CLARKSVILLE, TENNESSEE, OCTOBER 19, 1949

NUMBER 1

Proposed Boys' Dorm

Dorm, Health Buildings To Be Constructed Soon

Proposed Boys' Dormitory Building

Realization of a new men's dormitory is imminent as advertisements for bids go out within the next few days. Pres. Harvill states that the architect's plans are complete and the work for actual construction is clear.

Plans of the dormitory call for fifty-seven student rooms housing 114 students. Two bedroom apartments on the lower floor are also included and these apartments will be occupied by faculty members. This modern dorm will be erected on the present site of the veterans' trailers and will face Drane Street. The architectural design will be in conformity with that of the other new buildings, Georgian Colonial.

The fact that Austin Peay is growing by leaps and bounds makes this building a welcome asset to the campus. It was pointed out at present all male students residing on the campus are experiencing an unpleasant shortage of living space.

HEALTH AND EDUCATION BLDG. LOCATION:
According to latest information the new Physical Education Building will be located on what is now the site of the diamond and should be started soon after the men's dorm gets under way.

The new building will contain two separate gym floors, locker rooms, an office, classrooms and a cafeteria. The seating capacity of three thousand.

SCIENCE BUILDING EQUIPMENT:
Installation of equipment in the Science Building is nearing completion and the halls will soon be cleared. Wood and Oak desks are being installed through out the laboratory section. Rooms 101 and 102 are equipped with the latest in comfortable padded seats. The projection room, 102, has a seating capacity of about two hundred and the seats, which are on an incline, offer perfect vision.

ADMINISTRATION BUILDING COUPANS:
The new Administration Building is nearing completion. Interior decorating is now in process throughout the building. President Harvill reported recently that the administrative office will probably move in early November.

OLD BUILDINGS RENOVATED:
The college cafeteria has been renovated. (Continued on Page Six)

Enrollment Hits 1194 Record

Austin Peay State College is literally bursting at the seams with the largest enrollment in its history.

Eleven hundred ninety-four students are receiving instruction through the college this fall, according to figures released from administrative offices. This record exceeds last fall's enrollment by 317 students.

Topping the 1948 Fall record of 477 regular day students, this quarter's regular student body exceeds the 500 mark.

The remainder of the collegiate enrollment includes 147 evening students, 63 in-service teachers, and 101 students in off-campus workshops.

In the sub college level 314 students are enrolled in the vocational at training classes. This group, composed entirely of veterans, includes 250 students in on-farm training and 64 students in the auto mechanics school.

Dormitories Filled:
Both Robb and Calvin Halls dormitories for men have been filled and additional rooms have been provided in the former student room. Several of the rooms with accommodations for two men are now serving three.

Myra McKay Harned Hall, women's dormitory, is also near capacity.

Six Hundred Attend Meeting

Approximately 600 teachers and supervisors attended the second annual Reading Conference held on the campus September 23 and 24.

Teachers from the 13 counties of Middle Tennessee served by A. P. S. C. attended the two day conference held at the armory. Also attending were representatives from Middle Tennessee State College, Murfreesboro, and representative from the State Department of Education.

The conference began last year as a part of the state's plan to improve the teaching of reading in elementary school by bringing the teachers together with experts in that field.

Principal speakers and advisors at the conference this year were Dr. A. S. Artley, associate professor of education and director of the Child Study Clinic, University of Missouri; and Miss Carolyn M. Welsh, Reading Clinic, Department of Psychology, Temple University.

Band Strives To Fill Quota

The college band is in a current drive to increase their membership to fifty students. At present there are only thirty-three members.

If the quota of fifty can be reached the band will attend all out of town games. It was pointed out that the band is in need of:

A beginning band section has been formed with seventeen students attending. All students who can not play an instrument and who have the desire to learn are urged to enroll in the class.

Professor Bogue, band director, solicits any student that has had some experience with band instruments, to join the organization. Rehearsals are held at four o'clock Tuesday and Thursday in the band room.

The regular band includes: J. B. Bond, Jean Bratton, Rebecca Bratton, Nancy Dowlen, Mary Sue Horn, Margaret Sexton, and Fidd Wiley, B-flat clarinets; Judson Maddox, alto clarinet; Dorothy Powers and Patsy Short, alto saxophones; Charles Freeman and Larry Hagedorn, tenor saxophones; Pete Williams, French horn; Kenneth Curry, Jimmy Gibbons, Martha Hollowell, Earl Mitchell and James Nolan, trumpets; Cattle Patterson and Joe Stitt, baritone; Ronald Frost, John Bellamy, Talm Carter, Evelyn Osborne, trombones; Joe Jackson, Robert Krueger, and Ed Miller, basses; Jerry Malone, bass drum; John Wilson, snare drum; Irene Armistead, symbols; and Grace Chaves and Eloise Robertson, majorettes.

Classes Elect New Officers

Class officers for the 1949-50 college year were elected Wednesday, October 5.

Charles Marsh was elected president of the Senior Class; Jack Adkins, vice-president; and Miss Evelyn Bell, secretary-treasurer. J. W. Morrison and Ryan Holley were chosen to represent the class in the student council. Faculty sponsors for the class are Hugh M. Pollard and Miss Johanna Givens.

Merwin Bourne heads the Junior Class; Joe Jackson, vice-president; and Nancy Dowlen, secretary-treasurer. The student council representatives are Jerry Malone and Miss Martha Parker. Judson Maddox was named sergeant-at-arms. Miss Margaret E. Ward and Coach Don Gary are the faculty sponsors.

