Grow with Austin Peay State College

VOLUME 23

CLARKSVILLE, TENNESSEE, NOVEMBER 25, 1952

NUMBER 4

## Ten APSC Students Selected For "Who's Who"

### Three Act "Meller Drammer" To Be Staged December 3-4

Performances are now being polished and music and songs are being practiced, and stage settings are being planned as the production date of the three-act comedy, "Pure As The Driven Snow," nears.

The play, which was written by Paul Loomis opens on a dark and stormy night as Purty Dean, a working girl with a secret, seeks shelter from the storm and comes to Uland Inn. She has been told to give up her work in a canning factory because she cannot endure the attentions of Mortimer Frothingham.

Kind and penniless, Purty is seeking employment. When they offer her work as a maid at the inn she accepts with alacrity. She and the brave Leander meet. Love blooms at first sight. But Purty's new found happiness is of short duration. For Mortimer is on her trail and he catches up with her, continuing to press his unwanted attentions upon her.

Like all true heroines, Purty

repulses him, but Morty doesn't like the idea of repulses. If he cannot win her by fair means he'll resort to foul!

Shortly after Purty's arrival, a little babe is discovered in a basket in the barn. Purty insists with the Leans to allow the babe to remain. Then Mortimer instigates a campaign of villainy against her that is the last word and would wear down a dozen ordinary heroines.

In order to get Leander out of the way Morty has him locked in a room with a time bomb that is due to explode any minute and blow out her eyes to "antidotes." Fortunately Leander escapes in the nick of time and prevents Mortimer from carrying out his evil designs.

Frothingham disappears and spreads the report that he has left the country. But he comes back in the last act, heavily disguised, and once again the plot thickens. Purty is treated to another course of double crossing and double dealing.

Naturally virtue triumphs in the end and Mortimer gets his just deserts. Purty's secret is discovered and acts as a boomerang, bringing her great wealth, so that the final curtain sees her retiring her fair head on Leander's broad and manly chest.

The theme of the old-fashioned "meller drammer" is carried out further by piano mood music and a barber shop quartette to sing between acts.

The performance will be held two nights, December 3 and 4, at 8:00 in Waddell Auditorium.

### Dr. Stowe Uses Rats For Nutrition Study

In the belief that students learn best by doing, Dr. Lorraine Stowe's class of Health 121, Nutrition for Teachers, is conducting a test with white rats in conjunction with the Nashville division of the National Dairy Council. The rats are fed controlled diets deficient in certain nutrients to test the effects of malnutrition on growing animals. In this way Dr. Stowe hopes to give valuable information to the council as well as supply training and laboratory work to the prospective teachers in her class.

The rats in the test are divided into several groups, one deficient in vitamin A, one deficient in vitamin B1, thiamine, and one in which coffee has been substituted for milk in the diet. Daily observations are made as to the condition of eyes, hair, and laboratory recordings made. The animals are weighed once a week, and incidentally, the rat with the milk diet gained 21 grams per week more than the one with the coffee diet. After a five-week period, the rats which are on the deficient diets will be given wholesome diets and those now on wholesome diets will be given deficient ones.

Dr. Stowe has given the care of the rats completely to the students, which are quite a cautious beginning. The students have taken on the project wholeheartedly, and the animals have become favorite pets. Working in groups the students have built cages, cared and fed them, and kept charts on the progress of the experiment.

Dr. Stowe estimates that by the end of the experiment the rats will be comparable in age to first graders.

The Austin Peay State seniors who have been named to represent the college in the 1953 Who's Who publication are, left to right, seated — Sue Berry, Peggy Jo Stewart, Nancy Winters, Carrie Hadley, Juanita Baggett, Leah Baggett; Standing — Dawson Durrett, John Neelley, Johnny Bredien, and Harvey Pace. — Photo By Charles Waters

### Ohio State Plans Talking Yearbook

COLUMBUS, O. (T.P.) — Members of the year 1953 on the Ohio State University campus will be much more vivid thirty years hence to those who have a "Talking Makio." The Ohio State yearbook Makio (meaning "magic mirror" in Japanese) will this year be "wired for sound," the first college yearbook in the nation to try such an idea. In addition to the conventional 600-page volume, Makio subscribers will get a bonus 7-inch 45 RPM phonograph record on which there will be a special recording of highlights of the 1952-53 school year.

Heard on the record will be the live voices of those persons who figured importantly in the year's main events on campus. Also to be featured will be exciting moments from outstanding football contests of the year as heard by radio listeners; high spots at the homecoming rally and homecoming dance — with a few bars of music by the name band playing for the record, and the Ohio State songs "Buckeye Battle Cry" and "Carmen Ohio" will provide background music for the record, and a narrator will tie it all together with appropriate comment.

(Continued on Page 2)

### German Teachers Reside On Campus

Walter Meyen and Miss Gerda Remus, German exchange teachers are residing on the Austin Peay State campus until December 12.

Dwight Meyer comes from Giesebrecht, Lower Saxony, Germany. He is residing at Robb Hall.

