

# GPA requirements for office impugned at luncheon meeting

Questions from a group of about 15 students touched on issues from SGA candidate qualifications to homosexuality, at the second in a weekly series of Monday noon meetings held April 3 by President Joe Morgan and Bob Huber, SGA president.

Several administrative heads also participated in attempting to answer the questions of interested students in attendance. This forum was the first to which all members of the university community, students, faculty and administration, were invited.

Following is a portion of the dialog which took place between the students and Morgan, Huber and other administrative personnel:

**Q:** Why are there any grade-point qualifications for candidates running for SGA offices? Will the grades of an SGA president automatically drop once he assumes office?

**A:** (Huber) The minimum grade-point average for a candidate used to be 2.25, but now it is only 2.1. A student must have a two-point average to stay in school. The averages of three out of four past SGA presidents did drop after they took over the job.

**Q:** The Clarksville community's attitude toward those working with the People's House seems to be affecting even long-haired students at APSU who have nothing to do with the house. Is there any action that can be taken by the university to prevent this unjust condemnation?

**A:** (Charles Boehms, dean of students) We cannot condone or criticize the (People's House) group since it has no direct connection with the university. However, I have on many occasions assured people in the community that it is not accurate

to judge students by the length of their hair or other aspects of appearance.

**Q:** What is the position of the university concerning homosexuals on campus, as mentioned in a letter to the editor appearing in the March 31 issue of *THE ALL STATE*?

**A:** (Boehms) Although some students have been sent to get help with respect to this problem, no student has been dismissed because of it since I have been dean of students.

**Q:** Why are there no students on the academic council?

**A:** (William H. Ellis, dean of faculties) This has never been proposed. I would have no objection to student representation on the academic council.

**Q:** Is there a university group that goes to businessmen of Clarksville to solicit monetary support for APSU's activities?

**A:** (Morgan) In addition to the Governors Club, primarily for support of the athletic program, there is in existence a Tower Club, consisting primarily of businessmen who annually give \$100 each, to be used as the university requests. Also some of the individuals on APSU's payroll are members of the Clarksville Chamber of Commerce.

**Q:** How much did the university pay for the army building, to be used for the ROTC program?

**A:** (Morgan) We spent \$120,000 for the army. However it was not purchased for the ROTC program, but because we needed to acquire the property.

**Q:** How can the university justify its policy of in loco parentis?

**A:** (Morgan) We like to think that we are moving away from that policy.

**ON HER TOES**—Candidates for Student Government Association offices tried to reach the voting public through speeches, debates and election posters. Here, a sorority pledge keeps on her toes and reaches back so that she can read a high-placed campaign sign. Voting took place yesterday and the results should be known today.

## Community Ambassador

### Forms ready for applicants

A summer in Mexico or French speaking Canada...living with a native family...meeting new people...all expenses paid. Where can you get the sweetest ticket? All this and more are waiting for the 1971 Clarksville Community Ambassador.

Application forms for the 1971 Community Ambassador program are available now through April 20 in the modern language department (Library basement) or at the information

desk of the University Center.

All other forms, including those sent for reference, language certification and physical examination must also be turned in by April 20.

The program is open to all university students and adults who will live in Clarksville during the next academic year.

Other requirements are good health, an interest in learning about a new culture and sharing insights with people here at home, an ability to absorb and to profit from the impact of a new culture and a full-time availability for the summer of 1971.

Applicants to Canada must have had two years current study of and a basic conversational ability in French. Applicants to Mexico may join a Spanish-speaking or an English-speaking group.

For either Canada or Mexico, the association will pay for the ambassador's tuition in a three-week intensive language course. Minimum age for application is 16.

The Clarksville Community Ambassador Association Board will screen the candidates during personal interviews on April 22.

The decision of the 15-member committee will be made known no later than Monday, April 26.

This is the 19th consecutive year that the association has sent an ambassador to another country. Countries in the recent past have included Denmark, Peru, France and Japan.

Upon the ambassador's return home he will be expected to give talks of his travels to local student, church and civic

organizations.

The Clarksville Community Ambassador Association is a voluntary public service organization supported by the United Givers Fund. It is affiliated with the Experiment in International Living of Putney, VT.

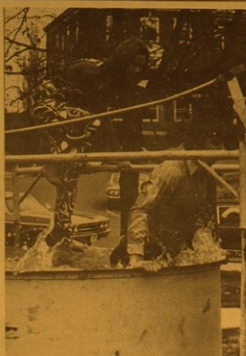

John W. Welker, associate professor of French, is president of the association's board of directors. Other members are Mrs. George Ackley; Mrs. Ed Atkinson; Bill Brent; Willie C. Cowan; Mildred Deason; Mrs. Joe Filippo; Dr. Floyd Ford; Evans Harvill; Marianne Jacquin; Dr. D.W. Johnson, Sr.; Dr. Harry L. McLeod; Mrs. Oscar Rankin; Ernest Shelton and Dr. Joseph V. Thomas.