The Sophomore Class chose Jimmy Lewis, president; Carlyle Thomas, vice-president; Miss Margaret Sexton, secretary-treasurer. Larry McMillan and Kenneth Curry, Jr., were named student council representatives. The faculty sponsors for this class are Miss Ruth Garrison and Coach Leon Sandifer.

Gordon Potter was chosen president of the Freshman Class; Bobby Leidy, vice-president; Miss Mary Ann Harris, secretary; and Miss Myra McCraw, treasurer. Student council representatives are Miss Dorothy Norfleet, and W. C. Bass. Coach Dave Aaron and Ted C. Coburn were chosen faculty sponsors.

New Faculty Members Create Largest Staff In APSC History

Currently boasting the largest staff in its history, Austin Peay State College recently announced the appointment of a host of new members to its faculty. Expanding departments, as well as vacancies resulting from resignations of former faculty members, necessitated the new appointments. They are as follows:

MISS WARD, Miss Margaret Ward is a new addition to the English department. She received her A.B. degree at De Pau University in Indiana. A graduate of the University of Tennessee where she has been graduate assistant in the department of speech. Courses taught by Miss Ward include public speaking, debate, radio production and presentation, play interpretation, and play production.

MR. KEEFE-D. J. Keefe is filling the position in the English department recently vacated by F.

Many Students Practice Teach

Twenty-seven students are practicing teaching in the local schools as part of the Education program of the college.

Those teaching in the Elementary Education field, under the supervision of Miss Stevens, are: Mary Lou McChes, Mary Mann, and Mrs. Annie Ruth Walker. They are teaching at the New Providence Demonstration School.

Under the supervision of Dr. Colliston in the secondary field, and teaching at Clarksville High School, are: Paul Aaron, Hester, as a physical education; James Stone, health and physical education; Betsy Giles, health and physics; Mary Eva Fife, chorus; Arthur Reynolds, history; Andrew Stitt, geography; William Herdun, mathematics; Dan Elliot, geometry and physics; Gene Blackwell, shorthand and physical education; Homer Paschall, algebra; Cecil Lacy, home economics; and Kyriakos, geography and bookkeeping; Charles Marsh, typing; Betty Anderson, shorthand; Marshall Green, typing; Donald Miller, chemistry and physics; Homer Bell, health and physical education; and Paul Brown and Wrayland Alamp are coaching at Howell and Saint Mary's respectively. They will be certified in Secondary Education.

Meacham Heads Faculty Council

Miss Mabel Meacham, Dean of Women, will succeed Dr. Leslie Collinson as president of the College Faculty Council. It was disclosed last week.

Charles Waters, publicity director for the college, will replace Professor Russell Spafford as secretary of the organization. Named to serve on the executive committee were: Burns L. Darden, Miss Willie Stevens, and Russell Spafford.

Composed of both the college faculty members and the administrative officers, the Faculty Council studies problems of the teachers and makes recommendations representative of the teaching staff.

Create History

Dr. Trandy worked in various capacities for seven years before going to college, and has done social work and teaching at Fort Republic and in a private school at Farmington, Mich.

He is a member of the American Historical Association, Jacksonville, the National Council on Family History, the American Association of University Professors, and Pi Gamma Mu, national honorary social science society.

DR. TANDY-W. Leo Tandy of Chicago Heights, Ill., has assumed the position of professor of economic and sociology. He holds a B. A. degree from Wayne University, a M. A. degree from the University of Michigan, and obtained his Ph. D. from the University of Illinois. He has taught at Milwaukee State Teachers' College, at the University of New Mexico, and at the College of the Ozarks, Clarksville, Arkansas.

WANTED — COOPERATION IN A VITAL MATTER

The college band is in a current drive to gain new members. It now numbers thirty-three; the goal is fifty. If the band can increase its membership by fifty, it can attend every out of town game. The problem is, can the organization achieve this goal? Can it be reached before the football season is over?

The band deserves every support the student body can give, for it is truly representative of our college.

We have an excellent college; a college that has awakened in its members of expansion and efficiency. The football team is of championship caliber. The faculty, growing in quality and quantity, is meeting the college's needs. The campus is in the midst of an extensive building program, with two new buildings completed or nearing completion. Two more are authorized. Enrollment has broken all precedent. The band must keep pace with this progress in its turn. It must not lag behind due to lack of interest and school spirit. For if it does the college suffers — the students suffer.

The band has made strides in this drive; it has increased its membership approximately half. It should and could double that. A large band is needed since its adds color to a football game, brings recognition to the school in a parade, and adds enjoyment to the pep songs and airs.

Too often we derive pleasure from its music and offer nothing in return. Those of us who should play the band and those of us who have any musical inclinations toward producing music should grasp the opportunity of enrolling in beginning band. Only with a good band can we raise school spirit, and without school spirit we can have no pride.

The band's drive for membership is a challenge to the students. Will the band reach its goal?

OF MICE AND MEN

Have you noticed the increasing number of fans at the Governor's football games?

A few years ago, a thousand paid admissions were considered pretty good and a fair compliment to the team.

This season if less than thirty-five hundred are in the stadium there is just cause for disappointment. Here is the reason:

Build a better mousetrap and the world will beat a path to your door. The same applies to football.

"THE QUALITY OF MERCY IS NOT STRAINED..."

Little "Snooky", six year old daughter of Chester Price, a student of this college, has undergone a serious heart condition operation at Vanderbilt Hospital. The latest reports say that Snooky is progressing nicely. All opened their hearts and purses to the little girl. Large contributions were received from Camp Campbell as well as from townspeople and students. All contributed to this brave, though weak, little heart's fight. "The quality of mercy is not strained..." It blesses him who gives and him who receives.

