AUSTIN PEAY STATE COLLEGE, CLARKSVILLE, TENNESSEE

APRIL 28, 1964

Record Number Vote

Students "Go With The Best" At Polls

THREE OF NEXT YEAR'S ASB OFFICERS — Bursting forth with their best smiles after their election to the offices for next year's Associated Student Body officers: David Satterfield (left), vice-president elect, Miss Mary Smith, secretary elect and Larry Richardson, president elect. Seldon Sledd (insert) was not present when the picture was made but he was elected to the office of treasurer. (Staff Photo by Billy Nuttall)

Peace Corps Representative Will Be On Campus May 11

A representative from the Peace Corps will be on the campus of Austin Peay State College, Monday, May 11, for personal interviews with those students who are interested in the Peace Corps program.

A film on the Peace Corps and its operations will be shown by the representative during his visit on the campus. Details concerning the time and place of the showing will be announced later.

Circle K Club Selling Sweat Shirts

The Sweat K Club will sell sweat shirts today and tomorrow from 8 until 4:30 in the main room in the basement of the Student Center and in the Circle K Club office in the basement of the Student Center.

All shirts are \$3 and come in small, medium and large sizes. A supply of short sleeve shirts are available in the new summer weight.

The Student Center will be the location of the representative during the day and all students who wish to talk to him may do so.

Students Needed For Cancer Drive

One out of every three cancer patients is cured. Cured because there is money for research and medication. Won't you help the Associated Student Body members solicit funds for the Cancer Society next Monday night?

Each volunteer aide will be assigned to an ASB team captain, and asked to call at 10 doors. The material will be prepared and distributed to the student aides.

The upcoming drive will be the eighth consecutive year that APSU students have solicited funds for the Montgomery County Unit in Clarksville, Dr. Floyd Ford, president of the organization, has worked many years as a fund chairman, and will again be directing this drive.

History Society Presenting Film Tonight

The film "Battlefields of Tennessee 1861-1865" will be shown by the Montgomery County Historical Society, Tuesday, April 28, at 7:30 p.m. in the audiovisual room at Austin Peay State College.

Produced for the purposes of encouraging Tennesseans and others to visit these historic fields, the 16 mm. film is in color and the background music is typical of the times.

The picture was photographed by James Kilgore, an employee of the Tennessee Highway Department. The narrator is David Cobb of WSM Radio. Students and interested citizens are cordially invited to the viewing of this film. A second showing of the film will be made at 8:30 if the number of viewers warrants the repeated program.

All students who plan to enroll for student teaching any quarter of next year should file an application with Dr. Fred Banger, Director of Student Teaching, by May 1. Application forms may be obtained from the office of the Director of Teacher Education (B-200).

Richardson, Satterfield, Smith And Sledd Elected

Last Wednesday the student body of Austin Peay State College went to the polls in record numbers to decide which students would lead them during the 1964-65 academic year.

A total of eight candidates were running for the four offices, four candidates on each of two tickets.

When the polls were closed and the results made known, the tickets of Larry Richardson, David Satterfield, Mary Smith and Seldon Sledd had been chosen by the students as their Associated Student Body officers.

Class Officers To Be Elected Today

Today in assembly the students in each class will elect their class officers for next year. However, a new policy concerning the election of class officers has been put into effect and will be carried out today.

Each student who wanted to seek a class office was required to file a petition in the Associated Student Body office by 5 p.m. last Friday.

The petition had to have 25 signatures of supporters for the student seeking office. The student also had to indicate which office he or she wanted to seek. There will be the election today.

The following students are seeking the offices for the senior, junior and sophomore classes next year.

Senior Class
PRESIDENT: John Foy
VICE - PRESIDENT: Thomas Curtis, James (Bear) Simmons and Leonard Ston.

SEC.-TREAS.: Sarah Arnold
STUDENT SEN. REPRESENTATIVE: Judy Dias

Junior Class
PRESIDENT: Paul Dittello, Dale Knicheloe and Jerry Weatherpoon

VICE - PRESIDENT: Ronnie Ezell, Frank Hatcher, Leon Perry and Jean Saver, Jr.

SEC.-TREAS.: Susan Fudge and Barbara Smith
STUDENT SEN. REPRESENTATIVE: Glen Sullivan

Sophomore Class
PRESIDENT: Bill Arrington and Richard Omor

VICE - PRESIDENT: Terry Chappell, Robert Dorris and Don Stevenson.

SEC.-TREAS.: Bernie Aderholdt and Martha Cunningham
STUDENT SEN. REPRESENTATIVE: Joy Callardo.

Found

A sterling silver charm bracelet was found in the Student Center three weeks ago by Miss Sharon Cochran, P. O. Box 45 59.

If anyone wishes to claim the bracelet they may do so by calling Miss Cochran at 645-9983 or seeing her at Blount Hall.

The Progress Team, composed of Don Ladd, Jerry Weatherpoon, Jean Hudson and Pat Adams, were the opposing students in the election.

Final figures from the polls showed that a record number of 850 students had voted during this year's election, breaking last year's record total by 20 votes. However, the percentage of voters this year was slightly less than last year's. Last year 62.9 percent of the student body voted while 61.7 percent voted this year.