## SGA asks for release of Calley

A certified letter requesting the release of Lt. William Calley was sent to President Nixon last Wednesday by the APSU Student Government Association.

Petitions supporting Calley's release had been circulated earlier by several SGA members, under the leadership of Steve Greenfield, freshman senator. The signatures of approximately 500 students had been secured.

A vote concerning whether or not to send the letter, signed by the SGA as a group, was taken and passed (20 to 3) at the senate meeting the night before.

**DUNK YOU!!** — Putting a chicken in your tank isn't nearly as easy as putting a tiger there, as this would-be victim demonstrates by flying the coop at the critical moment. The action took place last week at the baseball throw dunk-tank outside the University Center. The moral might easily be: "Who flies afar from a tank of sorrow is dry today and dry tomorrow."

# Huber will be tough to follow

With the Student Government Association elections yesterday, the student community (or a portion of it) has chosen a new group of leaders to deal with the problems that arise between students and administrators. It is hoped that these new officers will be able to carry on the work begun this year by the administration of Robert Huber and that they will attempt to be as effective in the field of student-administration relations as the current group of SGA officers have been.

When Robert Huber became student government president in the spring of 1970, there were a large number of persons on campus ready to express negative opinions about Huber's possibilities as a leader. Some were more than ready to throw in the towel and concede the death of the student reforms initiated last year, without giving the president-elect the benefit of the doubt.

Huber and his body of aides and associates in the senate of the SGA have pulled some surprises during the course of this school year. They began rather slow, but, by the start of winter quarter, had accelerated the machinery of the SGA and were producing results.

If the newly-elected SGA heads are able to continue the consistent and progressive activity started by the Huber administration, then it may well be that student faith in government by peers will be restored. Without such progress, it is doubtful that the downhill trend in student government can be reversed. Only now are we beginning to realize the impact the current leaders have had on student rights and relations with the Morgan administration.

## In letter to editor

## Gildrie's act commended

Dear Editor:

I am writing to call attention to a member of the faculty at APSU, whom I feel deserves our recognition and appreciation.

On Saturday morning, April 3, at 8:30, Richard Gildrie, assistant professor of history, displayed remarkable courage and concern in an attempt to save the life of a two-year-old boy in a house fire.

He entered the house and knocked on the door to the boy's room, where the fire was. However, the room was already

completely filled with flames and smoke. His singed hair was a testimony to the heat he endured in his try to rescue the boy.

Gildrie is to be commended for his actions. I believe that he is typical of the community concern and cooperation of the college students and faculty alike in Clarksville. We should all be proud of Gildrie.

James W. Clegg

Pastor

New Providence Baptist Church

## The college scene

by PAM WILLIAMS

**UNIVERSITY OF BRIDGEPORT, The Scribe.** Bridgeport, Conn.—In an effort to meet students' demands for top-name entertainment at reasonable prices, the entertainment council has come up with a referendum proposing that a ten dollar per semester fee be imposed on each student, so that more and better entertainment can be enjoyed at rockbottom prices by the university.

**UNIVERSITY OF TENNESSEE, UT Daily Beacon.** Knoxville, Tenn.—

Safety and security officials apprehended two UT coeds for breaking into Reese Hall and attempting to assault a resident.

The coeds denied needing psychiatric treatment and said that they were just trying to be friendly.

"The male resident was a little shook up when we found him in the hall, but he isn't pressing charges. The girls crept up the stairway and jumped out on their victim when he returned from the shower. They were karate experts and had no trouble in pinning the guy to the floor," said a UT detective.

(This April Fool's Edition of the Daily Beacon was run upside down on the back of the regular April 1 issue.)

**CUMBERLAND COLLEGE OF TENNESSEE, Cumberland Collegian.** Lebanon, Tenn.—It has been proposed that Cumberland College start a system of tutorial instruction which many colleges are now employing. This tutorial plan of instruction has as its chief purpose the individualization of instruction.

The method used is that of reading and group conferences with a tutor on the material read. About eight hours of directed reading a week and one weekly conference of one or two hours with a tutor will allow three hours credit each quarter.

**UNIVERSITY OF TENNESSEE, UT Daily Beacon.** Knoxville, Tenn.—Unisex is prevalent even on UT's sedately Southern campus to the extent that the only articles of clothing in this area which have not been unisexed to any extent are dresses and hosiery.

Stores along the "strip" proudly boast "Levis for Gals" or "Professional Hairstyling for Men." There are many places to buy clothing and accessories if one wants to dress as nearly like the opposite sex as he (or she) can without getting arrested. Inside these shops is an abundance of frills and bangles for males and females.

## Spring offers exciting variety

One of the brightest and least recognized of the signs of spring at APSU is the program of spring sports offered to students by the university. An abundance of fine athletic entertainment is available through Governor teams which are already competing in track, tennis, golf and baseball. Each of these teams is a member of the university division of the NCAA and their competition is of the most rugged brand.

