is dedicated to

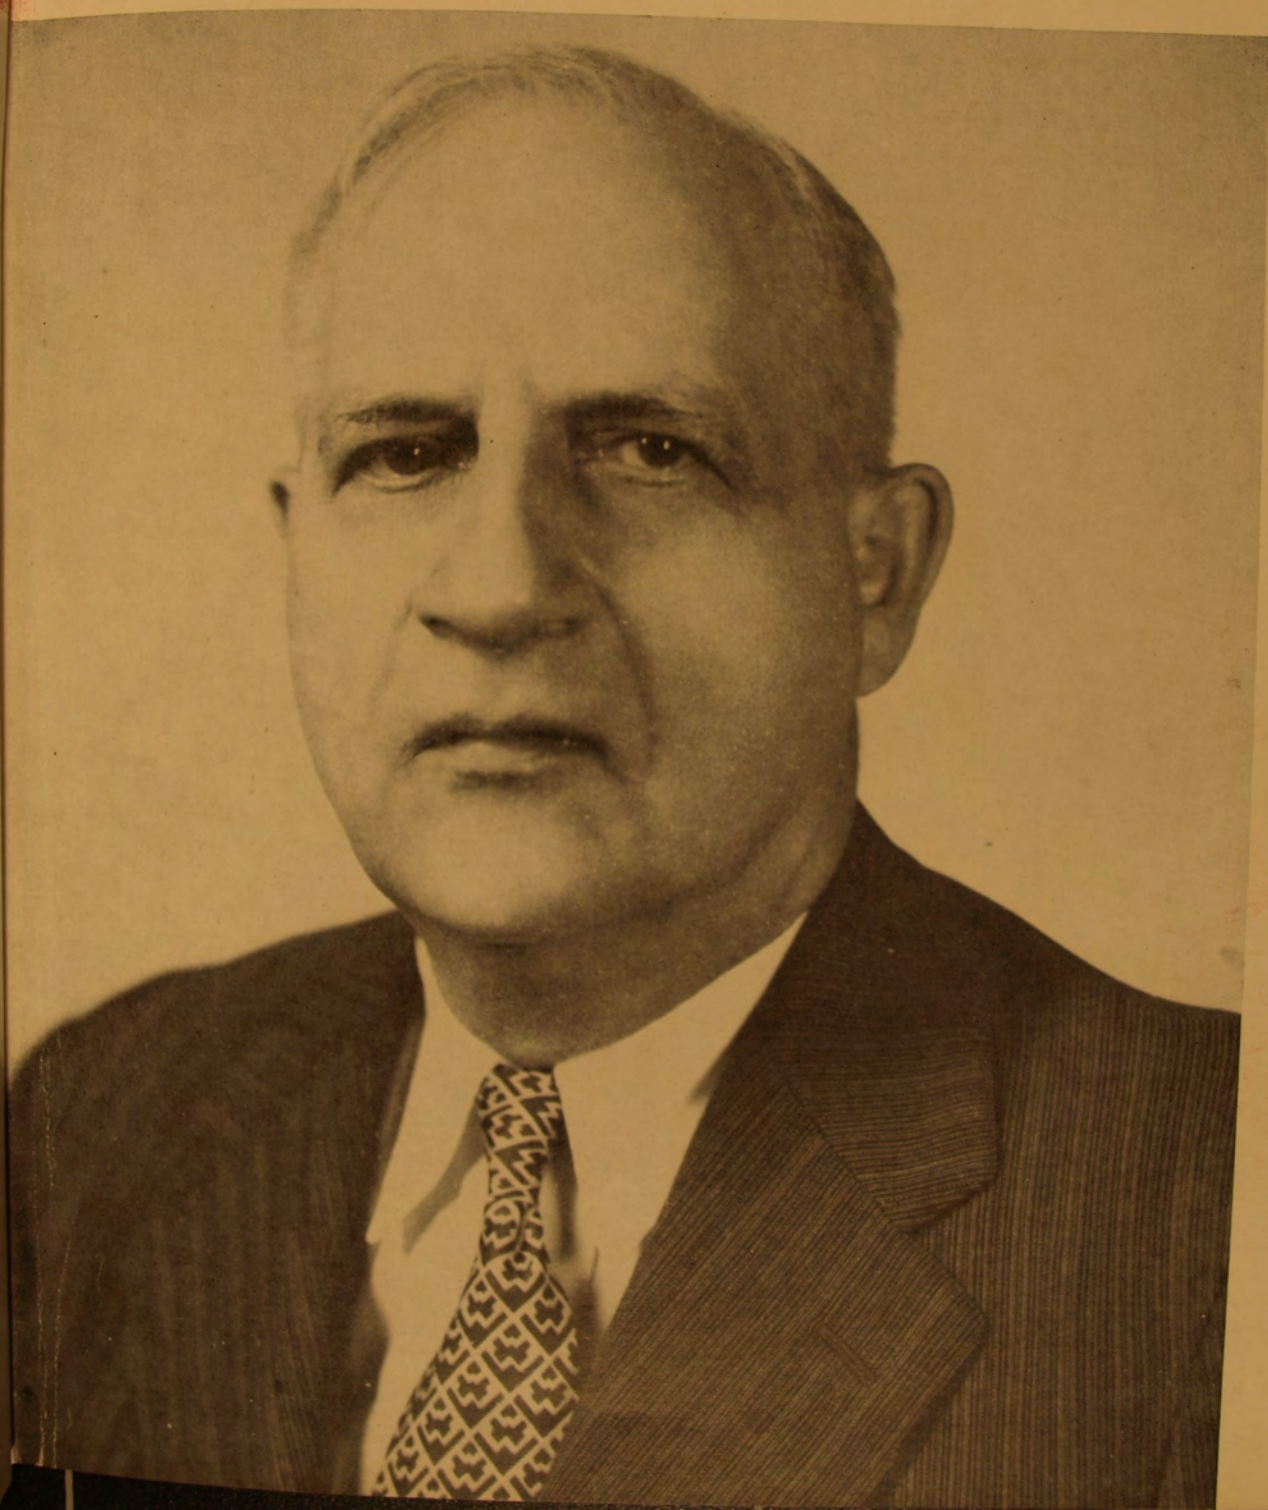

THE MEMORY OF

DR. CHARLES PENDLETON

EDUCATOR

He was loved by faculty and students alike. He was never known to refuse aid to a bewildered and confused student. His vast experiences he willingly shared with all. Truly it may be said that with his passing the students of Austin Peay State College lost one of the most honored professors of our time. His classes were never uninteresting; they had a warmth and radiance which will never be forgotten by those privileged to have studied under him. Dr. Pendleton died as he wished, "teaching and preparing the youth of America for a better life."

PRESIDENT HARVILL

TO THE STUDENTS, FACULTY, ALUMNI, AND PROSPECTIVE STUDENTS, GREETINGS:

It is our hope that this annual will afford you great pleasure not only immediately, but in future years. To you who are finishing your work with us, we bid you God's speed and wish for you much success in life. The College will depend on you, as successful alumni, to promote its welfare. To prospective students, you will not make a mistake if you enroll with us. You will find Austin Peay State College a growing institution. Your stay with us will be both pleasant and profitable.