Among the finest and noblest qualities of mankind are generosity and sympathy. Snooky got both and Snooky won.

STUDENTS, IT'S UP TO YOU

Austin Peay has new buildings that are immaculately clean. The old buildings have been renovated. The state of Tennessee has spent a vast sum of money in doing this. Whether they can retain their present state of attractiveness depends almost entirely upon the students.

Did you ever hear Professor Edwin Stover play "Swiss Lullaby"? If you haven't, Joe College, you've missed something.

From The Knee

By Andy Stitt

I must be losing my touch after one year of the Knee. I haven't been able to work my way up.

Miss most: Frank Henry, tops in History Dept.

Senior class tops with the Beau Brummel of Charlotte as President, Charles Marsh.

Least-Shorty Robertson moved over to Alabama. Good guy, really knew football bit!

Congrats: to George and Mrs. Fisher (a girl), to Mac and Mrs. Chandler (a boy), and to Coach and Mrs. Aaron (a girl).

What APSC needs is about 300 more football coaches to attend with mothers and fathers to attend home games. Stadium should be full.

Last week: Dated the three Rhea Sisters, Gaud, Dia, and Pia.

My humblest apologies to everyone who took Waverly route to Pine Bluff.

APSC has fine record: 3 Wins-No Defeats. Scored 58 pts—Opp. 6.

Did you know that Cookey was once bowling Mad Smith's record when he scored Roosevelt to Yacht?

After looking thru the files, I find such inkers as: 2 Blacks, 1 Brown, 1 Cherry, 1 Chestnut, 3 Grays, 1 Green, 1 Lemon, 1 White. They are our color scheme in the APSC.

2 Bucks, 2 Buses, 1 Cherry, 1 Chestnut, 2 Houses, 1 Crowe, 1 Crest, 2 Eggs, 1 Fowl, 1 Fox, 1 Hammer, 1 Hill, 1 Holly, 1 Knight 1 Man, 1 Ladd, 1 Head, 1 Love.

Oddity in Names we have: Austin Peay Leavey 1 Da Love.

Happy Birthdays to:

Oct. 2: Foust, Dia, Hayes, Randall, Herrington, Bill, Oct. 3: Bailey, Maria, Jensen, Chas., Oct. 4: Covington, Dick, Oct. 7: Knight, Chas.

Oct. 8: St. Arkins, Anita, Holly, Ryan, McCraw, Bruce, Oct. 10: Bell, Henry, Mitchell, Nancy, Oct. 11: Gilbert, Clayton, Oct. 12: Moore, Oct. 13: Messinas, Maurice, Grady, Wallace, Oct. 14: Buckner, Bill, founder, Carolyn, Oct. 15: McGehee, J. L., Messinas, Maurice, Mitchell, Robt., Oct. 18: Nussbaum, Clara, Oct. 19: Morris, Dewey, Oct. 20: Hargett, Bruce, Johnson, Bill, Oct. 21: Bratton, Martha, Pence, Jane, Oct. 22: Gregory, Sue, McMahon, Oscar, Oct. 24: Cleghorn, Bill, Maya, Elva, Quarles, James, Oct. 26: Hunt, Chas., Miller, Don, Johnson, Mary, Oct. 27: McKinnon, Luther, Oct. 29: Peacher, Millare, Oct. 30; Malone, Jerry.

X-Ray Mobile Unit To Visit Campus

An x-ray unit will visit the Austin Peay campus Tuesday, October 22, according to Dr. F. J. Malone, local health officer.

Sponsored by the State Health Department and the Montgomery County Health Department, this unit is offering free service to Clarksville and surrounding communities.

The services are being offered to employees of Clarksville's industrial plants, wholesale and retail establishments, restaurants, office personnel and to the general public, stated Dr. Malone.

Of the approximately 5600 people utilizing the unit in Montgomery County last year, 466 were from Austin Peay.

ANNUAL STAFF

(Continued from Page 1)

Meeting:
The editors and business managers are nominated by the organizing staff and elected by the Student Council. FAREWELL and HAIL is the official year book of the college and is an all-student publication.

Charles Waters, public relations director of the college, is sponsor.

Editor's Corner

Editor's note: All-State opens it's columns to the students who wish to express their views. It is hoped that you will take advantage of this opportunity. There will be a box placed outside the office, which is located in the central building, and all entries will be placed there. Every entry must be signed, however, if requested, a non-disciplined may be used. Naturally, nothing libelous or licentious will be run.

THE LIBRARY AT NIGHT

The library can be a place of quiet or it can be a place of noise and activity. During most of my frequent visits I find it to be a place of noise.

A loud hum of whispers and low-toned voices can be heard at night and to add to this unusual tone can be heard the un-rhythmic pecking of a typewriter. The giant-like tromping and shuffling of feet, the rattling of pages being turned, the screeching of scolded chairs make a noise which drowns out all concentrations of a person's mind upon a subject to be studied. But that is not all, it is the roaring of speeding trucks and occasional toll of a horn directed at the library's wall power to study on any subject.

Fellow students, help make the library a place of quiet and give the willing student a chance to learn.

A Student

Holly Heads Vet Group

The first meeting of the Harper Veterans Club for 1949 was held October 5, for the purpose of electing officers for the oncoming year. Due to the shortage of time only three officers were elected at this meeting; they were: Ryan Holly, Commander, A. D. Harris, Jr., Vice-Commander and Dewey Morris, Adjutant. A called meeting was set for Tuesday, October 11, at the American Legion Clubroom to finish the election of officers. Results of this election were: Ed Miller, Chairman; Mable Armistead, Finance Officer; Henry Chandler and James Quarles, Sergeants at Arms.