For those who consider themselves track fans, the APSU thinsies are at their best ever and, under the direction of a new coach, Dr. Jim Jordan, are out to put the university at a mark of respectability in the tough Ohio Valley Conference. The tracksters have a new home on the recently-installed Tartan track of Municipal Stadium and it is there that they host the home half of the most ambitious schedule ever attempted by the Gov track and field teams.

The tennis squad of 1971 is full of new faces and also has a new head mentor (athletic jargon for "coach"), Jack Justice, a captain in the U.S. Army, is putting the Gov netters through a 27-match schedule, which includes at least six major college opponents from the South, plus the usual OVC competition. The netmen call the tennis courts beside the old Army home. They share that home with an equally exciting group of tennis players — the APSU women's squad, which is currently undefeated.

For golfing buffs, the APSU link squad ranks as one of the finest in the area. The Sherwin Cliff-coached team opened the season with an upset win over the powerful University of Tennessee squad and has been rolling since. The Gov golfers play home matches at Ft. Campbell's Cole Park Course and are perennial winners. The APSU schedule includes UT, powerful Furman University, Vanderbilt and the cream of the Ohio Valley Conference.

Perhaps the most colorful and exciting of the Spring sports teams has been the baseball squad. Coach Tom Wonderling's charges are playing seven more home contests in a beautiful park located at the north edge of the campus (site of the old Montgomery County fairgrounds). The spacious facility can seat nearly 1500 spectators and sports perhaps the most modern look of any college baseball park around this area. As a team, the Governors have already broken the single-season games-won mark, with their 16th victory last week. The baseball Gavs are, a definite threat for the conference title in this sport and, with the divisional playoff being held here (April 22-25), it may well be that APSU may represent the OVC in NCAA playoff competition.

It has shaped up to be an exciting spring in athletics at the university. Great play on the part of several of the squads has campus sports buffs more optimistic than ever before. THE ALL STATE congratulates each spring athletic contingent and sincerely urges those students who so desire to support each team just as enthusiastically as the teams, themselves, are performing.

## Needs new rolls

## Tower rings antique chimes

by SUSAN RICHARDSON

Every day at 12:50, 3:50 and 7:50 p.m. the Browning Building's tower rings its chimes. Unfortunately, they keep ringing to the same tunes day in and day out.

"The rolls that were bought when the chimes were new have worn out," explained Jimmy Hester, superintendent of operations and maintenance. "That's why the same songs are played and replayed."

"It only takes about ten minutes to change a roll, if we only had a new roll to put in," he added.

The carillon chimes were presented to Austin Peay State College on October 18, 1950 by Robert L. McReynolds on behalf of the Montgomery County Foundation.

The foundation was established after the death of Howard Pettus, a local businessman, who left his estate of \$750,000 to the ad-

ministration of this nine-man board.

The board purchased the \$6,000 chimes from the Schulerich Electronics Co. of Pennsylvania. APSU President Halbert Harvill accepted the chimes on behalf of the college.

Following the presentation, Guy Lynn Hague, then professor of music playing "O God Our Help In Ages Past" on the new chimes.

The selections of tunes are on rolls which are fed into a machine that plays the melody over the clock's speaker system.

"Each time a selection plays it can't last more than seven to eight minutes," explained Hester. "If it does, it will run into the clock's chiming on the quarter hour."

The selections are of different lengths and come in melody, which plays single notes, or in harmony, which includes chords with the selection.

As the selection of chime material is limited, THE ALL STATE would like to encourage any club or individual to consider the purchase of new rolls for the carillon chimes.

The Schulerich Electronic Corporation, Carillon Hill, Sellersville, Pa., has a large selection of chime material available to any interested body and would be glad to furnish a list on request.

Each selection on a roll costs \$6 and has a different length. As many songs as possible may be on a roll, as long as their total length does not exceed 36 feet. Selections in melody and in harmony can be combined on the same roll.

If the club or individual wishes a song that is not on the company's list, it can be secured from Schulerich at the special rate of \$12 per selection.

The interested party need only furnish the company with the song title, tune source and the musical score it appears in. They will inform you of the length so you will know how much footage remains on the roll for further selections.

Some of the selections available include "Dixie," "A Bicycle Built For Two," and "John Brown's Body."

If none of these songs appeal to you, then how about "Jesus Christ Superstar?"

## Thomas voted to national office

Dr. Joseph V. Thomas, chairman of the APSU modern language department, was elected national president of Alpha Mu Gamma at the organization's biennial convention in Albany N.Y. on April 3.

The national college foreign language honor society consists

by Rick Mitz

Verushka Schwartz lives dangerously.

She smokes un-filtered cigarettes, filling her already polluted lungs with smoke that she is reminded three times a day, each time she reaches for a fresh pack—may be hazardous to her already precarious health.

Verushka, weighing in at 173 pounds in her school gym shorts, has a slight tendency to over-weight, so all her drinks—coffee, daiquiri and soft—contain cyclamates, which aren't easy to get these days. But Verushka perseveres. And—get this: her salt isn't iodized.