Gerda Remus teaches the first, second, and third grades in Berlin, Germany. She is staying at Myra McKay Harmon Hall.

Both were chosen by the American Committee to visit the States. During their stay here they will observe the Clarksville elementary educational system.

Their objective is to improve the educational system in Germany.

Ten Austin Peay State College seniors have been selected to appear in the publication "Who's Who in American Colleges and Universities." Dean Bowman announced today.

The students receiving this honor are Juanita Baggett, Cedar Hill; Sue Berry, Sylvia; Jennie Bredien, Charlotte; Dawson Durrett, Ringgold; Carrie Hadley, Ringgold; John Neelley, Columbus; Harvey Pace, Ashland City; Peggy Jo Stewart, Clearwater, Florida; and Nancy Winters, Clarksville.

Eligible students were recommended by members of the faculty, the deans, and President Harvill.

Any student scheduled to graduate by August 1953 and qualifying under the following categories was considered for nomination:

1. Must have an academic average of "B" or above during the first three years of college.
2. Must have held at least one elective office for one year in some type of college organization recognized by the administration, or
3. Must have been active in at least two organizations of the college which provides membership for any or all students of the college at least one year, or
4. In lieu of being active members, in two college organizations which are open to all students of the college, one supervisory or annual recognition voted by the students may be substituted for one year of active membership as described in number 2 above, or
5. Must have received an award through some college organization recognized by the administration. These awards may be given

(Continued on Page 3)

### Twenty-Three Students Represented On Austin Peay State Campus

Twenty-three states, two foreign countries and 38 counties of Tennessee are represented in the student body at Austin Peay State College, according to information released by the registrar's office.

The majority of the students naturally come from Tennessee and Montgomery county, but at least 63 students are from other states, even as distant as California.

Students included in the tabulations make up only the regular day time classes at the college. The several hundred enrolled in evening classes, Saturday classes, and special work are not included, it was pointed out.

A large number of students are represented in the enrollments of the evening classes since many of the students are service men stationed at Fort Campbell, Ky.

Neighboring States Lead

Kentucky leads the rest in enrollment with 46 students from the neighboring counties of Christian, Todd, and Trigg. Georgia is next with 10 students, and Alabama follows with seven.

The lead then moves to Illinois and Pennsylvania with six students each, with Texas sending five.

Indiana and Virginia have four students each, and Mississippi and Michigan each have three.

Louisiana, Florida, Massachusetts, Ohio, and New York each have two students enrolled at the college.

States with one student are Iowa, California, Colorado, Connecticut, New Hampshire, Nebraska, and Arizona.

Foreign countries represented in the student body are Cuba and the Republic of Panama. Two students are from Cuba and one is from Panama.

Out-of-Town Group

Leading the counties of Tennessee are represented in the student body by five students, Smith, Montgomery, Davidson follows with 49 students. Dickson has 33, Stewart 29, and Robertson 26.

Next is Houston with 19, followed by Humphreys with 18. Hickman is next with 11, and Wayne and Cheatham each have eight students.

Other counties represented in the college's enrollment are Sumner with five students, Smith, Maury, Perry, Benton, Madison, Haywood, Lewis, Gibson, and Marion with two students each, and Hamilton, Bedford, and Obion with two each.

Counties represented by one student are Rutherford, Cumberland, Knox, Fentress, Anderson, and Overton.

### Dr. Boswell To Appear On Folklore Program

Dr. George W. Boswell, associate professor of English at Austin Peay State College, and president of the Folklore Society, will appear on the program of the joint meeting of the South Atlantic Modern Language Association and the Southeastern Folklore Society to be held at Miami, Florida, Nov. 28.

Dr. Boswell, a well-known collector of folk songs, will speak on "Some Rare Finds in Recent Tennessee Folk Song Collecting."

Others scheduled to appear on the program include Jesse Stuart, Ed Winfield Parks and Marie Campbell, Kentucky novelist.

## What Does APSC Need Most?

In your opinion, what does Austin Peay State College need most?

We realize, of course, that this is a very subjective question and possibly can not be answered by the members of the All State editorial staff; yet as both members of this publication and as students we hear many of the complaints and problems and are constantly subjected to much of the grumbling which is present on this campus.

As it has been discussed before, this particular college has been physically growing. In the past twelve years this campus has witnessed the progress of a gigantic construction program. It has evolved from a junior institution to a graduate level. Its enrollment has increased almost five to one. Yet, Austin Peay State is growing, but it's definitely a physical growth.

We wonder if the directors of the institution have been so completely engrossed in putting on physical appearances that they have overlooked the most important thing of all — the spirit of the school.

There is definitely contention, dissatisfaction, strife, lack of desire, and many other such unwholesome conditions present among some of the students which are not conducive to the bringing forth of the best in students. Each week there are numerous letters which come to the editor which are never printed, because we feel that it is in the interest of the school — AND WRITERS OF THE LETTERS — to leave their content unsaid.