Professors Ted Coburn and Hugh Pollard were elected sponsors by acclamation.

The Vet Club hopes to have a one-hundred percent membership from the 163 veterans attending Austin Peay. All veterans are cordially invited to join this club which promises fine social activities and good fellowship. A concentrated membership drive will soon be launched to contact every veteran in this college.

From Where I Stand

By Larry McMillan

Have you seen it? Where is it? We have it. We just need to wake it up. It's called "SCHOOL SPIRIT". We have the ball rolling and it is gaining momentum all the time, but we can't stop now.

This year our college has the largest enrollment in its history. We have a fine bunch of athletes, a winning football team, many clubs and other activities on our campus. We have the best participation and the support of all our students and the administration, we can make this a big year in the history of our college.

Mr. Webster defines education as an "Act or process of educating; discipline of mind or character through study or instruction." There is a lot more to the discipline of mind or character than reading books and attending classes.

A college education includes those character building bits of knowledge and experience that can only be obtained from a wholesome campus life. To fully enjoy our campus life we should participate in some activity or club. By doing this we not only enjoy ourselves, but we pass along ideas that someone else might put to good advantage.

There is a place in some campus organization for everyone. A teacher once decided that she would make each student feel his importance by picking him for a participation role. She had one for her best speller, another for her best reader and so on, but she couldn't place one tall, lanky boy who was much older than the rest. She finally decided that he would make the best window opener.

Now you may not make a good window opener, but you can help keep this ball rolling. Fall in and leave to. Let's make this College "but her seams" with that good old SCHOOL SPIRIT! What about it students?

Student Elect Six Cheerleaders

Four new cheerleaders have been elected and two others elected by the student body at general assembly.

The four newly-elected cheerleaders are: Trez Thompson of Washington Post, Mrs. Billy Hunter of Clarksville, Tenn., Jessie Trout of Oyster Hill, Tenn., and Billie Ruth Snyder of Clarksville, Tenn. All cheerleaders have had previous experience in the art of yelling, either at APSC or in high school.

Two veterans from the preceding year are Jackie Miles and Barbara Frady of Clarksville, Tenn.

Miss Ruth Garrison is faculty sponsor.

Only My Opinion

By Buddy Davis
 "Bully's Slants," Baker's Scuttleships, O'Donner's "Top O' The Morning," and Rose is still "pitching" to me here and what does this leave me? Triteley enough, with only an opinion just as each of you have.

With this in my mind I mailed a letter to each of you asking your opinion about properly captioning this column. In each instance I received your opinion, therefore, I offer mine.

I take this opportunity to thank each of you personally for your splendid response to my request.

Need I say that Austin Peay State College football is fulfilling our highest expectations? Yes, there is need. With three wins in the same number of starts over equally strong teams, Austin Peay is, and should be proud of their team.

As a team they perform as a precise, proper functioning machine. As individuals, possibly without exception, they are diligent, meaningful people. This is, in part, attributable to the coaching staff—Aaron, Sautter, and Gray.

The team has a very satisfactory arrangement of employing a defensive and offensive squad.

From several different aspects I feel this holds true. Looking at the individual players' standpoint, the odds are in his favor that he will play in a game when there are at least twenty-two men participating—instead of the usual eleven.

After all, a boy practices daily with the one desire to play in a game.

Another angle is that of the team success, which is proving itself as the season progresses. In game, in the closing period, it is obvious that Austin Peay is literally wearing the opponents out.

Each man theoretically has twice the endurance of his opponent. If his opponent is a 60 minute man of thereabouts. From the endurance aspect though, this is in no way making awards for poor condition. The condition of each player is as good, and in many instances better than, college teams anywhere.

With this condition goes an indomitable team spirit that I have yet to see surpassed. Only such a team confronts Austin Peay football season, win or lose.

Take time out to congratulate the team as well as the coaches. There is yet a better way to express appreciation of such a team, and that is by participating in the cheering at the games. It will go a

Pep Rally Sends Off Governors

The Governors were given a rousing send-off to Pine Bluff, Arkansas by approximately a hundred and fifty students Friday, October 8.

Shouts and cheers rang through the halls of the dormitories shortly before 9 a.m. when a few high spirited students began their self-appointed task of arousing their sleeping comrades.

The pep rally began in front of the cafeteria where the cheerleaders lead the crowd in several high-spirited cheers. Mr. Bodine and the college band were on hand to contribute music and background for the cheerleaders. The pep rally ended at the fieldhouse as the team boarded the bus.

Miller Forms Pep Squad

The newly formed PEP SQUAD, founded by Ed Miller, got off to a good start Saturday night, October 13, at the Austin Peay—Tennessee Wesleyan game. This squad at the present consists of 125 loyal APSC fans, but could use many more.

"Every student attending should join the pep squad, for the larger the squad, the better the results," reports Ed Miller.

This is a type of organized cheering that is new to this section and with the full-co-operation of the students body it could add a lot of color and distinction to APSC's erid team of this and future years.

long way toward letting them know the school is backing them in their everyday. Ed Miller has a splendid idea with the card section. (See Ed)

In the same view of thought, why not give Mr. Bodine and the 2 or 3 band members a hand in these howls. Rumor has it that musical inclination is highly irrelevant.

(Joke) But all kidding aside, 60 would be far superior to 16, so drop by.

Prediction: Scoreboard: Austin Peay 7 - Angels 0

Readers Digest expert applicable to local costs. "When immediately following the young lady in auto and her left arm protrudes from the driver's window, one thing and only one thing is factual. The window is open.

TV Time

Governors Bury Georgetown 31-6

Austin Peay clicked in his first game of the '49 season as the Governors buried Georgetown 31-6.