Verushka, a good Catholic, is on the Pill—takes them religiously every a.m., making her susceptible to clotting blood and cervicic cancer. Helping her ailing condition along are the pep pills she takes during the week and the LSD she devours. Verushka is daily losing 7,364,098 chromosomes from her withering cells.

During the week, she digests ground beef—not ground round—and her breaking heart is over-

flowing with saturated fats, if you can imagine that? Her ulcer is fed with potato chips and french fries, and her little liver is nightly infested with liquor, mixed and un-

Her deodorant—when she uses one—is not extra dry. Her clothes are not wash and wear. Not even drip dry.

She smokes pot, she drives a car, she opens her umbrella indoors; doesn't knock wood; puts her shoes on the table. Her cat is a carrier; she charcoals her steaks; cooks all her food in micro-wave ovens; takes plane rides; crosses against the light—and who knows what her pet bo constrictor can do?

"At the rate I'm going," Verushka says with a sickly grin, "I figure I've got about 3 and one half minutes left to live."

Pity poor Verushka.

But in those 3 and one half minutes, Verushka—a university student with a double major in health and home ec—said she wanted to give the free world some valuable and meaningful advice.

"Be careful what you do. Never leave your room. It's just not safe to go outside."

"It's no longer safe," Verushka said, "to drink, think, swallow or yallow. It's not safe to rest, digest, perspire or tire. It's not safe to eat, excrete, die or try it. It's not safe to masturbate, fornicate, smoke or choke."

And then Verushka, who, incidentally, also has had breath, went into a coma.

In her will, she requested to be cremated—"so that my ashes can scurry through all the hills and valleys, through the cities and the country—and pollute the whole bloody world."

She was smiling when she passed away. The doctors decided that Verushka Schwartz died of natural causes.

## Students given chance to draft new constitution

Students with an interest in working on the new SGA constitution should contact an officer in the Student Government Association or come by the office in the University Center.

"Work on the new constitution will be long and tedious," said Mike Northington, SGA public relations chairman, "but this will be a good opportunity to lower your apathy quotient."

SGA President Bob Huber, Hampton Kennon, executive assistant, Christie Morgan, junior class senator, and Wayne Oldham, senior class senator, will attend the Southern Universities Student Government Association conference in Atlanta.

Scheduled for April 15, 16 and

17, the newly elected SGA president, vice-president and chief justice will also go. Approximately 75 schools attended last year's conference.

There is currently a vacant sophomore class senate seat. Any sophomore who is interested in filling this vacancy should contact a sophomore class senator or officer within the next week.

Officers are Mike Northington, Sam McCutcheon and Kristie Atkins.

Senators are Emma Gray, Kathy Alker, Claudette Dias, Terry Mason, Clint Reynolds and Dwight Lamplsey.

"We would encourage anyone with an interest in student government to make himself available to fill this vacancy," said Miss Gray.

## Chinese art in Library shows skill

During the month of April the APSU Library is presenting an exhibit of Chinese arts on the main floor. The exhibit includes Chinese paintings, crafts, costumes, printing and jade carvings.

Most of the paintings are reproductions of Chinese arts on the main floor. The exhibit includes Chinese paintings, crafts, costumes, printing and jade carvings.

The more famous of the reproductions are "A Ferry Scene In Autumn" by Chu Ying (14th to 16th century AD), "Pheasants Among Rock and Flowers," "Dog Under Flowers" and "Sparrows, Bean Flowers and Millet" by Lang Shih-Ning (1688-1766) and "A City of Cathay" by five court painters of the Chien-ling reign (1736-1796).

## Veterans establish new club

Veterans attending APSU are now in the process of organizing into a Veterans Club.

"The approximately 300 veterans at APSU could form one of the largest clubs on campus if we can get organized," commented Bill Coker.

The purpose of the new club is threefold—to help veterans planning to attend APSU, to become an active lobbying force in the SGA and to help provide veterans with scholarships and loans, through the Veterans Administration.

The group is being organized in part, because older veteran students feel somewhat alienated in a youthful college environment.

The organization is now in the process of drafting a constitution, which will enable it to gain membership in the National Association of Collegiate Veterans and to gain recognition by the SGA.

of 163 active chapters located at colleges and universities in all parts of the country.

It was founded in 1951 at Los Angeles City College to honor outstanding achievement in foreign language study on the under-graduate level, to encourage an interest in the study of foreign languages and civilizations and to promote the understanding of other peoples.

The Gamma Iota chapter at APSU has been in operation since its installation in 1965. Its main activities have been earning money for foreign language scholarships and sponsoring a local observance of National Foreign Language Week.

## Ron Cobb:

## Candidates reminded of election

The Election Board of the Student Government Association has announced the following rules governing the May 3 election of class officers and senators:

(1) Petitions, available Monday at 9 a.m., must be turned in to the SGA office with 50 signatures by 5 p.m. Thursday, April 22. If no petitions have been turned in by that time, the deadline will be extended.

(2) All candidates must meet with the SGA president and the election board chairman before campaigning begins on April 23 at 12:01 a.m.

