Quarantine	1		+1	

### MONTGOMERY COUNTY DATA

Hospital	Deaths	Total active cases	% Change active cases	Positive daily cases	% change positive daily cases
*	5	59	-49.2%	5	-13

### ADDITIONAL INFORMATION

- Numbers for 3/24/2022 reported through 3/19/2022. Data is showing a decline but there are major issues with data reporting as rapid tests and non-PCR labs are not required to report data. New variants are expected to cause an increase in cases. Until the community data is more reliable the campus COVID-19 data is probably a better indicator of our environment. Deaths still remain flat on a 7 day average which means that there are a number of undiagnosed or unreported cases, in the last 7 days there were 5 deaths.
