

AUSTIN PEAY NORMAL SCHOOL OPENS TENTH YEAR WITH 350 STUDENTS

Eight States Represented As Addition of NYA and CCC Students Increases Enrollment of Fall Quarter

The tenth annual opening of the Austin Peay Normal School took place Monday, September 18, with registration continuing throughout the first few weeks of school, since large numbers of special NYA students were not notified as to their appointment in sufficient time to allow for earlier registration.

Latest compilation revealed that the current enrollment is the largest in the history of the school for a single fall quarter. Numbering about 345 students, 75 more than the largest previous record, this enrollment of regular, CCC, and special NYA students enlists men and women from sixty-seven counties in eight states. Montgomery County leads the roll with 100, entered. Registered in the fall, H. Dickson, third with 13, and Hickman and Davidson supply 12 each. Other counties contribute smaller numbers.

New to the history of the Normal School and experimental in nature are the CCC and special NYA students enrolling here. The 24 CCC boys are from Camp Joe Byrns, located at Clarksville, some of them having been transferred from other camps in order that they might enter the institution. They are under the supervision of the local educational director of the county.

They carry an average of about 12 quarter hours in addition to performing regular camp duties. The 24 boys represent 16 coun-

GILMORE REPLACES HARVILL AS DEAN

DEAN PRO TEM HAS FINE RECORD AS TEACHER AND EDUCATOR

With the opening of Austin Peay Normal School for the fall quarter this year, a new face in the person of Dr. Charles H. Gilmore, a man of wide experience among the ranks of the faculty, Dr. Gilmore was appointed to fill the position of Dean-Reg-

istrar, vacated by Dean Harvill. Dr. Gilmore has been a teacher and principal in high schools for many years. He is now a member of the faculty of the University of Tennessee at Knoxville, where he is in charge of the department of English. He is also a member of the National Education Association and the American Association of University Professors.

GIGANTIC PARADE AROUSES INTEREST IN AUSTIN PEAY

LARGE CROWD WITNESSES ENTHUSIASTIC STUDENT DEMONSTRATION

A gigantic parade under the auspices of the Austin Peay Normal School Athletic Association took place on the streets of Clarksville on the afternoon of October 6, to arouse interest in A. P. N. S. in general and the school's opening football game with the Murray Freshmen in particular.

Marshaled by Holmes Fuqua, the parade organized at the public square and proceeded east on Legion to Third, south on Third to Madison, east on Madison to the school's Fifth, and Frank- lin, west on Franklin back to the public square between masses of interested spectators who jammed the line of march to gain a view of the unique demonstration. Members of the local cavalry troop led the march, followed in order by the Clarksville High School band, color bearers, faculty, historical figures, band and attendant, and football team of Austin Peay, Odd Fellows Band, A. P. N. S., C. H. S., and New Providence Demonstration School students, and numerous decorated automobiles.

Professors V. C. Moffitt and Guy L. Hogue and Miss Hazel Smith of the Austin Peay Normal School faculty, made generous contributions in time and energy toward a more successful demonstration of the students and faculty, who turned out as a group to show their appreciation for the interest taken in them by the various Clarksville organizations, who made the parade a possibility and success.

The enrollment for the fall quarter at Austin Peay Normal School has been increased by the addition of 106 special NYA students. The students in this group take half-time college work and spend 100 hours per month doing work.

HARVILL APPOINTED TENNESSEE'S NEW COMMISSIONER OF EDUCATION

Dean of Austin Peay Normal School Granted Leave of Absence To Fill Unexpired Term

Of J. M. Smith

September 1 Austin Peay Normal School made a loan to the state of Tennessee. It lent to Gov. Gordon Browning Dean Harvill. Harvill will fill the office of State Commissioner of Education, recently vacated by J. M. Smith, who resigned to take the presidency of Tennessee Polytechnic Institute at Cookeville, Tenn. Dean Harvill was granted a leave of absence by the State Board of Education, during which time his place will be filled by Dr. C. H. Gilmore, former Director of Research in the State Department of Education.