Playing at the municipal stadium, Sept. 17, the Governors, in spite of mistakes, showed plenty of power in their initial tilt.

Georgetown was first to draw blood early in the opening period. Taking the opening kickoff, the Tigers couldn't gain and were forced to punt on the 18 yard line. Ben Fendley rumbled the ball on the first play from scrimmage and Georgetown covered.

This set up their first and only score of the game, Bradford scoring the touchdown. Martin's try for the extra point was not good.

The Tigers kicked off and Fendley returned the ball 27 yards to the 10. S. C. 37. Fendley started the Governors rolling. Rubel circled right end for 13 yards and first down. Gentry picked up four, and on the next play raced all the way to the Georgetown 24 yard line. From here fullback Jim Drye picked up a first down in two tries, placing the ball on the 12.

"Shorty" Robertson, a sub for Fendly, skirted left end for six points. Billy Bennett missed the extra point.

This ended the score for the first half. Although the Governors knocked out the door three times in the second period, they couldn't push across a score.

Three minutes after the third quarter began, "Chigger" (the arm) Rubel passed to "Glove Fingers" Oakley for another score. This played out a first down to the Governors' 18. Ernie Hodges picked up 7 yards around right end. On the next play Gentry scored standing up. This time Bennett added the extra point.

A few plays later the Governors marched to the Tiger four yard line before being stopped. Here, the Tigers took over, and were forced to punt from behind their own goal. The kick went out of bounds on the Georgetown 21 yard line.

On the first play Charlie Gentry ran 15 yards and a first down on the Georgetown 7. From here Jim Drye plowed his way over for the final score of the evening.

The scoreboard read: A. P. S. C., 31 Georgetown, 6.

Exactly twelve plays later Rubel passed to Tom Lincoln to set up the next score. Stan Reeks plumed over from the six yard line for the score. Again Bennett's kick was bad.

In the final period, Mervin Bourne intercepted a Tiger pass and returned the ball to the Georgetown 18. Ernie Hodges picked up 7 yards around right end. On the next play Gentry scored standing up. This time Bennett added the extra point.

A few plays later the Governors marched to the Tiger four yard line before being stopped. Here, the Tigers took over, and were forced to punt from behind their own goal. The kick went out of bounds on the Georgetown 21 yard line.

On the first play Charlie Gentry ran 15 yards and a first down on the Georgetown 7. From here Jim Drye plowed his way over for the final score of the evening.

The scoreboard read: A. P. S. C., 31 Georgetown, 6.

Despite Mud And Penalties Governors Edge Arkansas 7-0

Govs Down Union 20-0

Playing host to a stubborn Union team, the Governors smashed the Bulldogs to the tune of 20-0.

The Governors had a rough time of it in the first two periods but broke a scoreless tie two minutes before the whistle sounded to end the first half.

Austin Peay kicked off to Union to open the game. The Bulldogs, receiving the ball, returned it to their own 30 yard line. After this Union ran one play and was penalized three consecutive times to put the ball on the 12 and were forced to kick.

Ben Fendley ran the punt back to the Bulldogs' 22. Rubel lost a yard, and the two guys were penalized 15 yards for holding. Once again the ball was given to Fendley who ripped right tackle for 12. Rubel passed to L. E. Oakley for 13 and a first down on the Union 15 yard line. Here, the Bulldogs held for downs and the Governors were forced to give up the ball.

Neither team made a very strong threat until late in the second period. Austin Peay rolled all the way from their own 15, with Fendley, Gentry and Reeks passing in the Union line, and Rubel sending to end L. E. Oakley to break the scoreless tie.

Fendley missed the extra point. The score at half time was ASPC, 6, Union 0.

The Governors came back with a bang on the second half. Fendley kicked the opening kick off on his own 15 and returned it to the Union 43. On the next play quarterback "Chigger" Rubel cocked his magic arm, faked back, and chucked to L. E. Oakley for 45 yards and another 6 points was good.

A few plays later halfback Harry Cloyd intercepted a Union pass and returned it to the Austin Peay 28. Once again Rubel handed the ball off to Fendley who reached around end for 28 yards, and just six plays later Fendley rounded off again for 3 yards to end the last score of the game. His try for the extra point was good. Austin Peay 20, Union 0, final score.

John Smith, George Morlan, James Quarles, and Phil King were outstanding in the line for the Governors.

Jimmy Gatewood, Tommy Bolen, Ray House, and Chuck Williams looked good for the Union Bulldogs.

The Austin Peay Governors posted their third straight victory by defeating Arkansas 6 A.M. 7:45 Saturday, Oct. 16 in Pine Bluff.

The locals pushed and passed across the goal line in the opening quarter but were blocked on the middle. Reeks picked up four yards in two attempts. Then Rubel passed complete to Oakley for a first down on the 39 strip of Arkansas. A 15 yard penalty one play later put the ball on the 47 yard line. Then a succession of yards gained by Reeks and Fendley plus a complete pass from Rubel to Lincoln put the ball on the Doll Weevil's 5 yard marker. Charles Gentry and the score remained, Austin Peay 7, Arkansas A.M., 0.

The greatest threat made by A.M. was in the third quarter when they intercepted an Austin Peay pass on their own 30. Running, passing and 20 yards of penalties in Arkansas' favor had them facing the Govs on the latter's 29 yard line with a first down. Three attempts to break through the forward wall of Austin Peay, along with a fourth down pass, caused the only real threat to come to an abrupt halt.

