Major Actions or Accomplishments:

- University wide assessment was moved from using the Nuventive software package to using Microsoft Teams.
- The review of assessment plans for academic and administrative units was moved from September of the current assessment year to the Spring of the preceding assessment year. Previously feedback was always provided too late in the academic year to be useful to departments. This will allow units to make any changes to assessment plans PRIOR to the 2022-2023 academic year.
- IE subcommittees reviewed the upcoming assessment plans of student learning outcomes in academic and administrative units during the spring 2022 semester and provided feedback units by the end of spring 2022.