The following totals the results were as follows:
President: Larry Richardson 583 votes

Don Ladd 251 votes

Vice-President: David Satterfield 518 votes

Jerry Weatherpoon 316 votes

Secretary: Mary Smith 663 votes

John Hudson 173 votes

Treasurer: Seldon Sledd 654 votes

Pat Adams 183 votes

Following the announcement of the winners the winning ticket expressed its appreciation and thanks to everyone who had worked with them and for them during the entire period of the campaign.

"We wish to thank everyone who helped us in any way. We realize that this day would not have been possible if it were not for all of their help and encouragement," Richardson said after the election.

When asked about their plans for next year, Satterfield spoke for the group and said, "We feel that if the student support us next year as they did in today's election, we should not have too much trouble in carrying out each and every plank of our platform."

Henry McCallin, this year's ASB president, stated that the newly elected officers would actually go to work immediately. "Larry and David are going to the convention of the Southern University Student Government Association in May."

"We have just recently been accepted into SUSGA and we feel that it is important enough to send these two to the convention," McCallin concluded.

As the four weary but extremely happy victors and their supporters left for destinations known only to them they said once again to thank everyone for their support and help. "We're counting on everyone's help next year in leading APSU."

Do APSC Men Know How To Dress Properly?

This editorial is directed solely at the men of Austin Peay State College and it concerns the clothes that the men are wearing during these hot and sultry days of spring.

Lets face it men, it is hot and we don't like to wear a lot of clothes that make us uncomfortable. However, we don't have to walk around looking like a mass of rag-a-muffs who don't know how to dress.

For many years it was a great struggle to obtain permission for the men of the campus to wear bermuda shorts. This privilege was finally granted a few years ago and was received wholeheartedly by the male members of APSC. However, it seems that lately a group of individuals are depicting themselves as characters from Al Capp's "Little Abner" comic strip.

This would be fine if we were celebrating Sadie Hawkins Week or portraying the characters from "Little Abner." However, the calendar-of-events does not list either of these occasions nor has there been an announcement concerning a celebration of either of these events.

Therefore, it can only be concluded that these men who are parading themselves around with their shirt tails flapping in the breeze or wearing "bermuda shorts" fashioned by ripping the legs off a pair of pants or wearing no shirt at all, just don't care how they look. Now do they seem to care what other people think of them as representatives of Austin Peay State College.

Sure, it is true that it is a little cooler to wear the shirt out rather than tucked inside the pants but there are shirts designed for this purpose. These shirts

look fine worn out. However, the shirts which are not made in this manner look rather ridiculous when worn outside the pants.

If you must make a pair of bermuda shorts by ripping off the legs from a pair of pants, then take a few more minutes and sew a hem or cuff the shorts and make them look decent rather than something that got caught in a power mower.

Another thing that has been a sore point with some of the men of APSC is the fact that they have been asked to leave the girl's dorms because they were wearing bermuda shorts. But, there is an exception to this rule. If you are calling for a young lady and have a date away from the dorm you may call for her in bermuda shorts. However, under no circumstances may any male student visit a young lady in one of the dorm lobbies and stay for any length of time if he is wearing bermuda shorts.

This rule was made by the women's dormitory council, which is composed of the female students of APSC. They adopted this rule when permission for wearing shorts was granted. It may not meet with everyone's approval but it is better than having to wear long pants throughout the spring and summer months.

It does not take much time to look neat and well dressed, nor does it take much time to look like a hobo. Lets straighten up and fly right. Dress neatly and represent Austin Peay State College the way it should be represented.

J.R.M.

Letter To Editor

Dear Editor:

The election is over and our new student body officers for the school year 1964-65 have been selected. They will soon take over the reins of student government at APSC and begin to put their plans into action.

At this time, however, I would like to take the opportunity to thank those who ran for a job well done. The McCaslin Administration had done a great deal, in my estimation, to improve the over all student position at APSC. There have been definite improvements in our student government, and the efficient organization and execution of plans for our new Associated Student Body has been no small job.

It must also be noted that strides have been made toward improvement of social activities on campus, and although the situation as it exists is still not what we would like it to be there is virtually no comparison between the social events of the school year 1962-63 and the year 1963-64.

I think it is evident also that there has been a striking improvement in student-faculty and student-administration relations. It is true that there have been minor disagreements. These are inevitable, but there has been at least a greater harmony than before.

The student body officers are positions of much responsibility. They require much time and effort and often involve thankless tasks. This year we have been fortunate enough to have officers who met the challenges and faced the responsibilities of their offices. Thank you hardly seems adequate, but they must realize how grateful so many of us are for their untiring effort.

Frances Ann Butler

THE ALL STATE

The All State is the official newspaper of the Austin Peay State College. It is published every Tuesday during the academic year, except for post-examination periods and holidays, under the general management of Sherwin Cliff, Director of Public Information.

Facts Of Life Stressed

The goal of college is to educate America's youth and to acquaint them with the basic truths. Some of the vital truths which the present professors fail to convey are:

One sure way parents can keep their teenage daughters out of hot water is to put some dishes in it.