The line play for Austin Peay was tip-top with the combined efforts of Sneed, Binkley, Fox, Darnell, and James Quarles. The same may be said of the backfield with Reeks, Rubel, Fendley, Gentry, and Hodges on offense. Drye and Bourne looked good to defend on defense.

Vicious tackling on both sides, the hindrance of a slick ball and a muddy field produced a game of numerous fumbles, difficult passing and hard running.

The statistics will substantiate beyond doubt that Austin Peay well deserved the seven point win.

Mr. Hemminger: Miss Canova, did your nurse drop you on your head when you were a baby?
 Judy Canova: Oh, we couldn't afford a nurse so my mother had to do it herself.

MCAT Available Twice Yearly

PRINCETON, N. J., September 10th. The Medical College Admission Test, required of candidates by a number of leading medical colleges throughout the country, will be given twice in the coming year, according to Educational Testing Service, which prepares and administers the test in cooperation with the Association of American Medical Colleges.

Candidates may take the MCAT on Saturday, October 22, 1949, or on Monday, January 15, 1950, at administrations to be held at more than 300 local centers in all parts of the country. Since many medical colleges begin selecting their freshman classes in the fall preceding their entrance, ETS says that candidates for admission to next year's classes will probably be advised to take the October Test. Students interested should inquire of their prospective medical colleges whether they will be expected to take the test and, if so, on which date.

The MCAT consists of a series of tests of general scholastic ability, a test on understanding of Modern Society, and an achievement test in Premedical Science. According to ETS, no special preparation other than a review of premedical subjects is necessary. All questions are of the objective type. Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from premedical advisers or direct from Educational Testing Service, Box 592, Princeton, N. J. Completed applications must reach the ETS office by October 8 and January 2, respectively, for the October 22 and January 15 administrations.

Rebel Brains Go Yankee

NEW ORLEANS, La. (I.P.)—Just as the South's vast wealth of natural resources has been shipped out of the region for years with no return, so are the best brains in the South now being lured to the "big name" schools of the North. Such are the findings of a survey conducted by Drs. C. Mackenzie and J. M. Scott, associate professors of chemistry at Tulane University.

They found that at the graduate of 92 Southern colleges taking post-graduate work in chemistry, many of the top ranking three were attending schools outside the region. "Yet when one considers the greatly expanded chemical industries in this area as a result of petroleum and other mineral development, Southern schools are logically the ones to meet the growing need for specialists," they stated.

To counteract this loss of talented students, Scott and Mackenzie made the following suggestions: Southern graduate schools should recognize that the more personal instruction resulting from their smaller faculty-student ratios offsets the crowding and mass production of the "big name" institutions.

Southern colleges without graduate schools should be made familiar with the offerings of graduate schools in this area. Although limited funds prevent Southern schools from competing with their Northern counterparts in quantity of research, they can strike a favorable balance by emphasizing the quality of research they perform.

Prexy Denounces College Taxation

Schenectady, N. Y. (I.P.)—Discussing the question of federal taxes on colleges and other tax-exempt, non-profit institutions, President Carter Davidson of Union College declared recently, it will mean the gradual elimination of privately supported education. In all colleges, he contended, freedom in educational practices would be lost, for privately supported colleges prevent political dictatorship over higher education.

President Davidson also pointed out that college incomes from business enterprises and other taxes collected from this course would furnish negligible revenue while they might be catastrophic to the colleges. According to Dr.

NEW TEACHERS

(Continued from Page One)
 period of four years during World War II, resuming his teaching career in 1946. Prior to his coming to this school, he was teaching medical science at King College, Bristol, Tenn., where he was acting as associate professor of histology.

He is a member of the Southern Historical Association; the U. S. Naval Reserve; Kappa Delta, national honorary educational society; Phi Delta Kappa, national honorary education fraternity; and Pi Gamma Mu, national honorary fraternity.

MR. PARCHMAN—George W. Parchman, of Erin is filling the position recently vacated by J.C. Phillips in the science department. He is teaching biology and botany. Parchman is a graduate of George Peabody College, Nashville, holding the B.A. and M.S. degree from that school. He also attended Austin Peay State College before entering Peabody. He is a veteran of World War II, having served in the Naval Air Corps, from which branch he retains a reserve commission.

MR. CORBUN—Ted C. Corbun of Pittsburgh, Pa., is also an instructor in biology. He earned his B.S. degree at George Willam College in Chicago, and his M.A. degree at George Peabody College in Nashville. He also attended the University of Pittsburgh and Austin Peay State College. His teaching experience includes two years at Clarksville High School and one year at Peabody.

A veteran of World War II, Corbun rose to the rank of Captain while serving in the European theatre under General Patton.

He is a member of the National Education Association, the National Association of Science Teachers, the Tennessee Academy of Science, and holds membership in Phi Delta Kappa, national education fraternity.

MR. BROWNING—Bennie T. Browning of Milan, Tennessee is a new instructor in social studies. A graduate of George Peabody College, Nashville, he has his A. B. and M. A. degrees from that school. His undergraduate major was in social studies while his graduate major was in secondary education. He also attended Union College, Jackson.

Miss SPILMAN—Miss Clifton Spilman of Murfreesboro has joined the faculty as assistant professor of Business Education. She holds the M. S. degree from George Peabody College, Nashville, having obtained her B. S. degree from Middle Tennessee State College Murfreesboro. She has also completed additional graduate study at the Business Institute, Detroit.

holds the M. S. degree from George Peabody College, Nashville, having obtained her B. S. degree from Middle Tennessee State College Murfreesboro. She has also completed additional graduate study at the Business Institute, Detroit.

Miss Spilman is a member of the National Business Teachers Association, the American Association of University Women, the United Business Education Association, and Pi Omicron Xi.