Dean Harvill will be missed, though the new dean has already won the high regard of the student body and the cooperation of the faculty. Commissioner Harvill has served at the school since 1929 in many capacities and has served it well in them all. He came to the college as instructor of history, later to be made Dean-Registrar, pro tem, in January, 1930. Previously this position had been filled in the absence of a permanent Dean, first by Prof. W. J. Gayden, of the department of mathematics, and then by Prof. F. G. Woodward, of the department of English. Mr. Harvill assumed his administrative duties under the brief presidency of J. F. Ziegler, who died in the spring of 1930. From January, 1930, to September, 1938, Mr. Harvill has served first as Dean-Registrar, pro tem, and later as director of athletics, in addition to his other duties, and finally as the state Commissioner of Education.

In 1937, after serving the longest period of time in the department of history, later as director of athletics, in addition to his other duties, and finally as the state Commissioner of Education. MARGARET BAKER SELECTED QUEEN

TOM SHADE CHOSEN HER ATTENDANT FOR FOOTBALL GAME, PARADE

Margaret Baker and Tom Shade were elected October 5, by the student body to represent the Normal School on Austin Peay's football team. The Queen and her attendant figured prominently in the parade Thursday afternoon, sponsored by the Athletic Association, and at the football game Friday afternoon between Murray and A. P. N. S.

Miss Baker is a sophomore and comes from Portland, Sumner County. Tom Shade is a freshman and comes from Father Ryan High School of Nashville.

ALL STATE STAFF REORGANIZED FOR 1938-1939 SEASON

On Monday night, October 3, time-tried members and aspirants met with the sponsors, Prof. F. G. Woodward and Miss Annie Laurie Huff, for the reorganization of the All State staff. Mr. Woodward explained to the group something of the order of procedure and then called on George Fort, editor-in-chief, to describe the process of getting the paper out.

In addition to the appointments made last spring, Editor-in-Chief, George Fort; assistant editor, John Rubel, and business manager, Harris McReynolds, the following appointments were made: News editors, Brodie Crouch, Charles Hammons, Frank Bardwell, Louise Elliott, Alice Atkinson, Frances Manning, and George McMurtry; literary editors, Jean Livingston, Mary Payne Claxton, and Huelin Porter; exchange editor, James Beaumont; reporters, Margaret Baker, Thelma Sulter, Clara Cooper; circulation manager, John Allen.

With this abundance of literary talent, the All State prepares to enter its 1938-39 season, with prospects for one of the most successful years since its establishment.

HARVILL HONORED AS MURRAY FROSH DEFEAT GOVERNORS

FURLOW GOES 57 YARDS FOR APNS SCORE IN 1-7 LOSS

It was Dean Harvill night in Clarksville on October 7, but it wasn't the Austin Peay gridiron that was the star attraction.

Between halves Mayor Pro Tem William Kleeman presented Commissioner Harvill with a floral bouquet in expression of the esteem of Clarksville for his efforts in behalf of Austin Peay Normal School and as a congratulatory token of his appointment. Mr. Harvill, in accepting the gift, expressed his appreciation and stated that he wanted to express his appreciation to the people of Clarksville as large as the people of Clarksville wanted it. He also expressed his appreciation to the people of Clarksville as large as the people of Clarksville wanted it.

Our Hats Are Off

When a citizen at Clarksville contributes \$10 to pay for a full page ad boosting Austin Peay Normal School, that is good news. When thirty-five or more business firms and individuals become contributing members of the APNS Athletic Sponsor Association, to the tune of \$10, or more, per member, that is more news. And, when a hundred sponsor tickets are sold, and when the All State sells \$400 worth of advertising to Clarksville business firms—then undoubtedly that is news. But, perhaps, best of all is the manifest interest shown by a group of Clarksville citizens who in the past month have given not only their money, but time and work to the end that the city and the college might be tied more closely together.

That, we affirm, is good news. And to all who have given aid in whatever form, the All State in the name of the college wishes to extend sincere appreciation.

New Gym

A. P. N. S. is about to have a new gym. This movement if carried through, will be the outstanding improvement in recent years. Long has there been a need for such a building to replace the diminutive gymnasium now being used for physical education activities, which is undoubtedly inadequate to fulfill the present A. P. N. requirements.

In 1932, plans were drawn and brought before the November meeting of the board. Definite plans were put off, however, until a later meeting. In the meanwhile, the Federal government passed an act whereby all necessary expenses were done away with. Thus the subject was pushed into the background for the time being.