No, these letters and this dissatisfaction is not coming from the often referred to as "the type of student" in the literature. This contention is expressed by the intellectual nucleus of the student body.

We do not necessarily have the solution to the problem. We are only presenting it so that it may, at least, be considered by those who are interested in seeing this school grow mentally, spiritually, and physically.

By way of suggestion, the All State editorial staff should like to take the lead in advocating the establishing of a Discussion Bureau. This bureau should be a group of students and faculty members who would handle problems out of the jurisdiction of the Student Council. Every faculty of the campus should be represented in this bureau. It should consist of state students' representatives from the singular floors of the residence halls, etc. This group should have complete freedom of expression of opinions and views.

It might possibly be better if the representatives of the bureau selected different faculty members for each meeting. These representatives should meet for the expressed purpose of clarifying points of contention between the administration and the student body.

The group would function in such a way that issues brought before it should have complete and adequate explanation, and solutions should be recommended to the administration.

All too often the students magnify certain points which, if they thoroughly understood would accept with readiness. In short, the Bureau would serve both to inform the students concerning policy and to convey understanding. Students who understand students are satisfied students. Satisfied students make better students.

If such an organization cannot be instituted, at least some of the members of the present Student Council must be enlarged to meet the need.

## LITTLE MAN ON CAMPUS

by Dick Bibler

"I'm sorry, young man, but this class is only open to psychology majors."

Letters  
To The Editor

Recently a senior at Austin Peay State College enrolled in Sociology 211 (Marriage and Family) and desiring to do research in the field wanted to check out of the library the book usually referred to as the "Kinsey Report". He was informed at the library that due to the nature of the subject covered, the signature of the professor of the course would be necessary. The professor refused his signature on the grounds that the student in question was an immature individual. The student referred the case to the administration who upheld the decision of the professor, and as it was later reported, had the book discontinued from the library.

I am in accord with the administration and the library in that the subject covered is a touchy one; however, I would like to point out that the "Kinsey Report" is a scientific analysis of facts. Further, the subject is covered in a scientific way and does not resort to cheap sensationalism as does From Here to Eternity (found in the library), nor does it treat the subject casually as does the Odyssey which we are required to read.

As to the immaturity of the student, if the student was found to be immature, why was he allowed to continue in Marriage and Family which should be quite a mature course? If immature, would removing facts from him hasten his maturity? I believe that any student who has reached college has shown maturity enough that he is capable of accepting and digesting facts. As a science major, I urge both students and faculty not to let personal ideologies slow our forward strides as an institution of higher learning. Personally I feel that the removal of acceptance of facts from the world is to be in reality what we would appear to be: all human virtues increased and strengthened by the practice and experience of them.

—Socrates.

Sincerity is a basic ingredient to every virtue. Good conduct based on non-sense is a pure hypocrisy—as hollow words.

It has been said that sincerity is the nudity of the soul. Yet, the soul is our most priceless heritage. Mankind's true beauty, and God's greatest gift to man, can be marred by superficial wrappings. Be a real person! Be Genuine!

## Food For Thought

The shortest and surest way to live with honor in the world is to be in reality what we would appear to be: all human virtues increased and strengthened by the practice and experience of them.

The Activity  
Curriculum

Once upon a time the animals decided they must do something heroic to meet the problems of a brave "new world." So they decided to organize a school. They adopted an activity curriculum and all the animals took all the courses which included climbing, swimming, and flying.

The duck was excellent in swimming, better in fact than his instructor, and made passing grades in flying, but he was very poor in running. Since he was slow in running, he had to stay after school and also drop swimming to practice running. This was kept up until his web feet were so badly worn and he was only average in swimming. That average was acceptable in school so nobody worried about that except the duck.

The rabbit started at the top of the class in running but he was very nervous breakdown because of so much make-up work in swimming.

The squirrel was excellent in climbing until he developed frustration in the flying class where his teacher made him start from the ground up instead of from the tree top down. He also developed charley horses from over exertion and so got C in climbing and D in running.

Now the eagle was a problem child and was disciplined severely. In the climbing class he beat all the others to the top of the tree, but instead of using his own way to get there, he was told that he must follow the instructions of the teacher.

At the end of the year, an abnormal child that could swim exceedingly well and run, fly, and fly a little, had the highest average and was valedictorian.

The prairie dog stayed out of school and fought the law every year because the administration would not add digging and burrowing to the curriculum. They later joined the groundhogs and gophers to start a successful private school. Has this been a moral?

Dr. G. H. Heavis  
Asst. Supt., Cincinnati Schools

## Ohio State Plans

(Continued from Page 1)  
The record will be produced by a national commercial record company on an unbreakable vinyl disc of the highest possible recording quality. It will fit into a special envelope - folder just inside the yearbook's back cover.

"To be genuine, Goethe, they say, was wholly so. The difficulty increases with the gifts of the individual. A ploughman can be, but a minister, an orator, an ingenious thinker how hardly."  
—Emerson.

