APSC Student Center Undergoes Changes

Tom K. Savage is shown accepting the television set presented by the APSC Newman Club for the TV Lounge in the Student Center. John Foy, president of the Newman Club, and Pat Cooper, secretary, are the first to try out the set. (Staff photo by Don Reese.)

Carr Completes HSD Studies

Marion T. Carr, assistant professor of health and physical education at Austin Peay State College, completed his requirements for the Doctor of Health and Safety degree Feb. 1, 1963, at Indiana University.

"The Development of an Instrument to Evaluate the Basic College Health Course" was the title of Carr's dissertation.

"For my dissertation I located items from various sources in literature," Carr said, "which are indicative of a good health course."

"These items were validated by a jury of health education experts," Carr continued.

"The instrument was then applied to ten courses in various colleges and universities in Indiana, Kentucky and Tennessee, including APSC."

Carr received his B.S. from Carson-Newman in Jefferson City, Tenn., and his M.A. from Indiana University in Bloomington, Indiana.

Besides teaching in the health and physical education department at APSC, Carr is supervisor of McKeynolds Hall and coach of the tennis team.

When asked about his association with Austin Peay State College, Carr said, "I have enjoyed my work at APSC very much. The students are very friendly."

MARION T. CARR

Scholarships Now Offered

Business Administration scholarship applications are now being received for 12 business administration scholarships, which will be awarded for the 1963-64 academic year.

The scholarships are open to all business administration majors regardless of class in school. Applications may be obtained from Peter Condlies, instructor in business, at McCord 108.

The baseball team will play Northwestern this afternoon at 3.

Former Teacher Given Award

Bill Grasty, former instructor in economics at Austin Peay State College, has been initiated into the Beta Alpha Psi - Accountant Fraternity at the University of Florida.

Working toward his Master of Arts degree, Grasty was awarded the Huskins and Solis Award of \$1000 presented annually to a teaching assistant at the University.

Grasty, holder of the B.S. degree from APSC, has also been nominated for an Earhart Fellowship in Accounting.

The Student Center recommendations which appeared in the Feb. 19 issue of "The All State" have been submitted to the administration and either approved or are in the process of being approved.

Checks may be cashed in the Student Center at any time the Student Center is open and in the business office on Mondays and Thursdays between the hours of 8:30 and 12.

Card games may be played in the Student Center at any time except during the hours from 12 to 1:30. Rules governing card playing have been posted in the Student Center.

The ladies lounge has been converted into a television lounge and may be used at any time when the Student Center is open. The television set was presented to the Student Center by the Newman Club through the efforts of the Newman Club president, John Foy.

"The Newman Club has the interest of the students and the faculty on the campus of Austin Peay State College as its main interest," Foy said, "and we are always willing to help APSC in any way we can."

The recommendations which have not been fully approved yet are those concerning new hours for the Student Center to remain open and dancing in the Student Center.

Assembly has been changed from Wednesday, April 3, to Monday, April 1.

All classes which are scheduled to meet at 10 on Monday will meet at 10 on Wednesday.

The Newman Club will hold a very important meeting Thursday, March 28, at 7 p.m. in room 202 on the Browning Building.

If these recommendations are approved the Student Center will be open at the following times:

Monday - 7:30 a.m. - 9 p.m.
Tuesday - 7:30 a.m. - 9 p.m.
Wednesday - 7:30 a.m. - 9 p.m.
Thursday - 7:30 a.m. - 9 p.m.
Friday - 7:30 a.m. - 5 p.m.
Saturday - 8:00 a.m. - 12 noon
Sunday - 4:30 p.m. - 6 p.m.
If the proposal that dancing be allowed in the Student Center is approved, the Student Center will be open from 7 to 11 each Friday night for this purpose.

The committee which drew up the proposals for the Student Center was composed of John Foy, Terry Smith, Billy Hutton, Jimmie Lee Bell and Fred Alsop.

Sutfin Receives

Renewal Of Grant

Joe Sutfin, assistant professor of English at Austin Peay State College, has been reappointed a Danforth Teacher Grant for the summer quarter, 1963.

The Danforth Foundation was established in 1927 by the late Mr. and Mrs. William H. Danforth to strengthen higher education through its own programs and through the grants to colleges, universities and other educational agencies.

Sutfin was one of 60 faculty members from colleges and universities across the country awarded the grant. He will take advantage of the grant during the summer and finish his dissertation during the time.

(Continued on Page 3, Col. 1)

Dias And Coke Selected For March

Judy Dias has been chosen "Miss March" and Albert Coke has been chosen "Man of the Month" for March.

Do you like to wield a sword? Maybe you should try fencing with Judy Dias, APSC's "Miss March."

This five foot package of versatility names the fine art of sword play as one of her many interests. "But I can't find any one to fence with," she laments.