A CAPPELLA CHOIR
OUTLOOK BRIGHT

SECOND YEAR BEGINS AS
STUDENT INTEREST IS
INCREASED

Inaugurated at A. P. N. S., September, 1937, the A. Capella Choir has again been forging ahead since the opening of the school, September 19. With three hours of earnest practice each week, the choir is making rapid progress. The membership is now ninety-three. An increase of 43 over last year. The director of the choir hopes to have it whittled into shape for early fall concerts. Additional vestments are being made for the new members.

The choir is one of the most popular activities of the college.

Student Christian
Union Reorganized

With about fifty members present, the Student Christian Union met in room 15 of the Castle Building, October 11, at 10:30 a. m. to organize for the new school year. Miss Terrell McCurdy had charge of the program, which included devotional exercises by Miss Hazel Wade and Mr. V. C. Moffatt, and a talk by Miss Margaret Baker on "What Shall I Do With My Life?"

Miss Lorene Phillips was elected chairman of the program committee to succeed Miss McCurdy, who resigned. A motion was made and passed to answer roll with a Bible verse at all following meetings.

Tuesday's program, October 18, included a song, "What a Friend We Have in Jesus," prayer, business, special music, a talk by Miss Helen Ruth Hyde, "Conscience With Christ," a poem by Mr. Cullom Claxton, "The Carpenters," and a talk by Miss Lorene Phillips, "On Which Side Are You?"

and has served as research assistant in school administration at George Peabody College; as assistant to the director of the Tennessee Education Commission, a large part of the report of which he wrote; as director

In the last two or three years, with the growing interest in athletics, however, the issue rises once again.

The plans have been brought into the foreground and with much anxiety, the decision is being awaited as to whether or not a PWA grant will be secured. The plan is one that will take care of all the demands of physical education, a swimming pool included.

In the past, it has been necessary during basketball season to rent the Clarksville High School gymnasium for the games. The enrollment of A. P. N. is greatly increased, and with this growth there is also a larger number of students from various sections of the country who will participate in sports. Why shouldn't we have a gym that our players would be proud of and that visiting teams would enjoy and admire?

ILIAD SAVES
APNS STUDENT
AT CHICAGO U.

Laurel Acree of Dover, Tenn., studied the Iliad and Odyssey at Austin Peay Normal School in 1933-34. He told his instructor that he liked the books, but they didn't seem likely to contribute much to his useful knowledge.

Imagine his surprise when he transferred to the University of Chicago in the fall of 1936, to find that his study of the Iliad and Odyssey made possible the recognition of his other credits of transfer.

Acree says the registrar told him that his study of the two classics made it possible for the university accrediting official to lump together his science and history work, along with his English, and evaluate the whole as equivalent to all freshmen course required of all freshmen. Acree says President Hutchins has made Homer a big man at the University of Chicago.

THE KICKING COW

I was down to the barn last night

To milk that blamed old cow;

She kicked me left, she kicked me right,

I'll never tell you how.

I looked when I got home again,

Dirt, disheveled, black.

I looked as if I'd fought a train

Down on the railroad track.

Just when I saw Ma coming,

I felt as if I'd die,

I know she weren't fanning.

Her mood showed in her eyes—

Now the paddlin' over;

Between Ma and that beifer,

I'll always take the cow.

He is co-author of survey reports of fifteen counties in Tennessee, a study of local school units in Tennessee, and the Organization and Administration of Education in the United States.

Dr. Gilmore has very readily adjusted himself to his new position and has come to be well liked by both the faculty and the student body in a remarkably short time.

Library Acquires
Additional Books

For the past three years the purchase of books for the library has had to be curtailed somewhat for lack of funds. An effort is now being made to increase the collection, bringing all departments up to standard. To this end books are being added each week. A partial list of those which have been put in circulation recently follows: Lin Yutang, My Country and My People; The Importance of Living; Stevenson, Home Book of Verse 2 vols.; Beveridge, John Marshall (4 vols.); Bowers, Jefferson in Power; Andrews, On the Trail of Ancient Man; James, Andrew Jackson (2 vols.); Richardson, Mother of Kings; Lane, The Progressive Elementary School.