## - space filler -

By Jim Johnson

Oglethorpe Ostrich, a MSC sophomore, spent the first two-thirds of this year merely watching the animated actions associated with Anacin and aperine, of Polly Plattsyus, Felix Flamingo and the convoluted conglomeration of "Polly Plattsyus" and "Polly Plattsyus". Did his perception produce proof of his pet theories that college students in general lack direction. Don't read the next issue of the All State. Read this one.

Now Oglethorpe is a bit frustrated, but he THINKS! He is not the world of vines, women and song. He is not the world of a fine bartone, somewhat staccato, his watching has resulted in several conclusions.

1. There are too many Pollys.

2. Felix should reform or go ahead and withdraw from his bad situation — or find out why he is at MSC.

3. The pss ooost ought to THINK every now and then just for practice.

Probably Og's conclusions are true. He has also thought about the Examinos — finding that some of them live, indeed, more in word than in truth. His Examinos prof for Ostrichoterrichology, cyrology (WOW!) threatened to flunk him, as did his prof for Gramma. Seems he studies some, but comes up with the wrong answers. He often works far into the night, but the results are negligible. "They don't understand him," he means. "I try hard. I'm not dumb like most of the pss, a 'campus dude' like Felix, or scatter-brained like Polly. I must be smarter than they."

Believing himself inferior, he hides his head under his small but adequate wing. He may walk around in a complete state for "they". For instance, "It's the Gramma prof. . . he just isn't any teacher. If only I had a another prof. . .". But, probably worst of all, he won't really face his problems truthfully and work from his present. Felix Flamingo has the same trouble. Poor Polly Plattsyus doesn't yet know that there are such things as problems.

As for you, the reader, you probably have some sort of trouble — too many Cadillac or girl friends (women, too many men), a small stomach ache, English Literature, Education, "people", etc., but the very best of all, some about them — the problem, not the "people" — it will be you who does something about them. As for me, leave me alone. I want to be a hermit!

The Valley of Peace

As I sit here on this mountain ridge, I look down on a warm peaceful valley, fresh with life and life. The brisk mountain air fills my lungs, and I feel an overwhelming love for the world swell within me.

Suddenly it dawns on me, that I am alone and unable to tell my fellowman of this beauty that takes my breath away, or of the peace that lies in the valley below, or of the serenity that hovers over the mountains. I am, unable to express my feeling because of the lack of training of my mind and of my tongue.

It is impossible for every man "to sit on top of the world" and observe peace below. Man's mind is too busy to attain these heights but not the education. Man, I think, sits on a corner of the world, which he calls his own, lets the factor known as life pass him by. One may say that he enjoys life without ever scratching its surface. He may enjoy governments, physical beings, mental beings, math and languages, and yet never learn of life. All these studies are really only tools with which to study life.

In our United States, our minds have the chance to absorb tremendous quantities of knowledge, and we also have the opportunity to tell those less fortunate of all that we know.

Tomorrow, our education as American citizens must shine as a beacon light. It must sit on top of the world and look down on a valley of peace.

As a student I beg assistance from the adults of today in receiving an education, so that tomorrow I shall not need to climb a mountain in order to find a valley of peace.

# Club Activities

## English Club

Betty Rye Leech, Johnnie Annin, and Doreen Weale, three Austin Peay State freshmen, appeared on the English Club's Armistice Day program at the club's last meeting.

Betty Rye gave a cutting from Mark Connelly's prize-winning play, "Green Pastures." Doreen gave an oration, "Prince of Peace," and Johnnie Annin read "America's Prayer for Peace."

The three students are former-Dickson High School honor students and have had speech in structure under Mrs. Joe D. Weems.

The next club meeting will be held December 9 in Waddell auditorium. The members are planning to give an all-campus Christmas program and every student is invited to attend.

## F. T. A.

The Future Teachers of America met and took place the week of November 17-21 in honor of the National Book Week.

Books for the display were chosen by Wilmuth Corbin, president of the F. T. A., and Miss Wille Stevens, sponsor of the organization. Material was selected with the intention of meeting the desires of all tastes and reading levels.

The week of sales, held in the Education Laboratory Room of the Administration Building, was the third such event to be held at Austin Peay.

It is hoped that Book Week will encourage reading of good books and that the distribution of such books will be intensified in Clarksville and surrounding areas.

Proceeds from sales will be used in carrying out various projects adopted by the F. T. A.

## Miss Mabel Meacham Attends Conference

Miss Mabel Meacham, dean of women at Austin Peay State College, attended the Southern College Personnel Association Regional Conference held at Raleigh, North Carolina, November 16 and 17.

Dean Meacham flew to Raleigh over the week-end for the conference which was held at the North Carolina State College.

She took part in three seminars or group discussions at the meeting, and she was a member of the membership committee.

The association is an organization of persons engaged in personnel work in institutions of higher learning. Members meet and clarify their goals and objectives and exchange information and ideas.

## Correction

The All State would like to make a correction concerning the Saturday library hours made in the last issue.

