: Peggy Berry, freshman class editor; Claudette Sanders, sophomore class editor; Louise Glover, junior class editor; Robert Bradley, faculty editor; James Coulson, business manager; A. D. Caldwell, artist; Raoul Johnson, snapshot editor; Buford Moran, sports editor; Bob Patton, assistant editor; Ruby Shoemaker, assistant feature editor; Marjorie Seale, typist; Evelyn Stages, typist and James Spencer, Photographer. Other staff members are Billy Heaton, co-sports editor; Pat Hank, artist; Tom Hurt, senior class editor; Sara Beth Tippitt, club editor; Fran Miller, assistant snapshot editor and Corle Sanders, feature editor.

Special guests present were Mr. and Mrs. Halbert Harvill, Mr. and Mrs. M. P. Woodward, Mr. and Mrs. M. P. Bowman, Mr. and Mrs. L. J. Dancy, Miss Mabel Mescham, Mr. and Mrs. Haskell Phillips, Mr. and Mrs. R. C. Shaheen and Mr. and Mrs. Charles Waters.

### New Equipment For Two Departments

New equipment has been added to two departments on the campus.

The Music Department has recently added a tape recorder and the English department has acquired a hi-fi record player.

The tape recorder is a Bell-Howell Special II has two speeds and four speakers—two six inch and two four inch speakers. The recorder will be used to help the choir and the band hear what they sound like and to help to show them ways to improve themselves. An RCA Victor hi-fi record set is now being used in English classes. The photograph is portable and plays all three speeds. It is automatic or manual. An added feature is the fact that it has a diamond tip needle. The player has three speakers and controls for volume, treble and bass sounds.

### Second AP Film To Be Completed By Fall Quarter

"This Is Your College," "Number 2" is hoped to be completed by the end of the summer quarter. Nearly all of the photography is completed. The script will be begun as soon as the filming and splicing have been done. Dr. Haskell Phillips is doing the photography; Charles Walters is writing the script and W. F. Hunt is the narrator.

The film will open with a helicopter view of the campus. Then will come a flash back to the beginning—the pioneer days when the settlers came across the mountain. The film will bring the college up to present day and show each department at work.

### Civitan Club Award For Citizenship Given To Grizzard

Tommy Grizzard has been awarded the Civitan Freshman Citizenship Award.

Tommy is the son of Mr. and Mrs. Kenneth Grizzard of Clarksville. He was presented the award in assembly, May 23 by Dorris Taylor, president of the Civitan Club. Awarded on the basis of unselfish devotion to the advancement of best interests of the school and its student, the honor has been reserved to men of the freshmen class. The faculty of the College nominated persons to be selected and the Award Committee selected the final one.

Grizzard is the 1956-57 Sophomore Class President and has recently been made business manager of the ALL STATE.

### AP Student Council Has Annual Banquet At Richview May 24

The Student Council held its annual banquet at Richview Thursday, May 24 at 7 p.m.

Dr. Leo Weeks, faculty sponsor for the council, delivered the invocation. After dinner, Bill Gosssett welcomed those members and guest present and expressed his appreciation to the 56-57 council for their help and advice concerning governmental matters.

Rodney Eyles, incoming president, was introduced by Bill Gosssett, who in turn presented the remaining executive officers of the Student Council for 1956-57. These are Paul Smith, newly elected vice-president, and Kate Ann Murphy, secretary. The 56-57 officers are: President, Ray Thompson; secretary, treasurer, Lewis Martin; editor, Virgil Hill, senior; Louise Glover, junior; Kate Ann Murphy, junior; Jimmy Cotham, sophomore; Brenda Moore, sophomore; Lydia Crockett, sophomore; Tommy Grizzard, freshman; Betty Rye Leech, House council president; Bobby Way, House council president.

The Council presented Dr. Weeks with a brief case as a token of their appreciation for his help and guidance he has so willingly given during the year.