Her other hobbies include sketching (particularly fashions), dancing, reading and traveling.

Judy, an English major and psychology minor from Jackson, Tenn., plans to go to the Vanderbilt Law School after graduation.

At Austin Peay State she is a member of the APSC Playhouse, Laurel Wreath, Epistol Club, Student Council, Chi Rho, English Club, Wesley Foundation and is president of Blount Hall.

This pert sophomore states that she likes the people at APSC. She enjoys people who are fun to be with and who can carry on an interesting conversation. "I dislike someone who tries to be an authoritarian or who is insecure," Judy adds.

When asked what she would

like to see changed at Austin Peay State, Judy replied, "The architecture." She doesn't feel that the Georgian design is functional enough to be used for the different types of buildings on a college campus. She also added, "APSC needs better organized social groups like sororities and fraternities."

Albert Coke is a senior at APSC, majoring in business and minoring in math.

Since enrolling at Austin Peay State in the Fall of 1959, Albert has been an interested student, both in his education and in the various organizations on campus.

Albert is a member of the Circle K, Student Council, Blazing Staters, and MSM. He is currently serving as president of the Blazing Staters and was vice-president of MSM in 1961-62.

As far as hobbies go Albert said, "I enjoy golf and water skiing the most, but" he said laughing, "I really like driving convertibles."

When asked about his plans after graduation this spring, Albert said, "I plan on working in Clarksville for about a year and then entering Officer's Candidate School in the Army."

Judy Dias and Albert Coke—"Miss March," and "Man of the Month" (Staff Photo by Don Reese.)

THE ALL STATE

The All State is the official newspaper of the Austin Peay State College. It is published every Tuesday during the academic year, except for examination periods and holidays, under the general management of Sherwin Cliff, Director of Public Information.

No Fairy Tale

Once upon a time there was a college called Austin Peay State. Each year at this school four big dances were held. All of the money for these dances was taken out of a fund called the Student Activity Fund. The amount taken out of this fund for each dance could not exceed 400 dollars.

Now this school had a student governing body called the Student Council. One year the Council decided that they wanted to have a famous band for the last big dance of the year, the Iris Ball. But this was going to cost a lot of money. Much more than 400 dollars. How were they going to raise such a large amount?

It was suggested that the books for the Student Activity Fund be gone over. They hoped to find some money left from the previous dances. The itemized list of expenses was presented at a meeting of the Council. The findings: There was 400 dollars to spend on the Iris Ball -- no more.

Suggestions were made as to how the money could be raised. All were vetoed. It was now too late to make extra money to hire a big name band. So the Iris Ball was held without the excitement and excellent music of a well known orchestra. End of story.

If you have aspirations of becoming a future president of the student body at Austin Peay State College, why don't you decide to put a different finish to this old story and add an issue to your campaign. Try this on your devoted followers: "I promise that if I am elected actions will be started early next fall to raise money for the Iris Ball. These plans will be carried on throughout the year until enough money is accumulated to hire a big name band." Will everyone out there with enough initiative and drive to put through such words please step forward. This school needs you.

Letter To The Editor

Dear Editor,

As a Student Council Representative I would like to bring to light a situation which is developing in the Council which is of importance to the Student Body, namely the constant appearance of people at the Council Meetings who are neither elected nor appointed members of the Council but are there sitting in for "friends."

It is often impossible for the representative himself to attend, and the Council rule is that two or three consecutive absences constitutes expulsion of the organization which that person represents. Therefore it is generally accepted that another member of the club take his place at the meetings. This is all well and good, to a point.

It seems of late that the Council has been subjected to the infiltration of those "friends" who come to spread their theories to the Council on how it should be run and which organizations should be ousted. I feel it an act of irresponsibility and failure on the part of a legitimate Council Representative to absent himself purposely in order that his "friends" may blow off steam at the Council's expense. Neither the Council nor the respective organizations should tolerate this laxness in their representatives. This practice will lead to the weakening and general ineffectiveness of our Council.

At this time the Council should begin to function at its very best. Why? . . . because the Spring Quarter has been suggested as the time for the Student Council to adopt a NEW CONSTITUTION for student government at APSC.

If we are to have a strong and effective student government, the Council Representatives should by all means begin to take their jobs seriously. We must work toward the goal of creating a respectable and a responsible student government on this campus.

Respectfully yours,
Jerry McClint

No A.F.R.O.T.C.?

HOW TO GET EDUCATED ALTHOUGH ATTENDING COLLEGE

In your quest for a college degree, are you becoming a narrow
specialist, or are you being educated in the broad, classical
sense of the word?

This question is being asked today by many serious observers
—including my barber, my radar, and my little dog Spot—
and it would be well to seek an answer.