(3) Voting will be done on May 3 from 8 a.m. to 5 p.m., unless a 100 per cent turnout warrants an early poll closing. There will be no absentee ballots.

(4) Voting will be done in the following precincts: Cross Hall, Ball Village, Rawlin Hall, Killebrew Hall, Miller - Eltington Hall, Sewer Hall, Mount Hall, Harrod Hall, Harvill Hall and the University Center.

(5) A runoff, if necessary, will be held on May 6.

## Applications taken now for fall '71 dorm space

Applications for room reservations in university residence halls for the fall quarter will be taken in the offices of the director of women's affairs and the director of men's affairs today through Friday, May 14.

All students who are presently residing in a university residence hall and who are anticipating returning for the fall quarter, 1971, are required to re-apply for room reservations.

Students who submit their applications between the above dates will be given priority over students who submit applications after the May 14 deadline and over new students who apply.

After May 14, 1971, residence

hall assignments of all students will be based entirely upon application date.

Students applying during the period above are reminded that they may request dormitory rooms by number, roommates by name and may state their preference as to telephone service.

Room reservation fees are \$10 for in-state students and \$25 for out-of-state students.

Cross Hall will continue to be used for members of the University intercollegiate athletic teams. Harvill Hall will continue to be used as an honor dorm for upperclass women with minimum over-all grade point averages of 2.2.

Ellington Hall will be used for men students. Miller Hall will be used for women students.

For further information, contact the director of women's affairs or the director of men's affairs in Room 108 of the Browning Building.

### Miss Hat and Cane

## Pageant picks Peay's pride

by MICHELE BUTTS

One will hardly be able to guess that the dazzling parade of beauties parading across the Clement stage tomorrow night were practically nervous wrecks only a few moments before.

Such is the fate of the Miss Hat and Cane contestants as hours of rehearsals and frantic, last minute searches for necessary articles leave many with the feeling of having iron-poor blood.

Considered a pageant by many contestants, the pageant is an unforgettable learning experience. Gaining poise, self-confidence and many new friends are but a few of the rewards for those willing to undergo the rigors of the practice which accompanies participation.

"Memories," the theme of this

year's pageant, will feature the blossoming of young girls into womanhood. "Thank Heaven for Little Girls," as sung by the University Singers, will usher in the 21 contestants Thursday night.

"How Lovely To Be A Woman" introduces tomorrow night's evening gown competition and "Anything You Can Do" the talent competition.

Appropriately, "Raindrops Keep Falling On My Head" will announce the swimsuit competition.

Mary Watson may long be remembered as the girl in the blue and white polka-dotted swimsuit with blue and white racing stripes. Her suit aptly illustrates Barbara West's cry, "They don't make one-piece bathing suits without ornaments anymore!"

From learning to walk all over again in spike heels to finding appropriate costumes and swimsuits, the 1971 Miss Hat and Cane contenders have indeed come a long way in their preparation.

Although little problems in fitting, balance, talent presentation, etc. will one day be remembered with a chuckle and

a sigh, they now appear to take on major catastrophic proportions.

"Everyone helps everyone else" and "Everybody's so close, like one big family" are the near unanimous comments of the girls, who don't seem to mind smiling until their faces hurt.

Friday night the contestants will be "Lovely To Look At" as they are put through the paces of evening gown, swimsuit and talent competition. Friday will begin with the introduction of the 1970 reigning Miss Hat and Cane, Debra Kesler.

The contenders will be narrowed down to a field of ten and finally five contestants. Following the announcement of Miss Congeniality, Miss Hat and Cane 1971 will be crowned.

The pageant will begin at 7:30 on both Thursday and Friday nights. The girls are divided so that one group will present their talent Thursday while the second group will appear in evening gown and swimsuit. On Friday night the procedure is to be reversed.

Student tickets are \$1.50 tomorrow night and \$2 on Friday, or both nights for \$3. Adult tickets are \$2 for Thursday night, \$2.50 for Friday or \$4 for both nights.

## Winter Dean's List shows rise

The Dean's List for the winter quarter of 1971 bears the names of 177 students, announced Glenn S. Gentry, dean of admissions and registrar, last week. This figure is seven greater than that of the previous quarter.

To qualify for the list, a student must have earned at least 15 quarter hours during the quarter with no grade lower than a C. Also the student's final grade-point average for the quarter must be at least 3.65.