Astronomers point out that star clusters, galaxies, in fact the whole universe is racing away from Earth at 15,000 miles per second. Can you blame it?

Kissing a girl because she lets you lie scratching a place that doesn't itch!

A fellow will go out with a girl if she's really different from other girls — the difference being, "I'll go out with him! That little voice inside us, which used to be our conscience, is now a pocket radio."

Invariably, the contents of a will are a dead giveaway. When adults act like children, they are called "immature." When children act like adults, they're called "juvenile delinquents."

America was once "The Melting Pot" — now it's "The Pressure Cooker!" People with bad coughs should go to the doctors instead of the theaters.

Behind almost every successful man is a woman who doesn't have a thing to wear!

A loaf of bread, a jug of wine, and thou beside me — and pretty soon I'll be fat, drunk and in trouble!

Having mastered these, you may now form a line and pick up your B. S. (Bachelor of Silliness) degree.

APSC Approves Of The Job Carried Out By ASB Officers

With the election of new Associated Student Body officers and the transferring of responsibility from one administration to another now taking place, the following comments on this year's administration.

Their remarks and criticisms are as follows:

Freeman, elementary education: "I think the ASB officers have done a good job this year. They have brought good entertainment to APSC. They have also done a great deal that the students don't know about. I think they have done a very good job of improving the campus of Austin Peay State College."

Freeman, biology: "I think they have done a real good job. They seem to have improved the government of the campus."

Sophomore, English: "I think they have done a good job. I

have no complaints."

Freshman, history: "I think they did a fine job. They could have planned more social activities but otherwise, they did real well."

Freshman, history: "I think that they have carried out their objectives to the best of their abilities," especially the transition from the old government (constitution) to the new."

Sophomore, biology: "I have only one objection to the ASB officers. They did not get Peter Paul and Mary. Otherwise, I think they did a good job."

Sophomore, music: "I think they have done a real good job for the school."

Freshman, psychology: "I think they have done a good job in that they have tried to improve the constitution by a few changes."

It Happened In APRIL

30 Years Ago

The debate teams representing Austin Peay State Normal left on their first trip to Union University in Jackson, Tenn. The party was composed of Thomas Pollard, Arthur Murphy, Albert Grisard and V. C. Moffit, the teams' sponsor.

25 Years Ago

Miss Jean Livingston and Hue-In Porter, writers for The All State, were named to head the staff in 1939-40 by the faculty sponsor.

20 Years Ago

Misses Virginia Pace, Dorothy Bartlett and Mary Lowe Dickson attended the Southeastern International Relations Club Conference held at the Woman's College of the University of North Carolina, Greensboro, N. C.

15 Years Ago

Dr. Milton Henry, then assistant professor of history, attended the annual meeting of the Mississippi Valley Historical Association held at Madison, Wis., April 11-16.

Miss Martha Roberts won the contest for naming the campus combo with her name of Kampus Kids.

10 Years Ago

Miss Sylvia Smith reigned as Queen of the Iris in the annual Iris Ball held April 20.

5 Years Ago

Dr. Leon Bibb, then professor of industrial arts at APSC, hosted the program of the 21st Annual Convention of American Industrial Arts Association April 22-25.

1 Year Ago

Miss Sandra Rawls was selected as the Clarksville Community Ambassador for 1963. Henry McCaslin, Larry Haley and Miss Judy Davis were elected by the student body as next year's student body officers.

Campaign 1964 - Its Meaning And Its Aftermath

The last hand has been shaken and the smiles have lost their sparkle. The moment of victory is over. However, the moment of Truth is not over.

The colors on the signs have run due to the rain, and the print on the campaign sheets have faded. The campaign is finished. However, the platform remains. The Richardson ticket has won the campaign and thus crossed the first hurdle of politics. However, it was a small hurdle. Those hurdles ahead are more numerous and far more difficult. Already they have begun to work on fulfilling promises which can be completed now.

Don Ladd, and his supporters, in a gesture of support and cooperation, attended the victory party held last Wednesday night. In an age in which people are divided over minor differences, it is refreshing and commendable to see a defeated candidate who is big enough in character to congratulate his opponent and mean it. Despite the fact that Ladd worked hard to wage the campaign and that he desire above all the opportunity to serve his fellow students in that high office, he accepted the students' choice and pledged his complete support to the new officers. He who can accept defeat

cheerfully is also the winner.

The campaign which was launched this year was a clean campaign. Of course, there was a lot of arguing by the active supporters of both sides, but there was not the destruction of signs which characterized the elections last year. This emphatically demonstrates that college students can carry through an election in a mature manner.

Another highly commendable feature of the election was the large turnout of voters. Eight hundred and fifty students, 61.7 per cent of the eligible voters, saw fit to go to the poles. This is especially significant when we consider the mildness of this year's campaign and the fact that the total number of votes cast was greater than in the hotly-contested election of last year.

The job ahead is not entirely up to the new officers. The student body has indicated their enthusiastic support of Richardson, Satterfield, Smith and Sledd. If the student body continues to support them as vigorously next year, we will undoubtedly have the most successful and the most memorable year in the history of Austin Peay State College.

R.P.A.