### Oates, Nyaradi Address Class of 1956

DR. OATES

DR. NYARADI

Dr. Nicholas Nyaradi and Dr. Wayne Oates will be the two speakers for the commencement exercises at Austin Peay State College. Dr. Nyaradi, who will deliver the class address, Friday, June 1, 10:30 a.m. in Memorial Gymnasium, is chairman of the department of economics at Bradley University.

He was born in Hungary and was one of the leaders of the democratic Farmers Party there and represented his party for almost four years; first under Secretary of the Treasury, then as Minister of Finance in the Hungarian cabinet.

Since coming to this country Dr. Nyaradi has been active in article and book writing concerning the threat of Soviet imperialism and communist infiltration.

In his series of articles for the Scripps-Howard newspapers he depicted the forthcoming communist aggression in Korea, and in his book he gave a prophetic description of the events to be expected after Stalin's death, a prophecy which proved to be accurate in practically every detail more than a year later when Stalin died.

In his first article, July 2, 1949, in the Saturday Evening Post, he told the American people bluntly that the Soviets have the Atom bomb—several months before the official announcement was made.

### Morrison, Heaton Win Scholarships For Graduate Study

Mary Morrison and Billy Heaton, graduating seniors, have both been awarded scholarships for graduate work. Kappa Delta Pi announces that it is offering a graduating scholarship to Austin Peay.

Mary Morrison, daughter of Mr. and Mrs. W. G. Morrison of Waynesboro, has been awarded a scholarship to summer school to New York University, Chautauque Branch of the International Order of the Broom.

Three other girls from Tennessee received a similar honor. Miss Morrison is an Home Economics major and an English minor.

She will teach next fall at Guthrie High School. She holds membership on the campus in BSU, Omega Club, and the Home Ec Club.

Billy Heaton, son of Mrs. Lela Heaton of Clarksville, has been awarded a graduate assistantship in accounting to the University of Tennessee. It will begin the fall semester.

In making his seven months stay in Moscow, Dr. Nyaradi had frequent contacts with some of the official Russian leaders.

Dr. Nyaradi has been a radio, television and platform speaker from coast to coast. Henry Ford II in his capacity of chairman of the American Heritage Foundation has presented Dr. Nyaradi a Citation for the work he had done on behalf of the Crusade For Freedom and Radio Free Europe.

Dr. Wayne E. Oates, Southern Baptist Theological Seminary will deliver the Baccalaureate address for the commencement exercises, Sunday afternoon, May 31 at 2:30.

The sermon will be held in Memorial Gymnasium. Following the sermon, the college faculty will be host at a garden party for the graduates and their guests. The party will be held in the Holly Bowl on the east campus.

Dr. Oates, the Baccalaureate speaker, has been professor of psychology of religion in the Baptist Theological Seminary in Louisville since 1935. He was born in Greenville, South Carolina and attended Marquette College and Duke Divinity School. He received his B. D., Th.M., and Th.D. degrees from Southern Baptist Theological Seminary.

Dr. Oates has held pastorates in Burns, North Carolina, Union City, Ky., and Louisville. He has served as chaplain of Kentucky Baptist Convention, Louisville, and Kentucky State Hospital, Danville.

Dr. Oates taught at Wake Forest College before he joined the faculty of Southern Baptist Theological Seminary as instructor in clinical pastoral training and psychology of religion in 1941. Since that time he has served as assistant professor, associate professor and professor of psychology of religion at the Seminary.

Dr. Oates is the author of a number of books and articles on religion.

At Sunday's Baccalaureate Service, the Rev. T. W. Mayhew, pastor of Madison Street Methodist Church, will give the invocation and benediction. The Austin Peay State College choir will furnish music and will feature a setting of Psalm 42 by William J. Hurt, one of the choir directors. Dr. Charles G. Gary will also serve as choir director, and Ralph Eirkson will serve as organist.

The Baccalaureate Sermon will mark the beginning of commencement week at Austin Peay. On Thursday evening at 8 o'clock the annual Farewell and Hall candlelight service will be held in the college bowl. It will be followed by a reception and the annual Aloha Ball.

Diplomas will be awarded Friday, June 1, at 4 o'clock in Memorial Gymnasium.