Those named on the list are:

Janet B. Allen, Carolyn A. Alsbrooks, Kathryn J. Arnold, Joseph J. Arns, Mary J. Arrington, Larry L. Averitt, Mary L. Bailey, Timothy C. Barrowman, Linda G. Bedford, William H. Bodeach, Patricia G. Berberich, Wendell P. Berthausen, Jerry W. Bevins, Glenda F. Blair, William H. Blair, Geoffrey K. Boecker, Patricia L. Bumba, Kathy S. Brandon, Doyce Brandon, Jr., Jean M. Britley, Richard W. Briley, Brenda T. Brown, David L. Brumfield, Linda A. Bucy, Phyllis J. Bunell, Patricia H. Burd, Robert W. Burney, Carmen C. Burton, Charles F. Cambeski, Jr., Sherry D. Campbell, Melinda J. Casey, Vernon M. Carrigan, Joy E. Carroll, Paul P. Casale, Monte R. Caywood, Timothy P. Chilcort, Richard A. Christian, Carol D. Cole, Velma S. Cross, Bobbie R. Davidson, Gertrude N. Dael, Virgil T. ## APSU Closeup

By

DAN CHANNELL

### Westbrook cops race

Richard Westbrook, a graduate student at APSU working on his Master Degree in Education, over the weekend won the Music City Marathon in Nashville.

He ran the 26 mile 385 yard course in three hours 22 minutes and 39 seconds. The course was set up going through Percy Warner Park and Edwin Warner Park.

It was the first time for Westbrook to enter into marathon competition. Bob Brown, who finished second in the meet, was two minutes behind Westbrook when he crossed the finish line.

Westbrook said, "I tried to pace myself with Brown, but I kept getting out in front of him. I had never run this type of event before, and I knew he had, so I tried to stay close."

"Finally I just decided to run and not worry about the pace," Westbrook commented.

The Percy Warner and Edwin Warner course, they ran, has so many hills and curves it makes me try to drive around it in a car let alone run.

### Never ran track at APSU

The amusing thing about the outcome is that while Westbrook was attending APSU working towards his undergraduate degree he never ran track.

In high school he was a long jumper. He now runs 15 miles a day Monday through Friday around the Austin Peay campus. On Saturday he slacks off to 10 miles, and then on Sunday he makes up for Saturday by running 20 miles.

Carmen Martinez, a sophomore at APSU, finished first in the women's division over the 1.56 mile course. She was clocked at a time of 13:37.

### Winning slate thus far

On the season the Gov spring sport contingent has an overall record of 36 wins and 21 defeats for a .626 winning percentage.

Leading the way so far has been the link squad with an 8-2 mark in dual meet competition. Behind them is the baseball squad with a 21-8 record for the current season. They had won 11 straight before they were defeated by Bradley in the Mid-South Baseball Classic.

The tennis team holds down a 6-8 record with most of their defeats coming at the hands of such powerhouses as Mississippi State, Alabama, Memphis State and Western Kentucky.

The track squad, which is under a rebuilding campaign under new head coach Jim Jordan, have a 1-3 mark excluding the Sewanee meet last Tuesday.

## Net squad takes on Cumberland College

The APSU net squad will be going off its seventh win of the season when they face Cumberland College on the Gov courts tomorrow at 2 p.m.

The following Friday and Saturday the net contingent will meet Morehead State at 2:30 and then Eastern Kentucky at 1 p.m. on the respective days.

Tuesday the Governors will finish out their four match home stand with a return match with UT Martin. Earlier in the season the Govs downed the Vols 9-0.

Last week they downed Kentucky Wesleyan 9-0 and Edinboro State 7-3 before dropping a decision to Western Kentucky 8-1.

In the Edinboro State contest, the Govs were paced by Erasmo

Sanhueza who defeated Delber Lemon 6-1, 6-2 in first singles competition.

### Governnetters' mark perfect

The APSU women's tennis season record remained unblemished as the squad defeated David Lipscomb by a score of 9-0 here last Friday afternoon.

The victory marked the fourth straight win of the season for the first year squad coached by Miss Lynn Dunn.

The teams next outing will be April 21 against Lipscomb on their home court in Nashville.

# Gov link squad defends TIC golf crown this week

(from APSU Public Information Office)

APSU's golf squad will be in Sewanee this weekend to defend their crown as Tennessee Intercollegiate champion.

The four players who carried the Governors to the title a year ago over the 6,235-yard Sewanee golf course will be among the six-man team trying to make it two in a row.

John Eddington, who copped the individual crown last year with a brilliant six-under-par total, Terry Stewart (third a year ago), Jerry LaBarbara (fifth) and Dennis Rice (fifth) will again anchor the team for the 34th renewal of the TIC. Freshman Mike Carn and junior college transfer Leo Hayden will round out the squad.

"We won't even be the favorite," laughed Gov coach Sherwin Clift, "and we set the tournament record last year with a six-under-par team total. Everybody's picking East Tennessee."

"We've never been the

favorite, and we've won it twice—so who knows, we may pull it off again."

The Govs will be in the University Division of the tourney pitted against East Tennessee, Middle Tennessee, Tennessee Tech and Vanderbilt. The only other University Division teams in the state are Tennessee and Memphis State; both are by-passing the tournament again.

Tennessee, which lost to APSU in a dual match in Knoxville on March 12, has never won the championship. Memphis State has won the title four times, but that was in 1949, 1950, 1953 and 1957.

APSU, which was listed in the May edition of "Golf Digest" as one of America's top golf colleges, also won the state collegiate championship in 1966.