The library will be open from 8:00 a.m. until 4:45 each Saturday and it will not be closed from 12:00 until 1:00 as previously stated.

"Sincerity is to speak as we think, to do as we pretend and profess, to perform what we promise, and really to be what we appear to be."

—Tillettson.

Hart, Schaffner & Marx

On Franklin St.  
For Women Who Know

## College Women

The College Women's Club had its last meeting at a square union on Wednesday night, November 12, in the little gym in Waddell.

Mrs. Louis Calhoun, from the High School, led the calling and music was provided by Dr. George C. Grise, Mr. Lew Bodine and Mr. Harvey Pace.

Betsey Weale was served by the hostesses: Mrs. H. B. Walker, Mrs. R. C. Shastien, Miss Johnny Ford and Mrs. Edna Ford.

## Home Economics

The Home Economics Club held its regular meeting November 11 at 7:15 p.m. in the club's apartment. The program consisted of a skit emphasizing some important points in parliamentary procedure. The club plans to prepare a Thanksgiving basket for some worthy family. Plans for a Christmas program were also discussed. A social hour followed.

Following the Vocal Trio Concert, the club served at a reception in the Faculty Conference Room.

## Ten APSC Students

(Continued from Page One)

and was assigned to work as athletics, debating, etc.

Taken into consideration for the APSC club were the student's excellence and sincerity in scholarship, his leadership and his ability to handle the curriculum and academic activities. Citizenship and service to the school and his promise to future students in business and society.

Johnnie Baggett has served as vice-president of the Home Economics Club, vice-president of the Omega Club, and secretary of her freshman class. She has been on the "Prom's" list at Austin Peay four times. Miss Baggett is a Home Economics major.

Miss Mabel Meacham is a Lohar Baggett. She is a member of the Music Education National Conference, Omega Club, Methodist Student Movement, Choir and College band. She has served as vice-president of the girls dormitory, vice-president of the college band, and is a member of the M.E.N.C., and was an attendant to the Valentine queen in 1951.

Miss Sue Berry has a major in boys' mathematics and is English. She has served as president of the Galsio Club, feature editor of the All-State, Fairwell and Hall, and is secretary of the Collegiate Division of the Tennessee Association of Science.

An agriculturist and biology major, Johnnie Breeden is a member of the Future Teachers of America, and is an attendant to the Valentine queen in 1951.

With a major in biology and physical education, Carrie Hadley has served as secretary of the Student Council and is a member of the Physical Education Club.

The present of the girls' student body, John Neely, has served as a representative on the Student Council and is a member of the Future Teachers of America. He is president of the Collegiate Division of the Tennessee Academy of Science. He has served as the junior class and has served as vice-president and president of the Galsio Club.

Harvey Pace is a member of the Future Teachers of America, and is a member of the Student Council.

Dawn Durrett has a major in business and history. He is president of the Business Club and vice-president of the Student Council.

With a major in biology and physical education, Carrie Hadley has served as secretary of the Student Council and is a member of the Physical Education Club.

The present of the girls' student body, John Neely, has served as a representative on the Student Council and is a member of the Future Teachers of America. He is president of the Collegiate Division of the Tennessee Academy of Science. He has served as the junior class and has served as vice-president and president of the Galsio Club.

## AP Choir Members Enjoy Wiener Roast

Thirty members of the A Capella Choir, their guests, and the faculty enjoyed a wiener roast Wednesday evening, November 12.

Party was held at the outdoor furnace by the east wing of the girls' dormitory.

Following the wiener roast the group divided into teams and went on a treasure hunt. After an hour of dashing across the campus, "turning buildings inside out and upheaving sidewalks," the treasure was found by the team composed of Mr. and Mrs. Arthur Brown and Mr. and Mrs. Orlin Hamilton.

The treasure was four passes to the Roxy Theatre.

When everyone had caught his breath, bandaged his nose and scratches, and rubbed his aching feet, the group assembled in the girls' dormitory to play "the game." The fun really began when the participants started to play and some of the more contortions. Some rolled on the floor, some danced and pantomimed. The game was played in trying to get an idea across to their team.

Some of the committees were: Roland Cole, fire and wood; Wilmuth Corbin and Dorothy Hodges, food; Mrs. Arthur Brown and Mr. and Mrs. Marlyn Landrum; and Dr. Charles Gray, recreation.

## Library Glimpes

**BOOKS**

**The Silver Chalice:** Costain  
The silver chalice is a frame ment to hold the sacred cup from which Christ drank at the Last Supper. This novel, based on legends of the "holy grail," is a fiction, describes the life of Basil, the artisan, who fashioned the silver chalice. The scenes are laid in Antioch, Rome and Jerusalem.

**On River:** Chapin  
A popular study of the Gulf Stream dealing with the scientific and the popular aspects of the physical and the biological (There is a chapter on the Atlantic theory) and the sociological and historical influences it has had on mankind.

**One Man's America:** Cooke  
The author's study of the Englishman's reactions to life and manners in the United States.

