

Pollard Praises Berlin Air-Lift

The Berlin air lift, however expensive, is worth its cost, is the observation of Hugh M. Pollard who has just arrived here from Berlin to join the faculty of Austin Peay State College.

Local Attorney Gives Talk on Citizen Voting

J. Thomas Traugher, Clarksville attorney, was the guest speaker on the assembly program at Austin Peay State College January 19. Mr. Traugher spoke on the responsibilities of a citizen to his government.

Confusing his remarks to the exercise of the political franchise, the speaker declared, "The greatest right we have is the right to vote. All other rights are predicated on the exercise of the franchise." Unfortunately far too many citizens grow indifferent to this right, he continued. As a result the state and nation suffer because of poor officials, poor laws, and bad administration. Mr. Traugher pointed out that in the last presidential election only one tenth of the population of Montgomery County voted. To remedy this situation the speaker suggested the removal of the restrictions from voting.

Tracing the history of the right to vote, he showed how the sacred privilege was won through blood and suffering from the time of the Magna Carta to the signing of the American constitution. He pointed out that jury duty, serving on election commissions, and military service are all a part of the individual's duty to the state. "You must realize your responsibility, and inform yourself of your duties," he told the students.

After explaining the state's election laws and their operation, Mr. Traugher turned his discussion into a forum and answered various questions submitted by the students and faculty.

Ventriloquist To Perform Monday

An unusual act will be presented at a special chapel program called Monday January 31. "Doc Dougherty's Talking Dolls" will be billed definitely as laugh entertainment. The ventriloquist uses puppets, marionettes, and dolls in his informative and entertaining programs.

Mr. Dougherty has become one of the outstanding ventriloquists in the school assembly field. His work has drawn high praises from schools where he has appeared. "Doc Dougherty's Talking Dolls" have been called both educational and wholesome entertainment.

The public is cordially invited. No admission will be charged.

Science Building Completed Soon

The Arts and Science Building should be completed by the last of this month or the first of February," stated President Halbert H. Harvill in a recent interview.

"Classes will not begin in the new building until it has been completed," continued President Harvill, "however, it will probably be as late as May or June before all the equipment for the science department is installed," he added.

Bennett Elected Beta Soc.-Treas.

The Beta Club met Monday evening, January 10, at Mary Harned Hall and elected Lorine Bennett Secretary-Treasurer to fill the unexpired term of Mary Elizabeth Marable, who did not return for the new quarter.

The club voted to give a square dance at Cunningham Lake Lodge January 25. Alpha and Omega, the two other dormitory clubs, were invited to attend the social event and each club member will be allowed to bring one guest.

Eighteen Students Make Dean's List

Eighteen students at Austin Peay State College qualified for the college honor roll, the Dean's List, for the Fall quarter. Dean M. P. Bowman announced recently. To be eligible for this distinction a student must have earned during the quarter at least fifteen quarter hours credit and must have made at least four A's with no grade lower than B, the Dean explained.

Of the number listed seven are from Montgomery County. They are Billy Baker, Floyd Brown, Nancy Dowlen, and Leslie Gower, Clarksville; Raymond Leslie, Southside; Carolyn Bryant, Charles Waters, Hickory Point.

Other students include Maxie Ray Armistead, Indian Mound; William D. Beasley, Stewart; Jean Cherry, Erie; Aurelia Corbitt, Bruce Corbitt, Denver, Tennessee; Charty Green, Maryville; Joe Jackson, Cumberland Furnace, Monroe, Pendergast, Bon Aqua; Jane Reams, Sherry McMurry, Guthrie, Kentucky; and James T. Stack, Cedar Hill.

William D. Beasley and Charles Waters also completed requirements for the Bachelor of Science degree at the end of the Fall quarter, the Dean added.

Home Economics Club Lays Plans

The Home Economics Club met Jan. 10 in Miss Park's room in the Mrs. Harned Hall, the meeting was called to order by Ann Tidwell, club president, and minutes were read by the secretary, twelve members were present.