### Perkins and Miller Offer Scholarship

A freshman girl will be attending Austin Peay State College next year on a Perkins and Miller Home Economics scholarship of \$150.00, according to Mrs. Doris Milton, head of the Department of Home Economics at Austin Peay. The scholarship is offered to the student who shows the best of scholarship, need and interest in home economics as a profession.

There is a critical need for graduates in home economics though more than 5000 colleges in the United States offer degrees. Unlimited opportunities are available for home economists in business and industry, in food service, laboratories for testing home equipment, radio, television, advertising, consultant service in planning and decoration.

There is a growing demand for home demonstration agents, home management supervisors, nursery school directors, and home economists in social service and social welfare work. Attractive salaries for these and many other lucrative positions entice teachers from high schools and colleges to such an extent that the demand for home economics teachers is significant.

Austin Peay State College offers three choices for preparation for a career in home economics. At the end of two years students may transfer to the college of home economics at the University of Tennessee if they wish to specialize in a particular subject. Austin Peay graduates in the field of home economics may choose a major in general studies, a major in education and thus earn a Bachelor of Science Degree or a Bachelor of Science in Education.

## Rushing Rubye

RUBY SHOEMAKER

Mary Dudley McClendon

Ruby Shoemaker - the girl who is always in a hurry. Rubye is only a sophomore and she stays at Austin Peay for two or three years and continues to work hard as she has done these past months. She is gonna be mighty big, but APWC will be that much her off.

Her biggest job this year has been that of serving as president to the English Club. I have been safe in saying that the English Club has accomplished her job under her direction than ever before. In the past they had secured each spring, the publication of the anthology which was a masterpiece of book production. The Tower came out last week and its readers are enjoying the product of her labors. She had a hard working editorial staff and her committee to help her, but was Rubye who kept them all going and did quite a lot of the work with them.

The anthology last that the English Club gave last week for Dr.

Grise was also Rubye's idea, and she did most of the work preparing for it.

Some of the best stories that have appeared in the All State this year have been written by her. She's such a good newspaperwoman that she can interview people without ever taking a note, and the story she later writes is complete and interesting.

Her literary work continued with the duties of being assistant feature editor of the Farewell and Hall this year.

She is a member of the Alpha Club and has served as their secretary. She also belongs to the Westlans and the President Club. Rubye rushes through all sort of work like what's just been mentioned, does it well and still has time to do quite a lot of studying, or else she's just a brain, because she is a Dean's List student, as of last quarter when she piled up a straight A record.

She came to AP from Cedar Hill, Tennessee. She is the daughter of Mr. and Mrs. L. J. Shoemaker. Her major is English (now that makes sense), and her minor is history. Her plans for a future career are that of teaching in high school.

Don't think that she's going to be reading all summer recuperating from this past year, for she won't. Just this week she received a notice that her application had been accepted and she was appointed to work as a Case Aid at the Welfare Department in Springfield through the summer months. She's been doing secretarial work for Mr. Waters we know he'll be a grade letting the state have her services for a few months.

You already know Rubye and her capabilities, but maybe seeing all this in print will help you understand why her pet peeve would be, people who don't work.

## "Life With Hezzie" By George Grise Termed Hilarious

Robert Bradley

"Life With Hezzie" by Dr. George Grise is his first in what one can hope will be a long line of books.

"Hezzie" is a funny book. It is not often that I laugh aloud while reading. But many times I found myself laughing loudly. If someone had walked in, they would have surely thought me a fool.

In a nutshell the book is about Dr. Grise and his wife buying a truck 12 years old and the adventures that follow.

That doesn't begin to tell the story. Here is the description of Hezzie, "what we got was Hezzie, a personality remarkably well preserved for her years. On her age showed a little in her cracked windshield, in the hole your foot almost slipped through in the floorboards and in the fact that her rear door was missing. But for a 1935 panel truck she wasn't too bad." So began the wild adventures.

The truck was bought in Georgia at Mrs. Grise's home, Augusta, and soon after they journeyed back to Kentucky to Dr. Grise's home. With Hezzie they traveled into the back country of Kentucky. There, they bought a two-acre country "estate" for \$3 dollars.