The following additions have been made to the record collection and are now available to students: Shakespeare: The Tempest (Complete) Romeo and Juliet (Excerpts) The Merchant of Venice (Excerpts) Debussy: Children's Suite (Piano) Bach: Royal Information (Organ)

the club, the choir and the M.S.M. He has a distributive major in social studies.

A member of the Future Teachers of America, the M.S.M., and the Beta Club, Peggy Jo Stewart is an English major.

A former editor of the All-State, Nancy Winters has been very active in the Student Council.

The publication of "Who's Who in Austin Peay State" was published, was originated in 1934. Since the sixth year of its existence, the honor organization has included students from an average of six hundred institutions.

Each student, becoming a member will receive a certificate of recognition, will be written up in the "Who's Who" publication, and will be eligible to receive the benefits of the Student's Placement Service provided by the organization. Assistance in making employment contacts are supplied upon the student's request. He may wear the Key emblem of the organization if he desires to purchase it.

## Campus Chatter

What does the use know? This certain little use went on the band trip to Decatur, Illinois, last week-end. Did you? If you did you would know that the use, that is if you went to the more elite spots. If you didn't maybe we had better relate to you what the use did up about the trip.

The trip was begun with the serving of fried chicken, turkey, and stuffing. LANE. It was a shame he got nothing but some neck.

Everyone tried to get some sleep and few succeeded, thanks to MARY RYKER.

We hear that NEWT BECKER is a very generous boy, even to the point of offering to share his gal with Dr. GARY.

The use saw many, many couples, too many to relate heretofore. It also understood the couples charged so often the use could hardly keep up who was with whom.

The use told us that he, with the help of NEWT BECKER, furnished the entertainment for a party held in Room 220 Saturday night. By this time the poor little thing was so worn out that he missed many of the fun at some school. He did hear someone muttering something about having once played the "who's who" at some school. It's a shame he didn't catch the name of the school. There was also a lot of talk about "EVENING BLANKENSHIP'S pretty strait pajamas.

Finally NEWT and the use got the use to the party, they decided to break it up. If anyone ever needs any information on "how to break up" who was with whom, these two. We hear they are quite well versed in the art.

"Dixie" told us he was very glad to see that JIMMY MARSHALL took his new bride, the former BETTY RAWLFS, up for the game. Congratulations are in order for these two.

A very, very run-down use finally found his way back to the Austin Peay campus Sunday night and with a little looking found the writers of this column had hastily squelched all the dope we have just passed on.

You may think the band trip is the only place this use has been. Well, it's not. It has also been around the campus in such spots as the ALL-STATE office and the Student Center. As you know "little" uses have big cars" so we picked up some campus gossip as well as that about the band trip.

A wish for much luck and happiness goes to RALLY BOURNE and FRANK RARLWORTH. KIRKLAND and DON SWANSON. We're sure both couples will be very happy when they take that fatal dip.

It is nice to see LYNN STILES back in school after a week's absence. Do you miss your appendix, LYNN?

This noisy little use heard somewhere that 11th Airborne WARREN SOMMERFELD is going to play mood music for the band to be presented by Austin Peay students in December. It couldn't be because BARBARA DARNELL is assistant director, could it? We hear he's great. (On the piano we suppose).

## APSC Florist

You Are Always Welcome At

CLARKSVILLE, TENN. FOUNDED 1892  
QUALITY SERVICE

We Are Proud of Our 53 years of Service To Clarksville

DON DUNNIN, JOE FLUMMER, and DON KIRKINGHAM were seen on the campus last week. They are former Austin Peay students who are now in Uncle Sam's Navy.

The use told something about BEATRICE BENNETT wanting to be called "Baby Doll." The reason for this seems to be because she was called that by the boys back in high school.

A couple that has been observed to be quite steady is BILLY PRICE and KITTIE DORICH.

Who is the tall, dark man who has been seen often with ALBINE CLARK lately? The use failed to find out his name. Is it any new information comes in we'll pass it on "next time."

"Dixie" overheard some talk about the concert which was presented in dear old Stewart-Waddell auditorium last Thursday night. Several empty seats were to be seen there. Some were: ELLEN RYVES and PETE SULLIVAN, ALBINE CLARK, and ELIZABETH RUDOLPH, MARY KIRKLAND and DON SWANSON, IRENE AYER, ANNE LYLE, BONNIE GARRETT, G. R. O. R. E. NICHOLSON, JOHN HANCOCK, DAVE JOHNSON, and the ELMAN, LORENE GILLAM, and "SPOOK" DOWDLEN. It was stated that although all these people were there, several empty seats were to be seen. Don't you think more interest in these concerts should be taken? The part of the students. Remember it doesn't cost anything. Our student activity dues are our tickets to these concerts.

The use reports that the dance sponsored by the Student Council was a success in spite of unnecessary last minute complications.

The use heard somewhere that KAT THOMPSON, DOROTHY COLLIER, and HILDA JOHNSON went to Knoxville last week-end for the UT football game and the dance which followed the game. Guess they must have boy-friends up there.