A report was given on the basket which was sent to the Montgomery County Poor House during Christmas. Also, serious discussions were planned by the club for future meetings including date-behavior, sex, hair styling, and the future of professional home economics.

Future plans were made to make a braided rug and a patch work quilt; also, suggestions were discussed to arrange for a speaker at the next meeting.

The next meeting will be held on January 25.

Waters Joins All-State As New Sponsor

Mr. Waters

Charles M. Waters, director of public relations and instructor of journalism, joins Dean P. G. Woodward as faculty sponsor of the All-state and replaces Fred W. Wolf. A graduate of Austin Peay State College, Mr. Waters completed requirements for the bachelor's degree with a major in social studies at the end of the fall quarter.

A native of Hickory Point, Tenn., he graduated from Clarksville High School in 1940. He served in the Army of the United States during World War II. While in college, Mr. Waters served as editor-in-chief of the All-State for four years, 1945-1948 and as feature editor during the fall quarter, 1948. His name appeared on the Dean's List every quarter while he was in college and twice he was elected to be listed in Who's Who Among Students in American Colleges and Universities. In addition he was a high-ranking student on the Graduate Record Examinations conducted in the spring of 1948.

Bennett Chosen Queen of Hearts

Miss Lorine Bennett of Crossville was chosen Queen of Hearts by the girls of the dormitory clubs at Austin Peay State College in an election held Monday, January 18. Bill Pless of Tullahoma was chosen by the same group as King of Hearts. Miss Bennett and Mr. Pless will be officially crowned by President Halbert Harvill at the annual Valentine dance which is scheduled under the tentative date of February 14, at Harned Hall.

Misses Margaret Sexton and Jean Bratton were chosen as attendants to the Queen of Hearts. The King and Queen of Hearts and attendants are chosen each year by the girls from the Alpha, Beta, and Omega clubs, each nominating a candidate. Candidates are restricted to those girls residing in the dormitory since being chosen Queen of Hearts is the one honor at the college limited to on-campus students. Selection for this honor is based upon the student's popularity, personality, and participation in campus activities.

Miss Bennett is the daughter of Mrs. Dorothy Bennett, Route 2, Crossville. She is a sophomore, is majoring in English, and is a member of the Beta Club. Margaret Sexton is the daughter of Mr. and Mrs. E. E. Sexton of Dover, and is a member of the Omega Club. She Continued On Page Four

Eight Students Listed As Fall Quarter Grads

Eight students from Austin Peay State College completed the requirements for the Bachelor of Science degree at the end of the Fall quarter just terminated, Dean-Registrar M. P. Bowman announced. The degrees will be formally conferred upon these students at the Commencement exercises which will be held May 27, the dean pointed out.

Those completing the requirements for the B. S. degree in Elementary or Secondary Education are William S. Barrett, Antioch, Tennessee; William A. Davenport, Beasley, Stewart, Tennessee; Harlan A. Beasley, Stewart, Tennessee; Melvina Rodgers Koban, Clarksville, Tennessee; Raydon Dover, Tennessee; William Leon Sanders, Denver, Tennessee; and James R. Sloggers, Clarksville, Tennessee. Charles M. Waters, Hickory Point, Tennessee, completed the requirements for the B. S. degree in Arts and Sciences.

IF THE SHOE FITS . . .

The somewhat inconsistent system of grading at Austin Peay State College continues to baffle many students this year. The 1948-1949 APSC Bulletin plainly states that at the end of each quarter, or at the end of six week's term for students registering for such term, the quality of work students is graded by the instructor. The grades are indicated by letters, a five-point system being used. The following interpretation is placed upon the grading system:

GRADE	INTERPRETATIONS	QUALITY CREDITS
A—(90-100)	Excellent	3
B—(80-90)	Good	2
C—(70-80)	Average	1
D—(60-70)	Inferior	0
F—(below 60)	Failure	0
NG	Incomplete	0
	No Grade	0

Nevertheless, how many students have completed a course with an average over 90 only to receive a "B", or how many students have struggled to hurdle the 80-mark, finally succeed, then receive a "C" for their efforts; or, list but not least, how about those students who have fought to keep their noses above water by obtaining a respectable "C" but end up with a "D" or "F" due to a curve system which pushes the borderline students down a notch?