Many of the next chapters tell of the trips that Dr. Grise and the Coon Ridge with Hezzie. The chapters have humorous titles: "A Bed Is Not a Bed," "A Deserted Road Undescribed," "The Grises build a log cabin on their two acres. He must be an accomplished woodman, and his wife must be a brave creature. Heaven forbid, my ever attempting to build such a house." Hezzie's final long trip was made to Georgia - her birthplace. Hezzie was overhauled and off they started. A description of Nashville streets is perfect: "If the road to Nashville seemed rough, the streets of the Athens of the South were worse than anything Hezzie had ever experienced in or out of the Coon Ridge. There is no telling how many nails and screws she shook out and left behind on those brick streets."

That fall they moved to Nashville where Dr. Grise was to teach and to go to school. It was decided to sell Hezzie and buy a new station wagon.

"The other day I pulled out of a parking place up on Church Street and suddenly jammed on the brakes as Marian screamed to me to look out. 'Just as our new car came to a stop, a black phantom swished past barely missing our front bumper, and that phantom was Hezzie, going at least fifty mile an hour, her back door gone once more, her rear showing even more clearly, and her bed piled high with groceries, but unmistakably our old love.'"

The main criticism leveled at the book must be at vocabulary trouble. Dr. Grise writes along in an attempt to be folksy, then he suddenly throws in "two-bit" words which destroys all that has gone before.

He often falls into a folksy rhetorical redundancy. In speaking many such things creep in, but in writing they are not needed - there remained left only some rye bread!" is the use of let? If it remained, it was left.

All in all the book is enjoyable and worth reading.

## CYCLOPS SEZ.

This is the last statement Cyclops will make this year; the any law suits on or before June 1, so they will be considered null and void.

People ought to be getting plenty to eat now with all the banquets that are being held. Those people deserve to get a good meal after all they have worked all year for these organizations. If you want to be sure you must work for it.

The ALL STATE had their banquet at Montgomery Bell Inn and FAREWELL AND HALL had theirs at Ruckliffe last week. The Club and Student Council banquets were this week.

Harold Hall girls had their annual picnic at Dunbar Olive in spite of the cold weather. I haven't heard of a pneumonia case yet. Have you?

Kitty Dorch and Bobby Way have set their wedding date for June 1, the afternoon of graduation. Sissy Stone and Tate Rodgers will tie the knot the next afternoon.

Don Stone just what is so interesting at the girls' dorm? Jean Chestnut, huh?

The A.P. Band gave a concert and the Governors presented their routine at the Air Base last Sunday for Armed Forces Day.

The Kampus Kids which some of you remember "in the old days" have reorganized and with new sounds and techniques. Will they be playing at the Aloha Ball? There has been a very interest-

ing couple at two of the parties this spring. A radio announcer for WDDX and the society editor for the Clarksville Leaf-Chronicle. To be specific Mary D. McClendon and Con Alsop.

Cyclops has been hearing a lot about these "lake" parties this spring. Oh, I know you just go to the lake to water ski and fish. Notice: Anyone wanting a car washed see Pat Hunt and Jane Longmire. That Jane is the best hose-holder you have ever seen. Right Pat.

Say, Dean Bowman: Do boys get 3 hours credit for going steady with your daughter? How about it drummer boy?

Announcement: Laura Lee Barnes has become Mrs. Chuck Woodall. Announcement P.S.: Juanita

Jones is engaged to Don Winters. Loraine Gilliam is spending entirely too much time in the student room lately. Why? Hodge Jumbo works down there.

Attention - No phone calls can be made to second floor girls dorm after 11 o'clock. . . the phones are locked up, wonder who has the key?

There is another thing Cyclops would like to know, what is Juanita Walker's name doing on the boys dorm room list for the fall quarter.

Let this Cyclops says farewell and hail to all who are mentioned in this column next year.