Ramblings Of A Fool

The Jerks Around This Joint

By Ronold Arvid

It is said that, in the spring, a young man's fancy turns to thoughts of love. There are among the dorm residents a group of male students who just couldn't quite make the full turn. They have turned the pranks of a Ft. Lauderdale weekend into a college career.

For most students, being in college affords the first opportunity to be away from home. There are numerous adjustments to be made. Among a small group of McReynolds, Ellington, and Miller residents, there is the insecurity of being away from Mom and their favorite toy. Unfortunately, in college, there is no one to tuck them in bed at a proper hour of the night so the poor little innocents continue to play noisily in the yard into the wee hours of the morning.

A few of the male residents, like Limus and his blanket, feel insecure without their favorite toy. In order to avoid being laughed at for playing with toy vehicles, they play with the city fire trucks and police cars. These College Jerks—uh, College Joes—waste their pennies by putting them in the pay telephones in order to see the pretty red fire trucks or the pretty flashing bobbiegun machine.

Seriously, there is no place whatsoever in college for students who have displayed such an utter disrespect for the rights and reputations of others. These College Jerks who stay up all night firing fireworks and calling the police and fire departments should be dismissed from college. Even among the more conservative minded, there is a certain amount of "fun" to be expected each spring. However, a month of nearly continuous pranks is too much in most everyone's book.

The image of the college has been severely tarnished by the "fun" of the jerks. Merchants tire of sending their merchandise to the dorms only to find that there is no one to receive it or that the caller has sent it to an innocent resident. Nearby non-college residents and college students who try to get a good night's sleep are denied this luxury by a handful of little boys who insist on practicing their "right" to say and to do what they please when they please. Never have so few done so much to hurt so many.

The code of civil behavior which is held by the rest of society is held in contempt by these contemptible creatures. They care wondrously and repeatedly damaged dorm telephones, who care of low mentality does it take to produce the type of person who thinks it has the right to destroy public property and create peace? What kind of twisted mind does it take to maintain such a warped sense of "fun"? Whatever type it takes, it is certain that those possessing it have no right to be in college or even allowed to roam freely among responsible citizens.

School Spirit Remains Same

The Student Body officers are frustrated. Club leaders are at wits end. Conscientious students wag their heads wearily to and fro.

What's the great catastrophe? They are all bemoaning the loss of school spirit.

Well, let's take a gander at the "good old days." From the Oct. 11, 1957 issue of The All State:

Have You Noticed?

... the completely out-of-date records on the juke box in the Student Center?

... or rather did you notice the silence of the APSC student section, even though the Gows were winning 26-0?

... the clocks on the campus? Don't they're wrong.

... the scarcity of pencil sharpeners around the campus?

... the reluctance by students to sing "our" Alma Mater at public gatherings?

So you see, things haven't changed around here very much. We just have new faces.

And What Are You Doing?

The population of this country is 160 million, but there are 70 million over 65 years of age, leaving 110 million to do the work. People under 21 total 60 million, which leaves 50 million to do the work.

Then there are 25 million who are employed by the government, and that leaves 25 million to do the work. Ten million are in the Armed Forces, leaving 15 million to do the work. Deduct 14,800,000 housewives, who actually do nothing but housework, and that leaves 200,000 to do the work. There are 126,000 sick and invalided in hospitals, institutions and the like, and that leaves 74,000 to do the work.

But 65,000 of these are draftees or others who will not work, so that leaves 12,000 to do the work.

However, it may interest you to know that there are 11,998 people in jail, so that leaves just two people to do the work. And that is you and I, and brother, I'm getting tired of doing everything myself.

TONY'S TIDBITS

By TONY BOEHMS

Jim Stewart

Leads Cubs

STEWART

"The Chicago Cubs have decided they were right in the first place when they awarded the job of second base to Jim Stewart," was a welcome thought to the former Austin Peay College athlete.

Stewart graduated from APSC in 1961 and began his profession that summer in Class D with a .308 batting average.

This season, Stewart, leadoff man in early season games for the Cubs, is currently hitting close to a .400 clip. He hit his first major league home run last Tuesday against the Pittsburgh Pirates at Chicago's Wrigley Field.

In a recent conversation with former Clarksvillian G.B. Fletcher, the Cub second baseman revealed, "I set one goal for myself this year. I would like to hit between .275 and .280

this season. That may be a little high, but after the spring I had, I'm hoping to reach that figure."

Stewart felt early spring training pressure and made several mistakes at his second base position.

He went on to reveal this about fielding errors, "You probably had only one error in the first game and I played third. Manager Bob Kennedy told me that same would play third base, the move was only made in an effort to get me to relax. I had played the right side of the infield most of my minor league career."

"It must have helped. The last few weeks I have really felt good at second base, I'm looking forward to a good year," concluded our man in Chicago.

Sandifer Returns To Practice

Coach Leon Sandifer returned last week to his coaching duties as baseball coach after a few days set back with a bladder infection.

First indication concerning the veteran coach's condition was that he had an undetermined illness and there was some doubt as to his being able to return quite this soon.

Sandifer indicated that his strength has not completely returned and said that he will report to his physician for another check-up in about six weeks.

A Blast-and 900-calorie diet was prescribed for the coach for the next two weeks to help his improving condition.