MR. HICKEY—Lloyd E. Hickey of Baxter, Tenn., is serving as an instructor in Business Administration. He holds the B. S. degree from Tennessee Polytechnic Institute, Cookeville, and an A. Degree from the University of Tennessee, Knoxville.

MISS RIDDELL—Miss Lila Lee Ridwell of Aiken, W. Va., succeeds Miss La Verne Parks as professor of home economics. She received the B. S. Degree from Harrisonburg (Va.) Teachers College and the A. M. degree from Columbia University. She has completed her post graduate work at the University of Wisconsin and Columbia University. Miss Ridwell has had twelve years college teaching experience, five of which has been in colleges approved for training teachers of vocational home economics. She is teaching courses in clothing and textiles, home management, and home economics education.

MRS. BRADLEY—Mrs. Earl O. Bradley, Jr., of Clarksville is a new addition to the home economics department. Mrs. Bradley received the B. S. and M. S. degrees in vocational economics at the University of Tennessee, majoring in child development and minorng in home and nutrition, clothing and textiles. Her teaching experience includes that of teach in Clarksville High School for two years. She will teach courses in foods and nutrition, child care, and home management.

MR. GARY—The Physical education department is sporting a new assistant coach and physical health instructor in the personage of Donovan Gary, Tyrone, Ark. Gary has had a year's experience as backfield coach at Union University and two years at Strong High School, Strong, Ark. He has done graduate work at George Peabody College, Nashville, and holds the B. S. Degree from Union University.

MR. STOVER—A newcomer to the Music department is Edwin L. Stover of Ft. Smith, Ark. He holds a B. A. degree from Illinois College and a M. A. degree from Peabody College. He is also a graduate of the University of Music, Rochester, N. Y. His teaching experience includes three years in the music department at David Lipscomb, Nashville, while in Nashville, he played with the Nashville Symphony for three years. He is an accomplished violinist.

MR. BODINE—Lev Bodine of Robinson, Ill., is replacing Mr. Gary in the Music department. He is a graduate of the University of Illinois, holding a B. S. and M. S. degree from that school. He has had sixteen years teaching experience in many public high schools in Illinois, Louisiana and Michigan. A veteran of World War II, Bodine served in the European theatre, both in the infantry and as a member of the Army Air Corps Band.

He is a member of the Phi Kappa Phi, social fraternity, and the Phi Kappa Delta, honorary education fraternity.

Local Ministers Meet Students

Representatives from the Clarksville Ministerial Association were guest speakers at chapel on Wednesday, September 28.

Rev. J. Malcolm Murchison, pastor of First Presbyterian Church and secretary of the Clarksville Ministerial Association, conducted the program and introduced the ministers attending.

Rev. Joseph B. Tucker of Trinity Episcopal Church presented the devotional.

The ministers who attended were the following: Rev. C. B. Cook, Methodist District Superintendent, representing Madison Street Methodist; Rev. J. W. Fryer, Forrest Street Methodist; Rev. W. Roy Stewart, Franklin Street Church of the Nazarene; Rev. C. E. Hunt, Second Baptist; Rev. T. Y. Boyd United Brethren; Rev. William Hadden, First Christian Church; Dr. R. N. Owen, First Baptist; Rev. Tucker and Rev. Murchison, Father W. E. Barclay of the Church of the Immaculate Conception was unable to attend.

Mr. H. G. Blackwell represented the Church of Christ in the absence of the pastor.

The students met with the ministers of their denominations after chapel.

Many churches have organized college age Sunday School classes and young people's groups. All students are cordially invited to join.

Concordia College Revises Government

MOORHEAD, Minn. —(I.P.)—A new constitution that will completely revise the student government organization at Concordia College has been adopted by the student body and will go into effect for the first time this semester. The Student-Forum system will be replaced by a Senate-Commission plan. The college faculty has also drawn up a new constitution. The two constitutions supplement each other, wherever possible.

One of the main features of the new student constitution will be student senate composed of the four class presidents, three freshmen, two sophomores, two juniors, and one senior as well as one representative from each campus organization. Residence halls will be allotted one seat in the senate for each hundred students or major fraction thereof with a minimum of one representative per dormitory. It is expected that the Senate membership will number between sixty and seventy representatives. Within the Senate there will be a cabinet composed of the Executive Council and the chairman of each Senate commission. Membership to these commissions shall be chosen from the Senate by the executive council.

A student government faculty advisor is to be chosen by the Senate and approved by the college president.

Floorwalker (to man in store): Are you looking for something? Man: No, I've lost my wife.

Marry Smarter Women Advises College Consultant

Marietta, O.—(I.P.)—"Marry a woman who knows more than you do" is the advice given to college students by Warren Bruner, management consultant who is conducting an experimental course in career determination at Marietta College.

A man's personality and mental stature tend to increase as he progresses in his occupational field," he told his class recently. "On the other hand, a woman starts going backward as soon as she enters a career as a homemaker—unless she realizes the danger and fights hard against it."

"Educate by less than the man, or start them even, and you provide one of several causes for the case of a man in middle life divorcing the partner of his early struggles to seek a more compatible mate."

Marriage as a career is one of many fields considered by Bruner in his course. The course is interested, he said, to "lead to a wise choice of specific careers by exposing students to comparable information about a number of career fields."

"As far as is known," Bruner continued, "Marietta College is one of the few liberal arts colleges in which life planning is considered an important as delving into literature, history, art, or other subjects; at least it's the only one that offers courses in career determination in which students may elect for credit."

These courses are the heart of a program of life planning, Bruner said. But he believes a college's obligations to students and society are not fully discharged until the courses are supplemented by individual career counseling and an effective placement service.