SCHOOLBOYS

By GEORGE FORT

APN TRAVELS

It may not have occurred to you, but the Austin Peay Governors are taking in quite a stretch of territory in their football travels. The itinerant gridiron group covers a distance of 2,512 miles of highway in five states.

Couch Brown and his boys make five trips which makes the average journey 502.4 miles. These contests on foreign soil carry the APN team to Jackson, Tennessee; Pensacola, Florida; Athens, Tennessee; Cookeville, Tennessee; and Carbondale, Illinois. The longest of these is the trip to Carbondale, a distance of 1,134 miles, while the shortest is to Jackson, only 246 miles.

By now it should be obvious that riding Two of these are things of the past, while three remain for successive week-ends in November.

This may not seem so far in comparison with journeys made by large universities, but, in the class of junior colleges, Austin Peay Normal School, no doubt, has stepped out in a big way in a widespread and distance-spanning football program. How nice it would be if for every mile of travel, the Governors would reef off a yard gain on the gridiron!

UNIFORMS

The 1938 edition of the gridiron is right up to date, with the latest thing in football fashions. The Governors have since the season opened procured two sets of jerseys, and a like number of pants, along with several new helmets.

The first set of jerseys, white with red letters, was worn in the game with Union, while the second group of jerseys and the second group of pants arrived in time for the game in the contest with the Merry Freshmen, which was played before the large opening night crowd. Since that time another lot of pants have been added, which replace the gold practice pants used because of necessity here on October 7.

Several new uniforms for this year's football team is no novelty, for last year the grid squad was supplied with the latest thing in playing tags as were the basketball team of the 1937-38 season. All these groups were the proud possessors of flashy, modernistic outfits.

The latest in up-to-date equipment adds greatly to the appearance of the teams on the field.

APN GRIDDEYS DROP OPENER TO UNION

GOVERNORS DEFEATED AT JACKSON, 19-15 EN 1938 INAUGURAL

The Austin Peay Normal School football team fell before the Union University eleven in the season's opener at Jackson on September 29, by the score of 19 to 0.

The Union boys took advantage of the break to score twice in the second quarter and once in the final period in registering their triumph over the ill-prepared Governors.

Although failing to exhibit a smooth-working offense, due to the lack of adequate practice the APN griddeys' defensive play was very encouraging. It was this sturdy defense that kept the Red and White goal line unbreached until an intercepted pass and a 14-yard penalty led to the Union second quarter rallies.

The first score came on an end-around play after an Austin Peay

of action and is really an asset to Austin Peay.

GRID CAPTAIN

James Edward Campbell has been named Austin Peay Normal School's football captain for 1938. "Boss," as he is more commonly known, was unanimously accorded this honor by all his teammates.

Campbell came to APNS last fall from East High of Nashville. However, the Navy would not be denied, and broke through a P. N. S.'s blockade for scores in the third and fourth periods of the engagement.

The opening quarter was largely a punting duel, as neither team threatened seriously. Then, in the second quarter, the Governors made their only bid for touchdown glory, but their efforts were nullified as their opponents recovered a fumble on the U. S. N.'s 32-yard line. From that point on, Austin Peay relied mostly on their rock-ribbed defense which withstood a heavy thrust on the A. P. N.'s 2-yard line, as the half ended.

The Pensacola boys turned loose with all their big guns in the third period, as great holes were ripped in the Governors' defense, and Van Buren sped around left end out of range of all A. P. N. S. tacklers, and crossed the goal line after a hard jaunt. Their next endeavor was a failure, however, as the collegians successfully withstood a barrage of aerial bombs hurled by the U. S. N. and took possession of the ball 11 yards from their goal line.

But this did not end the maneuvers of the Navy. In the final quarter, they took the pigskin on the Governors' 33-yard line and stormed their way to the one-yard stripe, where Smith went over for six additional points. Once again the victors surged down the field toward the A. P. N.'s goal late in the game, but the college boys pulled themselves together and took over on their own 8 as the game ended.

The Naval Base's attack was led by Van Buren, Smith, and "Buz" Borries, former All-American at U. S. Naval Academy, Niles, English, and Campbell showed up best for the Governors.