Are we becoming experts only in the confined area of our
majors, or do our knowledge range and widen? Do we, for
example, know who fought in the Battle of Jenkins' Ear, or
Kant's epistemology, or Planck's constant, or Valisvalva's man-
ner, or what Wordsworth was doing ten miles above Tintern
Abbey?

If we do not, we are turning, alas, into specialists. How
then can we broaden our vistas, lengthen our horizons—become,
in short, educated?

Well sir, the first thing we must do is throw away our cur-
ricula. Tomorrow, instead of going to the same old classes, let
us try something new. Let us not think of college as a rigid
discipline, but as a kind of vast academic smorgasbord, with
all kinds of tempting intellectual tidbits to savor. Let's start
sampling tomorrow.

We will begin the day with a stimulating seminar in Hitite
artifacts. Then we will go over to marine biology and spend a
happy hour with the sea slugs. Then we will open our pores by
drinking a spell with the ROTC. Then we'll resort to journalism
and tear out the front page. Then we'll go to the medical school
and autograph some casts. Then we'll go to home economics
and have lunch.

And between classes we'll smoke Marlboro Cigarettes. This,
let me emphasize, is not an added filly to the broadening of
our education. This is an essential. To learn to live fully and
well is an important part of education, and Marlboro is an
important part of living fully and well. What a sense of com-
pleteness you will get from Marlboro's fine tobacco, from
Marlboro's pure filter! What flavor Marlboro delivers! Through
that insinuate filter comes flavor in full measure, flavor with-
out stint or compromise, flavor that wrinkled care derides,
flavor holding both its sides. This triumph of the tobaccoist's
art comes to you in soft pack or Flip-Two box and can be lighted
with match, lighter, candle, Welsbach mantle, or by rubbing two
small Indians together.

When we have embarked on this new regimen—or, more
accurately, *lack* of regimen—we will soon be cultured as all
get out. When strangers ascend us on the street and say, "What
was Wordsworth doing ten miles above Tintern Abbey, hey?" we
will no longer sink away in silent abashment. We will reply
loud and clear:

"As any truly educated person knows, Wordsworth, Shelley,
and Keats used to go to the Wildlife Fair every year for the
poetry-writing, contests and three-legged races, both of
which they enjoyed lyrically. Well sir, imagine their chagrin
when they arrived at the Fair in 1976 and learned that Oliver
Cromwell, unhappy because Charles I had not invited the
spinning jenny, had cancelled all public gatherings, including
the Wildlife Fair and Liverpool. Shelley was so upset
that he drowned himself in a bath of madness. Keats went to
London and became Charlotte Bronte. Wordsworth ran blindly
into the forest until he collapsed in a heap ten miles above
Tintern Abbey. There he lay for several years, sobbing and
kicking his little left leg. At length he returned to him. He
looked around, noted the beauty of the forest, and was so moved
that he wrote Joyce Kilmer's immortal Trees... And that,
smart-apple, is what Wordsworth was doing ten miles above
Tintern Abbey."

SPRING SPORTS PREVIEW. Coach Leon Sandifer's baseball team will be returning ten of his 19 lettermen from last year, but will be suffering from a pitching weakness which proved to be one of the strong points of his regional champs of last year. You always have to pick out a weak point in order to make things interesting, but I'll venture to say that in his hitting department he will be in fine shape. Such fine standouts as Rodney Rodgers, John Briggeman, team captain Rupert Baker, David Mason, and Jackie Williams will be expected to lead the "Gobs" into another successful season. Rounding out the returning staff will be Claude Clements, Henny Murray, Pete Schmitt, Johnny Gilson, and the lone dependable "Notre Dame" killer of the 1960 season Ken "The Ripper" Connolly.

THE THINCLADS, under the direction of Coach Gordon Schultz, will be returning such notables as Blakey Bradley who runs both the high and low hurdles and high jumps; Tom Hinkle, APSC's answer to Jim Beatty; Robert (Cobb) Parker in the javelin; Bob Binder in the high jump; James Sugg in the 880 yard run; and team captain Nick Nichols in the 440 run.

SHERWIN CLIFT will be returning five men from last year's golf team which won the VSAC crown. Steve Miller, Bob Mitchell, Don Wood, Jim McKinsey and J. W. Turnbow, who have been chipping around campus from time to time, will be in full swing for the opening tee shot on April 5. If mother nature permits the golf courses to stay dry there will be a crop of new men trying to put their way into the lineup.

TENNIS is fairly debatable at the present time. However, Coach Marion Carr will be looking forward to the returning of six of last year's team, eight of Coach Carr, an all around athlete himself in college, will sure be a vital asset to the rebuilding of last year's team. Any of you weekend tennis players who wish to compete in tennis should go over and see Coach Carr.