When asked as to the prospects of the baseball squad, Sandifer replied, "I feel that we are back on the right foot now, I don't know how we got off but look for improvement in the future."

The baseball team was managed by assistant coach, Jim Lane, during Sandifer's illness. Coach Sandifer commented that, "The (Lane) hardly knew the boys and did a good job taking over with such short notice."

Tracksters Show Promise

The track squad under the leadership of coach Gordon Schultz has shown strong individual ability in their early season meets. Eight school records have been broken or set during the first five meets of the season. Records have fallen in the following events: the 440 yard dash, 880 yard run, mile run, two mile run, 440 yard relay, mile relay, 330 yard intermediate hurdles and the javelin.

The existing shot put record was bettered by newly elected student body vice-president, Dave Satterfield, last week against Union University, but his throw placed second in the event, thereby eliminating his toss from Governor record books.

Other outstanding efforts have been posted by distance runner Tom Hinkle. His efforts in the mile and two mile runs have taken the event in practically every meet.

Riley Holliday, who never picked up a javelin before entering college, has rewritten the record books in his event. Holliday's record toss of 202 feet 1 3/4 inches is only 3 1/4 inches off the Ohio Valley distance - pretty good for two year's experience.

Spring Sports Program At APSC Heading Toward Conference Playoffs

800 RECORD HOLDER — James Lamberson, freshman trackster for APSC, crosses the finish line with a new school record in the 800 yard run. Lamberson ran the distance in the time of 1:52.3 against Union University. (Photo courtesy Gene Washer)

Cheerleader Election Today

Today in assembly, the student body will elect the cheerleaders for next year.

The girls who will be voted upon were screened last night by the cheerleader screening committee.

Each of the girls was rated according to the following qualities:

- I. Ability-30 percent
 1. Co-ordination
 2. Jumping and acrobatics
 3. Technique
 4. General appearance while cheering
- II. Personality-20 percent
 1. Ability to work well with others
 2. Friendly-(The candidates were asked to converse with the members of the committee)
- III. Appearance-20 percent
 1. Neat in appearance while

attending classes and social events as well as while cheering.

2. Neat hair style
3. Not an over-emphasis on make-up
- IV. Voice-10 percent
 1. Volume (Candidate not afraid to let herself be heard)
 2. Sound of voice
 - V. Poise and Manners-10 percent

VI. Leadership and School Spirit-10 percent

1. A sincere interest in cheerleading
2. Willingness to help with other school functions

The student voting today are asked to consider each of these areas carefully when voting for the cheerleaders. More than just popularity should be considered when voting for the girls who will be the cheerleaders next year.

The 1964 edition of Spring Sports is heading into the last lap of events and this week finds eight events taking place in which Governor teams will be participating.

The baseball team will host Middle Tennessee in a double-header tomorrow beginning at 1 p.m.

The Governors of coach Leon Sandifer will be out for revenge for more than one reason when they take the field against the MTSC Raiders. The Raiders inflicted two shut-outs on APSC when the two schools met at Murfreesboro, 9-0 and 6-0.

However, the 9-0 contest was a forfeit, handed to the Raiders as a result of an argument involving the APSC players and one of the umpires.

The double-header with Middle Tennessee is the only action the baseballers will see this week.

Turning to golf, the strokers are traveling to Athens, Ga., today to participate in the Southern Intercollegiate Golf Tournament for the second straight year.

The Gobs of coach Sherwin Clift will be playing against some of the best teams in the South in the tourney at Athens.

Following the tournament, the Governors will return home for their final home match of the season when they host U-T Martin at the Cole Park Golf Course Fort Campbell, Ky. APSC defeated U-T Martin earlier this season 25-2.

The record breaking track team will take part in a dual meet at home tomorrow against East Tennessee and then head to Memphis, Tenn., for the Tennessee Intercollegiate Athletic Conference track meet Friday and Saturday.

The track squad this season already has broken records in the 440 yard dash, 880 yard run, the 330 intermediate hurdles, the one mile run, the two mile run, the 440 yard relay, the mile relay and the javelin throw.

The men leading the assault on the record book have been Bob Embury, Tom Hinkle, James Hattchett, James Lamberson, Riley Holliday and George Fort.

The tennis team will face two teams this week when they travel to Cookeville to meet Tennessee Tech and then return home to host Middle Tennessee in their final home match.

This year's tennis squad has been led by Ralph Grant, Bob Bell and Fred Alsop.

Tracksters Establish 6 New School Records; Golfers Grab Fourth Place In TIAC Tourney

During the past week, Austin Peay State College athletes came away with victories, three defeats, one fourth place finish in a tournament and three postponements.

The baseball team failed to get in a single game as rain continued to play havoc with the baseball diamond. The scheduled single encounter with Belmont College was postponed and then canceled because of scheduling problems.

Saturday, the scheduled twin-bill with Western Kentucky on the local diamond was postponed because of wet grounds. The games were to be rescheduled the first part of this week.

April 20th, the basketball team traveled to Martin, Tenn., where they defeated the U-T Martin golfers 25-2. This brought the golfers record to 9-2 as they headed into the tournament at Sewanee, Tenn., Friday and Saturday.