Governors Defeated By U. S. Naval Base

PENSACOLA TEAM SCORES TWICE IN LAST HALF FOR 12-6 WIN

The Governors dropped a 12 to 6 decision to the grid team of the U. S. Naval Training Base at Pensacola, on October 15.

During the first half, Austin Peay's defense kept the Sailors at bay, several times warding off the aggressors' attack in the shadow of their own goal post. However, the Navy would not be denied, and broke through a P. N. S.'s blockade for scores in the third and fourth periods of the engagement.

The opening quarter was largely a punting duel, as neither team threatened seriously. Then, in the second quarter, the Governors made their only bid for touchdown glory, but their efforts were nullified as their opponents recovered a fumble on the U. S. N.'s 32-yard line. ker, the APNS queen, and reaffirmed his love for the institution by saying, "The Austin Peay Normal School is close to my soul."

The Murray combine took matters into their own hands at the start of hostilities, making sizeable gains through the Governors' line and stopping their opponents' offense cold during the first half, but were able to score only once before intermission. That tally came in the first quarter as Levandowski, Murray halfback, skirted left end from the 15-yard line to score standing up. Coglian added the extra point with a kick from place ment.

The second half saw the Governors return with new determination as they made a showing far superior to that during the first two periods. Their defense was greatly improved, holding the hard charging Murray Fresh on even terms on several occasions and an effective offense was flashed at intervals, although no sustained drive could be initiated.

Murray added its second score during the third quarter when Coglian smashed center from the three-yard stripe to pay-off dirt after a steady march goalward, making the score 13 to 9. Shortly following the final victory, Austin Peay got possession of the ball on their own 10-yard line and the stage was set for the Governors' lone touchdown.

On the first play of the fourth quarter, Billy Furlow followed through a beautiful hole opened over his own left tackle, cut back to the right, side-stepped and twisted away from would-be tacklers, and showed a fearless pluck to heels of all pursuers, crossing

the goal 57 yards away. English then dropped back from end to split the uprights with a place kick, bringing APN's total to 7.

From that point on out, the Governors were held at bay and never threatened seriously to score again, however, the visitors also failed to cross that coveted last line, although making several determined bids.

Niles, Furlow, Carney and Campbell were outstanding for Austin Peay.

for the college or for civic organizations in Clarksville, work that will aid the student in his particular field, or assist him in choosing his vocation. To this end the work, so far as possible, is apportioned among the students according to their aptitudes and abilities to perform honest labor.

These special students are admitted to the college on the same basis as the regular student, taking the same courses, and being taught by the same instructors, and participating in all the social, religious, and educational affairs of the college.

In this special group, A. P. N. S. has registered students from the following counties in Tennessee: Anderson, Bedford, Benton, Campbell, Cannon, Carroll, Carter, Chester, Cocke, Coffee, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Franklin, Gibson, Giles, Hamilton, Haywood, Henry, Hickman, Houston, Lauderdale, Lawrence, Lewis, Madison, Marion, McNairy, Montgomery, Perry, Robertson, Rutherford, Shelby, Sequeatchie, Sevier, Stewart, War, Warren, Wayne, White and Wilson. Because of these students, A. P. N. S. has formed classes in commercial work, typewriting, stenography, bookkeeping, and accounting. To help in directing this work, the National Youth Administration has provided five persons—Miss Virginia Keen, Miss Mary Bryant, Miss Christina Pelletier, Mrs. Garnet Ladd, Mrs. Frances Welker and Walter S. Minor, expert carpenter, who has charge of the boys' work. Within two weeks Mr. Minor and the boys have made 27 typewriter tables. These have been finished by Mrs. W. E. Beach and N. Y. A. girls, who are now refinishing some of the dormitory furniture. A large amount of cleaning of buildings and grounds has been done by this group of young people.

Moffitt Selected As Chapel Leader.

Elected Student Chapel Leader by the student body, October 14, Orvil Les Moffitt was selected to inaugurate a new plan for assembly programs. During the fall quarter, a chapel committee, composed of students and faculty members, will schedule all assembly programs, which will be planned accordingly: Monday—The President's Day; Wednesday—Outside Program Day; Friday, Student Program Day. On this latter day the chapel leader will preside and present to the student body a program planned and put on by students from the various school organizations.