Mr. Uke! Just informed us it's time to put an end to all this chatter. He told us these definitions to live by. He claims they are original, but we think he read them in the Reader's Digest.

Model husband: What some other woman tells her husband her husband is... Champagne hangover: The wrath of grapes.

Terri's cote statement made by Abe Martin: "Two can live cheaper than one, but very few girls know how to live on less than \$10."

P. S. If anyone would like to talk to the use contact BARBARA DARNELL.

## Aaron Men Blast Sewart Air Base

The Austin Peay Governors came from behind to whip Sewart Air Base 19 to 7 here Saturday night and put in a definite claim for the Volunteer State football championship.

The Governors won one and tied one in the conference and their biggest threat to the title will be from Middle Tennessee, a team that won the Govs' only V-SAC game. The conference coaches will be pulled on their choice for the title.

Sewart scored first when Jim Frisberman recovered Clifford Mitchell's fumble on the Govs' 24. Five plays later Charles Burkhead went over from the one. Ed Wilson converted.

But Austin Peay came right back and drove 35 yards out on the seventh play of the march. The big play was a 45-yard pass from quarterback Charles Oakley to Oscar Odum.

Later in the third period Freshman quarterback John Martin scored from the one on a quarterback sneak to give Austin Peay a 12 to 7 lead. George Herring converted.

The Governors' final touchdown came on less than a minute to play when Jerry Robertson broke over right tackle to score from the 10.

Again Austin Peay's defensive team turned in a sparkling performance. Only Camp Breckenridge, rated as one of the better teams in the country, scored over one touchdown on the Govs this season. Coach Aaron's line forward wall held all other opponents as a total of 87 points as the Governors wound up with a 7-2-1 record for the season.

## A.P.S.C. Teachers Visit Gallatin High

Harry L. Law, Dr. Joseph V. Thomas, and L. P. Hyatt, members of the college faculty, went to Gallatin High School recently and took part in evaluating the school. This evaluation was sponsored by the Southern Association of Colleges and Secondary Schools. Hyatt attends conference.

L. P. Hyatt, instructor in social studies at Austin Peay State, attended the 18th annual meeting of the Southern Association of Colleges and Secondary Schools at the Andrew Johnson Hotel, Knoxville.

Approximately 300 historians of the southeastern part of the country attended.

The program consisted of paper reading followed by historical, political, and economic topics of discussion.

Next year's meeting will be held at Jacksonville, Florida.

## Only My Opinion

By MANLEY BURCHETT

Austin Peay State seems to be scoring out on the field with baseball players. Lewis Glidewell has signed a contract with the Chicago White Sox as a bonus player. He receives \$20,000 dollars for this negotiation, \$5,000 this spring and another \$5,000 each time he steps up a notch. Tom Morgan has a similar contract but has not decided completely on the terms.

If Tom signs, both he and Lewis will be unable to play college ball this year, according to V.S.A.C. rules.

In the Austin Peay State - Troy State game Ted Trenton and Jim Olson were the outstanding backfield players, both showed professional characteristics in my estimation.

Most fans praise the backfield almost entirely for the team's progress and wins. In my opinion they contribute a lot toward the success.

## Govs Rip Sewart In Season's Final Game

The 1952 successful Governor football team is pictured above. Those who saw their last action against Sewart Air Base Saturday night are Seniors Bobby Ladd, Jim Odum, Charles Quarles, Carlton Rasmussen, and Harris Binkley. BACK ROW: Left to right: Tomlin, J. Fore, Brown, Drebushinski, Herring, Connor, Johnson, T. Fore, Rasminski, Ramsey, Halpborg, Binkley, Vay, Collins. MIDDLE ROW: Left to right: Lewis, Kink, Simenovich, Gann, Smith, Frith, Oakley, Quarles, John Martin, Vaughn, Hunt, O. Odum, Ballard. FRONT ROW: Left to right: Robertson, Carwright, Mitchell, J. E. Martin, Alexander, Nance, Baker, Ladd, J. Odum, Sawyer.

## Governors Stomp Milliken's Eleven

Milliken's faint hopes for a victory ending to its football campaign were smashed Saturday. No wonder as Austin Peay jolted the Big Blue 40-7.

The Governors had the hardest-charging defensive line the Milliken Big Blues had encountered all season and completely smothered Milliken's running attack. The Big Blue netted minus eleven yards on the ground.

The Governors turned two Milliken fumbles into touchdowns in the first quarter, scored two more in the second period on a 21 yard pass and a 29 yard pass, another in the third on a 55 yard punt return and the last one in the fourth quarter on a 26 yard pass.

Only a 77 yard pass play in the fourth quarter enabled the Big Blue to escape a shutout.

## Durrett To Head Business Club

Officers of the Business Club were elected at the club's first meeting November 7. They are: Dawson Durrett, president; Cernil Williams, vice-president; Sue Thompson, secretary; and Mrs. Troy Williams, treasurer.