The scheduled quadrangular match with Middle Tennessee, Sewanee and Southwestern on Thursday was canceled because of rain.

After the first day firing the Governors of Sherwin Gilff found themselves in fourth place, 10 strokes behind eventual winner, East Tennessee State.

APSC's Jimmy Barber was the Gove's first round low shooter. He fired a 74 and was only two

strokes off the leading shooters, Bobby Stout and Joe Taggart from ETSU and Bob Boswell from Sewanee.

Other scores for APSC after the first day were A. B. Sisco, 73, Alan Browning, 78, Bob Mitchell, 79, Joe Young 82 and Don Wood, 84.

Defending champion MTSC almost retained its title when it caught ETSU at the end of regulation play. Both teams had scores of 612 for the two days of play.

However, ETSU won the title on the second hole of the sudden death playoff by one stroke.

In the individual competition Taggart of ETSU and A. B. Sisco of APSC wound up in a deadlock after the regulation 36 holes. Taggart defeated Sisco on the first hole of their sudden death playoff by recording a par four while Sisco had a six on the hole.

APSC finished fourth in the tourney, 10 strokes behind the winner with a score of 622.

The tennis team absorbed two defeats last week, losing to Middle Tennessee 9-0 and to Kentucky Wesleyan 6-3.

The track team, which won one and lost one last week, continued to rewrite the record book. In the loss to Union University, the Gove erased six records from the book in what was described as

"the best effort ever put forth by an APSC track team."

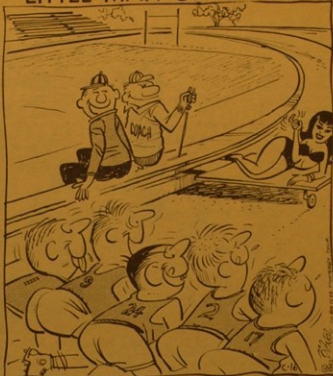

Lack of depth proved to be the downfall of the Governors as they captured seven first place positions but failed to grab enough second and third place positions. The final score was 79-57.

The records which were broken were the 440 yard dash, broken by James Hatchett; 880 yard run, broken by James Lamberson; the mile run, broken by Tom Hinkle; the two mile run, also broken by Hinkle; the mile relay, broken by the team of George Fort, Lamberson, Hatchett and Bob Embry; and the 330 intermediate hurdles, broken by Embry.

Friday night, in the first night track meet of the season, the Governors defeated the Sewanee track team 80 2/3 - 64 1/3. Leading scorers for APSC were Blakey Bradley with 18 points and Tom Hinkle, who scored 13 points.

The tracksters record new stands at three wins and three losses, which represents more track victories than were recorded in the past two seasons.

Ohio Valley Conference To Hold Pre-Season Basketball Tournament

At the annual Ohio Valley Conference meeting, held in Nashville this past Thursday and Friday, the following issues were voted upon and were either passed, voted down or tabled.

Approved a pre-season basketball tournament for Dec. 21, 22 and 23. The tournament will be held at Convention Center in Louisville, Ky.

Voted down a proposal to increase football scholarships from 40 to 44.

Tabled for another year a resolution to adopt an inter-conference letter of intent.

Commissioner Art Guepe was given a commendation for the work he has done since taking over the reins of the league. He was also given a pay raise.

Other action during the two day meeting found Bob Laughlin, athletic director and head basketball coach at Morehead State, succeed Charles (Bubs) Murphy of Middle Tennessee State as OVC president.

The office is rotated among the eight athletic directors from year to year. Roy Stewart of Murray State was chosen vice president.

The league became a member of the U. S. Olympic Com-

mittee and decided that recipients of grants-in-aid in sports other than football and basketball may not participate in those two sports.

George Fisher was asked his views on the holding of the pre-season tournament and he stated that he is highly in favor of the tourney.

"We favor it very much, will afford us an opportunity to see the other teams of the league without having to do as much traveling as we would have to do otherwise," Fisher commented.

The tournament is on a year-to-year basis. If it is a success in its first year it will be continued.

"The site was decided on because it was felt that the league could draw better in Louisville than in Nashville," Fisher said.

When asked how this would affect APSC teams in other pre-

holiday and post-holiday tournaments, Fisher stated, "It will almost eliminate us from any other holiday tournaments."

The site is not permanent. As plans stand right now, there is no plan to hold it on any of the school campuses. The dates are not permanent either.

"Most of the coaches preferred to have the tournament before Christmas," Fisher said.

Administrative Secretaries

By Jan Leftrich

The six secretaries to the administrative officers, better known as "the girls," met in the coffee corner of the Public Information Office Thursday afternoon for an interview. The coffee pot is the only item that escaped effervescent discussion. Animated, percolated conversation revealed the hobbies, hopes and high jinks of Mrs. Patty Hancock, who works for President Joe Morgan; Mrs. Betty Jo Wall, who works for Sherwin Clift; and John Martin in the Public Information Office; Mrs. Norma Clift, who offers her services in Dean Felix G. Woodward's office; Mrs. Brenda Walker, who aids Dr. Harold Pryor in the work of teacher education; Mrs. Blanche Yates, who is busy helping Dean Tom K. Savage; and Mrs. Amy Morgan, who works in Earl E. Sexton's office.