Of course, some teachers grade high and some teachers grade low, that is to be expected on subjective tests; but on objective tests the student is right or wrong, and according to the school bulletin 91 is an "A", 81 is a "B", and 71 is a "C". And when a student makes a 91, 81 or 71 that student expects, and rightly so, to receive the grade that the APSC Bulletin states that he is entitled to receive. It is rather difficult for the students to explain the situation to their parents, for the students, as a rule, do not understand it themselves.

Not that any criticism is aimed at the system of grading by a curve. We do not mean that at all, for undoubtedly, the curve system in its merits or it would not be used and advocated by so many educational authorities. The main complaint of the APSC students is: the lack of uniformity in grading by various teachers at this institution of higher learning. While many of our teachers do adhere to the prescribed system of grading as stated in the school bulletin, there are not a few who don't. For example, one student complained that in one of his classes an 83 was an "A" while in another class the same grade garnered only a "C" and in still another class an 83 was a "B". Needless to say, this situation was very confusing to that student, and the reason is obvious.

Once again we will convey the pleas of many students. How about a uniform system of grading for a change? Either follow the system as outlined in the bulletin or switch over to the curve system. The students would appreciate a bit of cooperation regarding this matter on the part of the teachers and the school administration.

Oslo U. To Hold Summer Classes

The University of Oslo has announced that it will again hold special summer classes for American students from June 27 to August 6. Official headquarters in America for the Oslo session has been established at St. Olaf College, Northfield, Minnesota, where catalogs and applications may be secured.

The courses which will be conducted in English cover the sciences, humanities, and the general survey of Norwegian culture. A maximum of 6 credits may be taken in the six weeks course and in most cases the credits are transferable.

Approximate expense for the six weeks at the University is estimated to be about \$300 and transportation last year on the "S. S. Maine" came to \$220 to \$400 for the round trip.

This is the third year that such a course for Americans has been offered. An American Dean of Students, Norman Norstrand of St. Olaf College, Northfield, Minn., has accompanied the students each year. The rest of the administration is headed by Dr. Otto L. Mohr, Rector of the University of Oslo. The director of the Polar Institute in Oslo; and Dr. Philip Bowman, Association, Oslo.

Requirements for admission are dependent on a good academic record, seriousness of applicant's purpose, qualities likely to make the student a good representative of the United States abroad, good health, and geographical distribution of applicants. An applicant must have completed his sophomore year, by the summer of 1949.

The University of Oslo guarantees the educational standards of its courses and it is one of the European schools which has been approved by the Veterans Administration.

Elementary Teachers Shortage Still Acute, States Wichita Dean

Wichita, Kans. (IP)—"The shortage of elementary school teachers is still acute; however, the demand for teachers at the high school level is rapidly being overcome in many fields."

This viewpoint was outlined recently by Leslie B. Sipple, dean of the College of Education, University of Wichita, in surveying the employment prospects in the field of education. His statement was based upon the report of the 1948 National Teacher Supply and Demand Study conducted by Dr. Ray C. Maul, dean of the State Teachers College at Emporia, Kans. "The elementary situation is no less desperate in Kansas," according to Dr. Maul's report. The colleges of education are preparing to supply 350 educators for approximately 1,000 anticipated vacancies at the elementary level in 1949, the survey points out.

But at the high school level, the situation is different. The state's colleges are training some 600 potential teachers to fill an expected 75 high school openings. The secondary school overflow was mostly in the fields of art, foreign languages, home economics, music, men's physical education, and the social sciences, with the latter heading the list, according to Dr. Maul's report.