Owner of an 8-2 match mark this year and 47-5-2 for the past four years, APSU has not reached its peak this spring. "We've been hampered by bad weather and an influenza out-

break, but I think that all of the players will be in good health for the tournament," Clift said.

Last Wednesday's scheduled quadrangular against Vanderbilt, Middle Tennessee and Tennessee Tech was cancelled since the Govs had three players sick with influenza. The Govs were scheduled to meet Northwood Institute yesterday at noon at Ft. Campbell's Cole Park Golf Course.

The Govs finished a weak sixth in the third annual Mid-South Intercollegiate Golf Classic held at Sewanee last weekend. APSU fired a 36-hole aggregate total of 617.14 strokes off the pace set by Middle Tennessee. UT Martin (609) was second via a playoff. Morehead (609) was third, followed by Southern Illinois (613) and Tennessee Tech (616).

Other team scores were Illinois State (619), Vanderbilt (628), Sewanee (631), Southwestern at Memphis (643), Carson-Newman (648), Indiana State (650), Belmont (669) and David Lipscomb (674).

PICK OFF—A Gov base runner tries to get back to first base as the Wisconsin State at Platteville first baseman readies for the pick-off throw from the mound. The Govs won two from the Wisconsin club to boost its over-all record to 21-8.

## Govs face MTSU on the road

The APSU baseball squad will go on the road tomorrow for a double header with Middle Tennessee in Murfreesboro. They will then return home for two home games Saturday.

The first contest will be with Murray State, defending OVC champs of last year, and the second with Northwood Institute of Michigan.

The starting time for the Murray contest will be 12 p.m. while the Northwood Institute game will be played at 4:30 p.m.

These games will be a time-up for the Divisional Playoffs in OVC competition on April 22-25.

APSU hosted the first annual Mid-South Intercollegiate Baseball Tournament last Saturday, and saw Bradley, a

member of the Missouri Valley Conference, take the championship from Western Kentucky by a score of 4-0.

The Gov squad lost in the first round of the double elimination tourney as Bradley posted a 3-2 win.

Western Kentucky edged by Tennessee Tech in the first round by a score of 3-1 for the chance to meet Bradley in the finals.

In the consolation with the Tennessee Tech squad the Governors were downed 5-4 in extra innings.

The Governors scored a double win over Wisconsin State at Platteville last Friday afternoon that set a new school record for APSU. They collected their 11th con-

secutive win, eclipsing a mark set in 1958 of 10 straight. The Governors also set a mark of stolen bases.

### Bulletin

The Austin Peay State University baseball team defeated Quincy College 5-2 and 2-0 in a double-header at the Govs' baseball park Monday afternoon. APSU upped its overall record to 23-8 with the double win.

The winning pitcher for the Governors in the first game was Dallas Cheaman. His record is now 1-0. The winner in the second game for APSU was Ron Farmer. Farmer holds a 2-0 pitching mark.

The Tom Wonderting-coached diamond team was to have played another twin bill at home yesterday before taking to the road for a game at Middle Tennessee this afternoon.

FINISH ONE, TWO - Robert Elizer and Eddie Richbourg finished the 440-yard run with Richbourg finishing just in front of Elizer with a 51.1 time. In the triangular meet with UT Martin and Carson-Newman the Gobs won with 73 points to Carson-Newman's 58 and UT Martin's 28.

## Kelly looking forward to 1971-72 hoop season

by JIM CRAWFORD

The new head basketball coach of APSU, Lake Kelly, has said, "I'm really looking forward to next year."

Kelly took the head coaching reins upon the retirement of former head mentor George Fisher at the end of the past season.

Kelly went on in saying, "We will have a large squad returning. So we should be able to find 10 or 12 boys that can really help us. Larry Noble is the only starter we lose."

Noble, a Turkey, Kentucky native, ended his basketball career in the final game of the season with the surprising upset over powerful Western Kentucky.

Coach Kelly feels that the Gobs are in great shape for a prosperous season in 1971-72. "The two scholarship boys from this year's freshman team, John Reid and Robert Turner, will be able to help us. Plus Howard Jackson becomes eligible next season," Jackson is a strong rebounder and is very quick. Among those returning next year who saw a lot of action this past

season will be Greg Kinnman, Jerry Stephenson, Tom Santel, Jerry Wanstrath and Lovie Fry.

In regard to changes that will be made in the system Coach Kelly said there will be some changes as there always is with a change in coaches. As to next year's game plan Kelly says that the Gobs will run a fast break type basketball when they can, but that they will set the offense up if they don't get the break.

In addition he says that there will be a strong emphasis placed on defense in the 1971-72 campaign.

"It might take the boys a little while to get adjusted to the changes," Kelly explained, "but after that we'll be all right. However, one thing we won't change from this year is that we intend to win more games than anyone else."

When asked his opinion about the past season coach Kelly said, "We showed in the last two games of the season that we can be as good as we want to be which will help us next year. We had a good start this year and then we hit a slump and lost some games that we shouldn't."