The girls have several things in common. They are all married to graduates of Austin Peay State College except Mrs. Yates (her husband graduated from the University of Mississippi) though no two of them share the same husband.

Mrs. Hancock is married to John A. Hancock, who works with the state department. His title epidemiologist, evoked a round of remarks from his wife's friends. They decided he must be one who engineers epidemics.

Mrs. Wall's husband is Bobby D. Wall, head of the math department at Clarksville High School. He has an interesting "hobby." He builds houses.

APSC's Director of Alumni and Public Information, Sherwin Clift, is married to Mrs. Norma Clift. He and Bobby Wall work on their "hobby" together.

Mrs. Walker's husband, Kenneth Walker, is a student at APSC. He and Brenda live in Clarksville and commute.

Mrs. Yates's husband is a pharmacist.

Mrs. Morgan is the wife of Tom Morgan, a teacher at Fort Campbell High School.

All but two of the women are coffee drinkers. Patty Hancock says, "I don't drink coffee, but I sure like the relaxation of a coffee break!" Brenda Walker doesn't drink coffee "except for breakfast." All six of them are willing to sit around with cups in their hands, though, if that is required before they can have a break.

They work hard. They help each other out. They use the strategy of team effort. "We deserve our coffee," they declare. John Martin, editor of *The All State*.

IT'S COFFEE BREAK TIME — Yes, even the secretaries of a busy institution such as Austin Peay State College manage to get together once in a while for a coffee break and gossip session. Shown above preparing for their coffee break are (left to right) Mrs. Norma Clift, secretary to Dean Felix G. Woodward, Mrs. Betty Jo Wall, secretary to Sherwin Clift, Mrs. Patty Hancock, secretary to President Joe Morgan, Mrs. Blanche Yates, secretary to Dean Tom K. Savage, Mrs. Brenda Walker, secretary to Dr. Harold Pryor and Mrs. Amy Morgan, secretary to Earl E. Sexton. (Staff Photo by Billy Hutton)

thinks that "if all of them quit at once the school would have to hire a hundred to replace them."

All work and no play is not the philosophy of these women. They play bridge as if it decided life and death. They have other hobbies, too. Mrs. Hancock enjoys horseback riding, all the sports and especially basketball. Mrs. Morgan likes to read and watch sports.

Mrs. Clift lists reading, bridge and music as her hobbies. A chorus of surprised voices cried "Music!" when she told her interest. Amy Morgan declared, "She plays the comb!"

Piano and sewing are the favorites of Mrs. Walker. Mrs. Yates, enrolled as a junior at APSC, taking biology, says "With three children, a job and school work, I don't really have much time for a hobby. I love sewing and flowers, though."

Mrs. Wall's hobby is under prolonged discussion by the girls. She is planning a Japanese garden with a waterfall and a bamboo bridge. "It consists of foreign objects and odd trees," was Mrs. Clift's remark. They have decided to start serving Chinese fortune cookies with their coffee. Mrs. Wall's other hobbies are reading and cooking.

The World's Fair in New York is a subject especially interesting to Norma Clift. "I expect to go there for a vacation this summer," she tells the others. "I expect to have a new house built soon." is the reaction of Patty

Hancock. "Brenda is expecting a baby," Mrs. Wall contributes.

What are the duties of the women? Mrs. Walker works with the state department of education to get teacher certificates for students in teacher education. She will leave in August, at which time Dr. Pryor, chairman of the education department and director of teacher education, she threatens to resign if he doesn't find a replacement soon.

Mrs. Hancock handles the payroll, prepares annual and quarterly reports, sponsors the cheerleaders and is affectionately titled V-P of the college. Mrs. Morgan handles school loans, and does some work recruiting students for the school. Mrs. Clift is involved in graduate work. She works with the compilation of the college catalogue, and "runs off a lot of stuff for the other departments." Her pet peeve is short paper for a long ditto or vice versa.

Mrs. Wall types statistical reports, publicity and alumni releases.

Mrs. Yates, a transplant from Memphis, keeps busy with their duties in Dean Savage's office. She has three teen-aged children, one student at APSC.

Children are another pet subject of the group. Amy Morgan has a little girl in the third

grade who "takes after her mother," according to her mother's friends. To illustrate, they like her to tell this story:

"One morning we were getting ready for school when my daughter told me she had a secret. We left the house about 10 minutes before eight. When we were almost to school, my little girl told me her secret. She had set the clock up 10 minutes so I would get her there on time!"

Brenda Walker thinks her baby will be a boy — or a girl. Next to children is a fondness for animals. Patty Hancock has 18 — animals, that is.

"I don't have any animals," Betty Jo Wall despaira, "But I have four butters in my driveway!"

SACUBO Selects Shasteen As Committeeman

SHASTEEN

R. C. Shasteen, business manager at Austin Peay State College, has been elected to a two-year term as executive committeeman of the Southern Association of College and University Business Officers.

The APSC administrator was elected to the post at the 36th annual meeting of SACUBO which was held recently in Atlanta. Some 225 college business officers attended the three-day meeting.