College Football Is Big Business

Philadelphia, Pa. (IP)—Intercollegiate football has been taken away from college men, and the spirit of the game kidnapped from the players as a sacrifice to money and box-office success. Dr. William S. Carlson, president of the University of Maryland, recently told the Middle Atlantic States Collegiate Athletic Conference at its 27th annual meeting in this city.

Both football and the colleges themselves, with endowments, assets and budgets in the billions are "big business." Dr. Carlson contended. Nevertheless, he said, any respected college has a reputation and a tradition of disinterested service to maintain. This, he added, must apply even to the entertainment which colleges retail in the form of football.

"Because we cut our business from within ivy-covered walls rather than canvas tents, and because I like to think our colleges have a little more to offer to than even Billy Rose does, I believe that it is incumbent upon us to maintain certain standards that other merchants of entertainment don't have," said Dr. Carlson.

Intercollegiate football is aping the professional game in increased degree, as evidenced by the unlimited substitution rule, he contended. The latter, he said, is a symptom of the removal of college football from "the college men whose broad backs are supporting the whole show."

Citing the "battery of coaches and other experts" called into use for a college football game, Dr. Carlson demanded: "What kind of game is that? Must we mobilize such huge forces before we can permit a couple of dozen supposedly healthy and intelligent youths to play a game?"

College administrators must share responsibility for football's present state, Dr. Carlson said. "At any one of many points along the way," he said, "concerted action by the presidents could have made possible a game less a problem child than it is today. I think all of us are in this up to our necks . . ."

The tale and the irony of fate ball are going to cause unhappy times for the presidents and the colleges themselves.

Question of the Week

By MARTIN KEEL

What in your opinion, was the most outstanding event of the past year, 1948?

"Speaking as a Democrat, I naturally consider the election of Harry S. Truman to the highest office of the land as the most important event of 1948—certainly it was the most surprising."

Evelyn McCraw

"The most important thing to us here at A. P. S. C. was the new expansion program which got underway in 1948. The new completion of the Science Classroom and Administration Buildings will be an outstanding event of 1949."

J. Richard Alsop

"One of the most outstanding, as well as confusing events of the past year was the result of the November, 1948 elections which ran contrary to the predictions of public opinion polls and individuals supposedly in the know."

Rose Macdon

"In my opinion, the most important event in 1948—important to the people of Tennessee, to say the least—was the sound defeat of the most ignominious forces of political reaction, the Crump Machine."

James R. Bailey

"Certainly the most outstanding event of the year was the election of Harry S. Truman to the presidency of the United States."

Patricia Thompson

"One of the most outstanding events of the past year was the assassination of Mohandas K. Gandhi, spiritual leader of more than, ninety million Indians and one of the world's greatest humanitarians. His death led to an increase in tension and civil strife among four hundred million people, something the rest of the world watches with no little apprehension."

Sully's Slants

PAUL SULLIVAN

At the last meeting of the Student Council, it was decided to sponsor an Intra-Mural program. Much enthusiasm has been shown so far as basketball teams are now being formed. Able, affable, Louie "The Toe" Catignani, Senior Student Representative, is setting up the basketball program. Teams are being formed and games scheduled. So far Louie has had a number of teams from Robb Hall, Calvin Hall, Married men of Campus (wives permitting) and a number of rival territory will probably be whipped up. The Intra-Mural program will for no means be confined to basketball. Tournaments for practical

every campus activity, are being discussed. A ping pong and checker tournament are in the offing and contests such as a dance marathon could be arranged if the students showed sufficient interest. (I believe the council has ruled against flagpole sitting and gold fish eating.)