## Gobs host dual meet Saturday

This Saturday the Gov track squad will host a dual meet with Berea College in the Municipal Stadium at 1 p.m.

The Governors will be going after their second win of the season under the direction of Dr. Jim Jordan. Their first win of the season came when the Governors downed Carson-Newman and UT Martin in a triangular meet last week.

In that contest the Governors racked up 73 points, while Carson-Newman and UT Martin could manage 58 and 28 points respectively.

The Governors won 11 of 15 events in the meet, and they finished second in six more events.

Frank Wilson won the 100-yard dash and the 220-yard dash with times of 10.0 and 23.0 respectively. He also ran the anchor leg in the mile relay which turned in a time 3:32.2.

Other winners were Eddie Richbourg in the 440-yard dash, D. D. Redmond in the 880-yard run, Chuck Nelson in the mile run and the three mile run, Eddie Smith in the discus, Ronnie Fugua in the long jump and Elliot Terry in the triple jump.

## Hampton inks Gov aid; second signee of the year

Kemp Hampton, standout forward for the Clarksburg (Tenn.) High School basketball team for the past four years, has become the second signee to an Ohio Valley Conference basketball grant-in-aid during the current recruiting campaign at Austin Peay State University.

Hampton, son of Mr. and Mrs. Arthur Hampton, was signed at his home by new APSU head basketball coach Lake Kelly.

"We feel that Kemp has the ability to play either guard or forward," Kelly said about the 6-5, 220-pound prospect. "He has the strength to play inside and the quickness to play outside."

During the just concluded season, Hampton averaged 23

points a game and 14 rebounds, leading the team in both categories.

Coached by Paul Newman, the future wearer of the scarlet and white was named to the All-District and All-Region teams this year as well as being an honorable mention All-State player.

At the conclusion of this year's play, Hampton was named the Most Valuable Player at Clarksburg High. He won four letters during his high school playing career in basketball.

Hampton joins Richard Jimmerson (6-6, 190) from Clarksburg High School as members of next year's freshman team at APSU.

## APSU puts up for bids treasured trivia tonight

Just as MGM motion picture studios cleared the memorabilia of past decades from their warehouses and back lots, APSU will be auctioning university-owned items now stored in the fairgrounds building.

Students, faculty and staff will have an opportunity to place their bids for such Peay trivia as bathtubs, sinks, metal fire places, a circular dining couch and even a commode back.

"We really hate to loose these

treasured items," said Bobby Wall, director of housing and security, "but in the university's current financial state we are willing to make sacrifices."

The auction will take place tonight at 7 in the fairgrounds building. The building will open at 5 p.m. for those who wish to inspect the items before they are placed on the block.

Included in the sale will be desks, chairs, tables, beds, dressers, book cases and lights.

## Regulations for parking expand gap

by JO MONTAGUE

Parking tickets have become a stumbling block in the relationship between the security office and the student," disclosed Bobby Wall, director of housing and security.

"We issue an average of 30 tickets each day," he continued, "and have people who will receive as much as \$100 in fines each quarter for the same violations."

Wall pointed out three parking infractions which will be receiving special attention from his department in the near future.

The most common involves the resident who registers as a non-resident and purchases a commuter decal allowing him to then park in commuter lots undetected by the security police.

Frequently a violation occurs when an upper-classman buys a resident decal and gives it to a freshman, who is not allowed to purchase decals.

Finally, Wall points out that residents of the men's dormitories have been parking in the women's dormitory lots, thus adding to the parking dilemma.

"We are aware that these violations exist," explained Wall, "and we are going to make an effort to check all decals that have been sold with the car registrations to determine if the buyer is eligible for this parking privilege."

When a student receives a ticket, he has seven days to either pay the ticket or register to appeal the violation. After seven days a \$2 charge is placed on each fine.

At the end of the quarter all unpaid fines are sent to the business office which is responsible for their collection. Students with unpaid fines will not be allowed to enroll the

**NO PARKY, NO TICKY-** Giving 'em one for the Gipper, campus policeman Raymond Harris writes out a ticket for a parking infraction. Violations of parking regulations will be given special attention from the Housing and Security Office in the near future.

following quarter, while graduates with fines will be unable to receive copies of their transcripts.

"If a person receives a ticket and feels it is unjustified," says Wall, "they have only to sign the appeal list at the security office within the same quarter they receive the ticket."

Mitchell Johnson, chief justice of the Student Tribunal and a member of the traffic appeal board, said about appeal procedures, "What we are trying to do is to let students know that when they come in front of the board, they have already been charged with a violation and it is up to them to prove the charge

invalid."

Johnson went on to explain that if there are extenuating circumstances to a case, witnesses or evidence must be presented at the time the appeal is heard. Appeal from this court goes to the tribunal and ultimately to President Morgan.

Johnson felt that the expansion of certain parking lots would help, however Wall pointed out that if the present facilities were utilized correctly this would alleviate the problem. As an example he cited the large number of parking spaces available during normal school hours by the armory and across from the stadium.