## Girls Walked A Mile From J. Paul Sheedy\* Till Wildroot Cream-Oil Gave Him Confidence

"Buss anything tonight honey?" Shedy asked his little desert flower. "Get lost!" she shrieked. "Your hair's too shaggy, Shedy. Confidently it's spiffy!" Well, this was really insulting. So J. Paul got some Wildroot Cream-Oil. Now he's the picture of confidence because he keeps his hair looking handsome and healthy the way Nature intended. . . neat but not greasy. Tate Shedy's advice. If you want to be popular, get a bottle or tube of Wildroot Cream-Oil. Nomad-der if your hair is straight or curly, thick or thin, a few drops of Wildroot Cream-Oil every morning will keep you looking your best. You'll agree Wildroot really keeps Sahara in place all day long.

## APSC Joy Award Winner Named

Dickie Sullivan

Al Tate Rogers was selected as the 1956 Joy Award winner at the All-Sport Banquet, Wednesday night.

This award is given annually to the outstanding Governor football player.

Al came to Austin Peay at the beginning of his junior year. His previous two years were spent wearing Orange and White of U.T. Junior College of Martin, Tennessee.

Al, a halfback, reached the height of his football career during the past season. He was a principle ground gainer and a defensive ace. Al Rogers' athletic ability has not been limited to football. For the last two seasons he has been one of the leading scorers of the young Governor track team. As a reward for the performance he gave his first year, Al was selected as this season's track captain. During his winter months Al stayed in training by fighting in the middleweight division of the Golden Gloves. He has journeyed to the Southern finals, which are held in Memphis, for the last two years. Malcolm Moore was selected as

## Seniors Capture Volleyball Tourney

The volleyball tournament for the Austin Peay Co-eds which the P.E. Majors club sponsored, under the direction of mfr. Jean Jacobs, director of the Women's Department of Physical Education was completed Thursday, May 17 with the Seniors defeating the Sophomores 43 to 21.

The Senior team was composed of the following: Hilda Richardson, Kitty Dorich, Jean Chastnut, Nina Marable, Dot Collier and Emma Jean Caroland. Hilda Richardson was the outstanding player of the Senior team.

The Sophomore team consisted of Dot Miller, Ruth Young, Frances Vaughn, Pat Fulton, Janell Crain, Kathleen Ferrell, Dot Floyd and Sandra Vick. Dot Miller was outstanding in serving for the Sophomore team.

The team captains were: Glynnda Clement and Jewel Moody, Freshman; Sandra Vick and Dot Miller, Sophomore; Nadine Gearns and Jean Pore, Juniors; and Hilda Richardson and Ellytte Richardson, Seniors.

The teams are ranked in the following order: Seniors, Sophomores, Juniors, and Freshmen respectively. The even team composed of the Seniors and Sophomores are the winners for the year, defeating the team composed of Juniors and Freshmen.

captain for the Gov's football squad for coming season. "Moore" is a tackle from Scherer, Tenn. Howard Hawkins will be the alternate captain.

Tom Morgan, the twenty-point producer of the basketball team, was selected to head the hardwood hopefuls this coming winter. The Governor's flashy guard, Ken Gerale, was selected as his alternate.

Morgan was also selected to lead the baseball team next spring. This year he played firstbase, pitched and was a leading hitter.

## Only My Opinion

BY TOM SCOOP CREWS

The baseball game against Murray State on May 12 climaxed another year of athletics here at Austin Peay.

The success of the basketball team and baseball nine were the highlights of the varsity season.

The AP hoopers finished second in the Volunteer State Athletic Conference and participated in the NAIA tryouts.

The baseball team, which more recently has been a standard, finished second in the VSOA. The Gove won the Western Division championship, but were defeated by L.M.U. in the playoff.

The APSC football team, which got a slow start, almost salvaged the season by winning their last two games. The biggest win was over Arkansas State, one of the South's strongest small college powers. Each year the Governor football schedule gets tougher and tougher. Two new teams have been added for the coming season, they are Memphis State and Arkansas Tech. Memphis State list some of the best teams in the southeastern conference on their schedule.

The Gove will have 22 lettermen returning for next season. Such stars as Al Corso, Joe Neal Griss-
