

## Standing Committee Annual Report

**Name of Committee or Council:**

Survey Policy Oversight

**Chair:**

Andrew Luna

**Meeting Dates in Current Year:**

8/13/22; 9/24/22;

**Major Actions or Accomplishments:**

SPOC's year was rather slow. In our first meeting, we introduced the new committee members with the policies and procedures of the committee. We then reviewed recent changes to the policy that were made by the University Policy Committee upon recommendations by SPOC. This year, we also changed the SPOC request form to be more user-friendly.

We only had five survey requests. Most of these were exempt from SPOC review with only one needing review.

While we do anticipate more survey activity in the coming year, we believe that everything is still manageable with the existing committee structure.