Durrett, a senior from Route 4, Clarksville, is vice-president of the student body and a business major. Williams, a junior from Pleasant View, Tennessee, is a Business Major and is minoring in economics. A junior from Clarksville, Sue Thompson is a business major.

## Colleges Are Urged To Develop Girl Athletes For Olympic Team

Girl's schools and co-ed colleges were urged to cooperate in the development of more girl athletes in track and field events so that Uncle Sam's chances in the 1956 Olympic Games will be strengthened.

The plea came from Daniel J. Ferris, secretary - treasurer of the Amateur Athletic Union. Ferris has been at his post for forty years and has seen the sons and daughters of the Union take a lot of bumps in his time.

"As far back as thirty years ago," schools like Vassar, Bryn Mawr, University of California, Florida State College for Women and others had good women's track teams and were able to send players to the 1921 when the U. S. women dominated the distaff events at the Olympics," Ferris says.

"We have to build up our strength in the women's events and encourage women's track and field athletes like the Russians, the French and the English do. Everywhere in Europe and elsewhere over the map, women may race up to half a mile and even beyond. We limit ours to 220 yards," Ferris states.

The prowess of the Russian women athletes gave the Soviets a big lead in the recent Olympic Games at Helsinki, a lead that the American men barely managed to overcome in the eleventh hour.

"There is no secret about the way other countries develop more good women athletes in track and field events," Ferris recently said in an article for "Parade" Magazine. "The Olympics are not intended to pit nation against nation. The purpose of the Olympics is to find great athletes and it is a shame America doesn't give her girls more of a chance to be great."

Ferris said that the 1952 Olympics convinced him that women's sports, properly selected, do not produce mannish women. "Participation in track and field events will enhance rather than dilute femininity," Ferris contends.

Commenting upon the splendid fighting, never-say-die spirit of the U. S. women's relay team at Helsinki, the veteran official of AAU says: "Sports have made American boys strong, strong and even great in their sense of fairness and courage. Sports can do the same for girls and even prepare them better for raising happy, normal-minded families later on."

He says, it looks like the track and field events will have ceased to be a "men's club" by the time the chips are down at Melbourne.

Australia's Olympic Games in 1956. They will if Dan Ferris has any luck in spurring on the American universities and girls' schools in their athletic departments.

"It is not that our girl athletes are falling US," Ferris opines. "It is we who are falling THEM by not giving the same opportunities and training for track and field that we give in swimming and golf and tennis where our women athletes have to nobility."

## AP Bloor Donors Help Local Quota

Austin Peay State College made it possible for Montgomery County to reach its quota and to go far beyond in the local blood drive. Out of the one hundred and eighty pints given, one hundred and forty-four were contributed by college students.

The newly formed Phi Alpha Nu fraternity played a leading role in the blood program. They were present one hundred per cent to help the drive to go over the top.

Two days before the blood mobile came to Clarksville, a special assembly was called, and John Neelley urged all the students to take part in this major drive for blood. He also stated that if the quota was not reached, it would probably not be possible for the blood mobile to return to Montgomery County in the future.

President Harvill expressed his appreciation and gratitude for the cooperation given in the local drive, and stated that it was fully seconded by Montgomery Counts.

## Lewis Glidewell Signs White Sox's Contract

Lewis Glidewell, a former pitcher of Gorman High School's sectional baseball champions of 1952, has signed a professional contract with the Chicago White Sox.

Glidewell reportedly received \$5,000 each under a contract where he could get an additional \$15,000 if he meets certain performance requirements. He will report to the Wisconsin Rapids, Wisconsin, team of the Class D Wisconsin State League next spring. He has signed a Class C contract, however.

Glidewell, a student of Austin Peay State, is a member of the basketball squad. The school does not bar professional basketballers from playing basketball. Tom Morgan, Glidewell's former teammate at Gorman, was also a student at Austin Peay State.

Elsworth Brown, a White Sox scout who has followed Glidewell for some time, signed the Gorman pitcher.

Glidewell had two no-hitlers and three shutouts last year at Gorman, Illinois. He pitched the first game of the state tournament in which Gorman defeated Pekin, the defending state champion. He is a right hander.

After termination of the baseball season in the fall, Glidewell plans to continue on with his studies at Austin Peay State.

## Austin Peay Stops Troy State 20-13

The Austin Peay Governors advanced the Troy State Red Wave for the 20-13 thrashing they received last year by defeating them 20 - 7 Saturday night, November 8.

Austin Peay's first score came after the opening kickoff when the Governors, drove 65 yards to tally. Jerry Robertson plunged over the end from the one. George Herring's kick was wide.

Midway of the second quarter Austin Peay led a drive from the 35 and wasn't stopped until Jim Odum went over from the one in two tries.

Herring converted and the Governors were on their way. Coach Aaron's team scored twice more in the second half. Austin Peay's defense was too hard for Troy to check until Aaron had some of the reserves in for a fourth period. Troy then made it only tally.