BOWLING

Mr. Carl Rosser, manager of the New Providence bowling alley, has announced that he will set aside Saturday nights as "Austin Peay Night" in the future. The girls will get to bowl free. They're only charging the men. (Same old story, eh, men). So all you guys and gals who are looking for a night of good, clean entertainment can find it at the New Providence Bowling Alley.

Union Edges

APSC, 50-49

The Austin Peay State cagers failed to break into the win column when they traveled to Jackson, Tennessee last December 14, and dropped their second straight game of the season to the Union University by a count of 50-49. The Governors were behind 20-19 at the half time, but knotted the count at the last half and forged ahead 46-46 with two minutes to go, but couldn't hold the lead. Jack Butler was fouled as the game ended, but missed the scoring free throw.

Austin Peay Wins

From ETSC, 54-51

The Governors journeyed to Johnson City on January 8 to hand the East Tennessee State College quints their first loss out of seven starts by defeating the ETSC Buccaneers to the tune of 54-51.

APSC grabbed the lead during the second half and made it hold up under terrific final minute play.

The AP quintet managed to stay ahead all of the second half with the exception of one time when the Bugs had the visitors tied 46-46.

Swope was high point man for the Governors with 14 points to his credit followed by Aaron with 11.

LMU Tops APSC

The Governors journeyed to Harrogate, Tennessee, January 6, and absorbed a 69-51 pasting from the hustling Lincoln Memorial University five, a conference foe.

The scoring parade for the two teams was led by LMU's McCarter, with 16 points and Austin Peay's Bob Swope, who tossed in 13 counters.

Lipscomb Beats Governors, 79-69

David Lipscomb's basketball five, led by Harry Mosepenny, defeated the APSC Governors at the Clarksville High School Gym, January 12, by the score of 79-69. During the first half the Lipscomb team completely dominated the play and only for a short period in the third quarter did the local boys get their machine operating smoothly.

Mosepenny, brilliant center of the Herd, scored 24 points and was ably assisted by Jennings Davis, who scored 18, and tiny George McIntosh, who accounted for 19 points. For the Governors, James "Box" Stone was high man with 19 points and was followed by George Flister with a total of 12 points.

MEE-OW! MEE-OW!

Brenda and Colina

"A Little Bird Told Us" is heard constantly in the student room. This same little bird has been telling us quite a few things.

He was pleased to relate that the affair between "Rock" and Jane is now a "taken for granted" romance. A smile came over this little bird's countenance as he chirped the wonderful, but surprising news of the many new campus romances, namely, Leon Garrett, Judy Orizandi; Martha Hayes, Bud Harkness; Carl Warfield, L. E. Oakley; and Betty Jo Buan and Hester Bell.

Also, others seem to be moving very smoothly for Betty Ruth Anderson and Cecelia Briggs these days. Our little friend was most happy as we all are, to have Jackie Paine back with us once again. What say "Cruisers"?

Billy B.-netted seems to be very attracted to Catherine. Betty Parker and J. L. Jones are still going strong.

Tommy Jean Owen has an objection for no hair! Who told it to be? Speaking of Tomatoes, what is this between Tommy Askew and Jane Benson?

Frances Bradley still feels "that way" about Lewis Thorne.

We can't understand, though our little bird friend tell us it's Beverly, why Paul Aaron does not have more girl friends.

There are always break ups in love affairs as there are beginnings. Rose Mason seems to have found a new lover, namely, Bill Abel. Palmer Henry and Lena Norris seem in love, except when he's reading; his "love letters" from we don't know whom.

While on the subject of new affairs, that of Mary Mann and Bob Swope seems to be blossoming readily.

Love wouldn't be love without the same old involved triangle. This time it's Ann, "Bottle," and Pendley. One night it's "Bottle," next night it's Pendley, Pendley, "Bottle," oh, please tell us, Ann, who it is?

What have Nell Ross, Marianne Anderson and Helena Rubenstein got in common?

Brandon B. is anxiously awaiting the arrival of his girl friend from Louisville. We understand, at last,

why no A. P. S. C. girls are able to rate with him.