Some of the other officers for the coming year are president, Luther C. Callahan, comptroller, University of Alabama; first vice-president V. Howard Belcher, business manager, Randolph-Macon Woman's College and second vice-president, W. C. Freeman, vice-chancellor, Texas A. & M.

Variety Of New Conveniences Now Available At Cafeteria

HASLINGER

Would you like to go on a picnic this weekend but you don't want to bother with fixing a lunch for yourself and those going with you?

Then, the cafeteria is the answer to your problem. Yes, you may now obtain a picnic box lunch from the cafeteria and have whatever you want in it. The only thing you have to do is inform the cafeteria personnel at least three days in advance that you would like a box lunch and tell them what you would like to have in it.

Herbert Haslinger, who assumed the responsibility of managing the Austin Peay State Col-

lege cafeteria April 4, said that this is just one of the things he is willing to do for the students of the college.

"My main interest is the students and what they want. We can prepare picnic box lunches, fix special birthday cakes, hold banquets and cater to clubs on campus with enough advance notice," Haslinger said.

Three days notice is necessary for picnic lunches and at least 10 days notice for a banquet. "We have to clear it through the college before we can hold a banquet and that is why we need at least 10 days," Haslinger continued.

At the present time the cafeteria can handle at least 200 people for a banquet but with the arrival of the new equipment which is now on order this number will increase.

Haslinger came to APSC from Longwood College in Farmville, Va. "This was an all girls school and it presented some problems," Haslinger commented.

Other schools with which Haslinger has been associated are Chatham Hall and Hargrave Military Academy, both located in Chatham, Va.

Since coming to APSC, Haslinger has been very pleased with his work. "The people here are very, very friendly. I am sure that I will enjoy being here. As I said before, I am here for the students and their needs. I am only too glad to help them in any way I can," Haslinger concluded.

Mrs. Haslinger and the Haslinger's son Karl, will arrive in Clarksville in June.

Airlines have one unending advantage over railroads—they kill fewer motorists. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, more than 1,000 persons will die in railway crossing accidents each year, despite better crossing protection and the elimination of many dangerous crossovers. An always the best protection is "stop, look, listen" before driving on the tracks.

NEW MEN'S DORMITORY — The new men's dormitory, which will be ready for occupancy October 1, has passed the foundation portion of construction and has reached the first floor area of construction. The new building will be completely air conditioned and will be designed similar to the modern motels of today. (Staff Photo by Billy Hutton)

Biologists

Attend Meeting

Recently five students and four professors from the Biology Department of Austin Peay State College attended the annual meeting of the Association of Southeastern Biologists and the regional meeting of Beta Beta Beta at Emory University, in Atlanta, Ga.

Those attending were Lois Bouman, Sue Duncan, Carol Kingins, Sandra Rawls and Wesley Mangness, Dr. William Ellis, Dr. Floyd Ford, Johnny Greer and Ben Stone.

Dr. Ellis presented his paper entitled "Revision of Section Rubra of Acer in Eastern North America, excluding Acer Saccharinum L." This paper represented a summary of the research that Dr. Ellis conducted for his Ph. D. degree.

The students from APSC participated in the regional meeting of Beta Beta Beta, where they listened to the papers read by undergraduate students based on their own research.

Sandra Rawls served as vice president of these meetings during this year.

APSC Business Department

Receives Books From Local Firm

BOOKS DONATED — Tom Duffy (left), director of advertising for Acme Book Company, Inc., is shown presenting a seven-volume set of advertisement management guide books to Peter Condiles, assistant professor of business at Austin Peay State College. (Staff Photo by Billy Hutton)

Austin Peay State College was the recent recipient of a seven-volume set of advertisement management guide books. Acme Book Company, Inc., of Clarksville was the donor.

Tom Duffy, director of advertising for Acme, made the presentation to Peter Condiles, assistant professor of business at Austin Peay State, during a brief ceremony in the school library.

In his presentation, Duffy pointed out that the books, "Practical Guides and Modern Practices for Better Advertising Management," were outstanding examples of advertising management practices of some of the leading companies in the country.

He went on to say that he was elated to learn of the increasing interest shown by APSC students in marketing and advertising and that he felt these guide books

would be an excellent source of reference material for them. Condiles, accepting the books on behalf of the business department, voiced his thanks and appreciation for what he said to be a valuable tool in helping to broaden the knowledge of his marketing and advertising students.

The guide books were published by the Association of National Advertisers, Inc., of which Acme Book Company is a member.

Negro Minister Guest Speaker At Meeting

Tonight at 5:30, in the Student Center, the United Christian Presbyterian Fellowship will sponsor a supper program.

Guest speaker will be the Reverend William Wiggins, Negro Minister from Hopkinsville, who will speak on the "Purposes of Negro Organizations."

Price of the supper is only 35 cents. Everyone is invited to attend.

Coed Of Week

COED OF THE WEEK — This week's selection of coed of the week is Miss Cissy Williams, Cissy, a 5-3 freshman from Clarksville, is majoring in psychology and plans to teach upon graduation. The hazel-eyed coed measures 25-22-35 and lists skiing, reading and painting as her hobbies. She is a member of the Omega Club. (Staff Photo by Billy Hutton)