SEASON

Oh My Aching Back

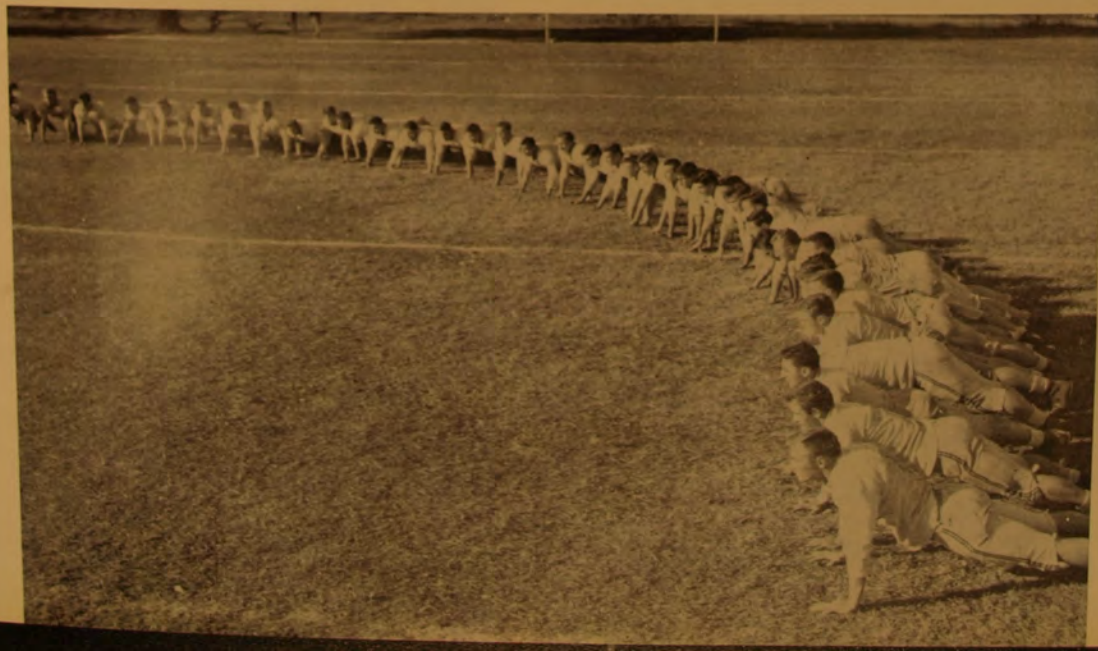

With the closing of the most successful season in the annals of Austin Peay State College, the governors had compiled a record of eight wins and two losses. At the beginning of the 1948 season head mentor Dave Aaron installed the lightening split T formation which proved highly successful for the A. P. sportsmen—successful to the point of finishing first in the V. S. A. C. Conference without a defeat.

Probably the most outstanding factor contributing to the success of the team was the spirit and good sportsmanship shown by its members. Each game was met as a new task to be mastered regardless of the odds that prevailed. Every member of the organization acquired a do-or-die attitude that was admired not only by the fans but by all opposing teams.

Too much cannot be said about the co-operation that the team members gave to the coaches and to each other. Without this co-operation we would have had a listless and non-functional group. It might be said that spirit, an eagerness to learn and good sportsmanship form the nucleus of a successful organization. This nucleus applies not only to athletics but to all tasks which we might undertake.

Aaron, who is in his fourth year at Austin Peay, was joined at the start of the 1948 season by Leon Sandifer as head line coach. Working together these two men won the admiration of the fans, students and players for their untiring efforts to produce not only a good ball club but a fine group of men.

The cheerleaders are another integral part of an athletic organization. This loyal group was present at every game, leading yells and keeping the pep up during time out. We owe a vote of thanks to these six members of A.P.S.C. for their endless efforts to spur our team on to victory.

Captain and Co-Captain Jack Butler and Box Stone

This year's basketball squad moved into the season's competition with only one change in the starting line up. With steady practice and a diligent effort they changed from a mediocre team to an alert, well-coordinated squad. From last place in the V. S. A. C. on Jan. 1, the Governor's climbed steadily into the third seeded spot by tournament time. Only through a will to play and hard work on the part of the Coach and players was the team able to make this great come back.

With only three graduating members, one from the starting five, Austin Peay is looking forward to another good year, if not its best, in basketball.

The season of '48 saw Austin Peay foster its first baseball team since pre-war times. From the student's point of view it was a welcome sport, as many afternoons were spent watching a "hot" game between Austin Peay and out-of-town teams.

The players had a chance to show off their wares in pre-seasonal workouts before being assigned their respective positions. With one successful season behind them, the prospects for future baseball teams at Austin Peay are encouraging.

The season of 1948 saw Austin Peay sponsor its first post war tennis team. The group was not completely organized as to a regular schedule and they had no coach. But what they lacked in coaching they made up by

their will to win. In the few intercollegiate matches they participated in, the team showed great promise of becoming one of the better teams in the smaller college ranks.

THE CHOIR

The Austin Peay State College A Cappella Choir was organized in September 1937 by its Director, Guy L. Hague, of the Music Department. The Choir is open to students and faculty and meets twice each week. The repertoire of the Choir includes compositions of English, Russian, French, German and contemporary American composers. Every year the Choir presents chapel, radio, and concert programs with soloists taken from the Choir. Each spring the Choir tours the surrounding counties to sing for the high school as part of their training.