Hendrix Fox has us even more confused than our triangle. He has a whole string for us to figure it out. Tella Carter, Barbara Prady, Sara Mowser and Evelyn Bell are the loves of his life, but he just can't make up his mind!

Charity Green and Henry Pickering are back "studying" again. They can be found reading Shakespeare every night in the Girl's Dormitory. Speaking of "studying," did you know that Leslie Cowley is "studying" medicine now? He may be found any day or night "studying" with a certain blonde nurse.

The latest news the little bird had to relate to us was the approaching marriage of Jay Bird Morrison and Louise Hewitt. Congratulations!

Mary Keel and Joan Cherry, Jackie Miles and Jackie Rubel are still in love. Isn't love grand????

We would appreciate any clues leading to the puzzling question of why Jimmy Drey and Dick Baison prefer pigging to girls?

Oh, yes, girls, we have two new boys to add to our eligible bachelor list. They are Donald Cunningham and Jimmy Bailey.

Speaking of bachelors, our newly elected King of Hearts, Bill Pless, is rated tops in the list. What's wrong, girls?

Lorine and Jackie have asked us to announce that they are holding an open house in their room Valentine's Day. It seems they are studying electrical engineering. Let us warn you, our friends. Don't sit down after entering the room. Shock treatment, you know.

BENNETT NAMED

Continued From Page One
is a freshman and is majoring in music. Jean Bratton is the daughter of Mr. and Mrs. A. H. Bratton of Williamsport. She is a freshman and a member of the Alpha Club.

Bill Pless is the son of Mr. and Mrs. Houston Pless of Tulsa, Okla. Majoring in business administration, he is a sophomore, and one of the college's outstanding football players.

Milligan Bounces Governors 76-71

Led by Forward Kenny Hoyer, the Milligan College Buffaloes barely edged by the Austin Peay Governors to win by a score of 76-71 in Johnson City, January 1th. Milligan jumped to a 21-7 lead in the first 10 minutes, but by the end of the first half, the Governors cut the lead down to one point, with the half ending 34-33.

The Buffaloes took the lead again early in the second half and maintained their lead throughout the game.

James "Boxhead" Stone led Austin Peay with 17 points. George Fisher furnished able help with 16.

A total of 60 fouls were called, proving that the game was a little on the rough side. Three Governors fouled out: Jack Butler, Mack Chandler and Bob Swope all having to leave the game.

Scoring high for Milligan was Kenny Hyder with 21 points.

Pos.-Milligan (76) A. Peay (71)
F.-Hyder (21) Aay (71)
F.-Holloway (12) Swope (46)
G.-Mastaler (12) Stone (17)
G.-Gouge (13) Fisher (16)
G.-Griz (8) Butler (16)

Subs scoring: Milligan—Shepherd (2), Roberts (4), Austin Peay—D. Hardwick (2), Jones (6), Chandler (12).

Salesman: "I'm afraid my company won't send this order until you've paid for the last one."

Customer: "Well, cannot it, then—I can't wait all that time."

Murray Defeats Governors 60-52

The Murray State College of Murray, Kentucky defeated the Governors for the second time this season, last December 18, in a hard fought contest played at Murray.

The second encounter between these two teams was quite different from the first which the Racers won easily. It was a hard fought contest that found the Racers holding a 26-25 advantage at the half-time. In the last quarter, however, three of the Governor starters fouled out, and the Racers finally pulled away from the APSC cagers defeating them 60-52.

Murray Cagers Tip Austin Peay In 66-49 Battle

The Murray State College of Murray, Kentucky complete accurate shooting plus complete domination of the backboards to hand the APSC 1948-49 basketball competition their first defeat of the season in as many starts. The Racers took an early lead and were never in danger at any time during the contest. The Kentuckians led 34-16 at the half, and when the final whistle blew the Governors found themselves on the short end of a 66-49 count.