"A number of other colleges," he said, "are watching the experiment here with considerable interest. Many people think the time is not far distant when all colleges will be compelled by popular demand to offer instruction of this type."

Information For LCAT Available

PRINCETON, N. J., September 10 (The Law School Admission Test, required for entrance by a number of law schools throughout the country, will be offered four times in the coming year, according to Information Testing Service, which prepares and administers the test in cooperation with twenty-one leading law schools. During 1948-1949, nearly 13,000 students took the LSAT in partial satisfaction of admission requirements of law schools which prescribed it.)

This semester, candidates may take the LSAT on Saturday, November 12th; in 1949 the dates are February 25th, April 29th, and August 12th, all Saturdays. Administrations are held at numerous local centers in all parts of the country. Since many law schools select their freshman classes in the spring, preceding their entrance, ETS advises candidates for admission to next year's classes to take either the November or February test where possible. It should be noted, however, that the LSAT is not universally required. Each candidate should inquire of his prospective law school whether or not he is expected to offer it.

Objective in type, the LSAT features questions which measure verbal aptitudes and reasoning ability rather than acquired information and, according to the ETS, it cannot be "crammed" for.

Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from Educational Testing Service, Box 562, Princeton, N. J. The ETS also administers the College Entrance Examination Board tests, the Medical College Admission Test, the Graduate Record Examinations and other nationwide testing programs.

USC Offers New Culture Study

Columbia, S. C.—(I.P.)—A new foreign language course dealing with the cultural aspects of Spanish civilization is being offered this semester at the University of South Carolina.

Reading and discussion will be in English. Knowledge of Spanish is not necessary, but would be helpful for the course, "Hispanic Life and Culture-Europe."

"It is a study of Spanish civilization as seen in the literature, customs, and to some extent in the art and architecture of the Spanish-speaking peoples," according to Dr. Thomas D. Fitzgerald of the department of languages.

A followup course on the American aspects of the subject will be offered in the 1950 spring semester. The three-credit course does not give major credits and are not open to freshmen.

Mundelin College Expands Curriculum

Chicago, Ill.—(I.P.)—The Speech and Drama department of Mundelin College has introduced in its expanding curriculum several new courses, effective this semester, and has provided for separate majors in Speech and Drama.

The Speech program aims at a mastery of speech skill with a broad knowledge of the speech field, including such courses as Public Speaking, Debate, Oral Interpretation, Microphone Technique, and Speech Correction combined with supervised case work in remedial speech.

The Drama program will cut across the board field of theatre arts and at the same time will provide practical and intensive training in acting, directing and stage management. Courses include: Stagecraft, Acting, both elementary and advanced, Oral Interpretation, Stage Costume and Make-up, History of the Theatre Radio Acting, and Play Directing.

For the student who plans to teach Speech, Drama, or both, the following courses are recommended: Educational Radio, Drama in Secondary Schools, Children's Dramatics, and Clinical Practice in Speech Correction.

Both Speech and Drama majors will benefit from a two-semester, three-hour speech course, which emphasizes individualized procedures for improvement of voice, diction, and posture. This course will be required of majors in the freshman year.

The Cat's Meow

School days, school days - - -

Father Harvill and his disciples have gathered their books once again under the shady oaks to insill in them the principles of high school learning. Soon smoking in bins (as in bins in de trees) only in "goin's ON" in this mad world of learning. Soon smoking in the halls of the Science Building, where, were those good old "sigs" by Betty Brown, Evelyn John, Billy and La June, Lina and Evelyn, Catherine Gordon and Harry Cloyd, and Gerry Workman and Ray Rye (Oh! em Barney O.). Mary's "Mam" has finally pin ned her down. We've seen Miclon Self around Mary Ann Harris a lot lately. Cloyd calls this is "Patty's" reason for returning to the fold? Watch your "Self's" girls! What young freshman was so "Bonded" by her love. How has curly locks? A room full of roses to Bob Swope and Albe Davis for being engaged. We know he's lovely, but does he use Ponds?

We see some of the new freshmen girls are really in the swing of it. Ben Corlew and Creson seem to have swung into the path of romance quickly. All the boys are casing their eyes at Barbara Eason. Come on out, Barbara, and give 'em a chance.

Flash Geometric news! That old triangle Bubb, Ben and Ann seem to be running in parallel lines - - - Ben and Ann. But we'd like to know why Ben is at the Girl's Dormitory so much. Safety in numbers, Ben?

Lena looks mighty lot lately while that nice big Cadillac to lean on. Look like Evelyn Fennire is lonely too, being so far away from the "Hill".

"The proper study of mankind is woman," so says Billie Ruth Sawyer. And it looks as if Charlie Quarles is the subject. What's the word, "right" or "not"? We notice you've been studying a Cloud (Martha, that is.)

Home town boy makes good (and we didn't mean Billy) Dick Batson's new restaurant-drive in seems

to be the place to go during chapel and after classes. (This is a "Shag-kid". See you at Willow Grill.

It looks like Homer still rings the "bell" for Betty to Bush. We wonder why Martha Weatherford doesn't settle down instead of playing the field. Speaking of Weatherford, how about Virginia? We wonder what's up between Carol and Jimmy. How about the "Shag" with Ruth Anderson the other night.

Marianne and Dorman have evidently decided to renew their romance again. Jane Reasons and Jimmy Lewis study physics together and that ain't all!

Mary Tom Wall has come back to the fold from Southwestern. We hear Aubrey Harter ran into a Phendler (Carolyn, by name). Carolyn halls from Ohio. Glad to have you down here, you all!

Evelyn McCraw and Carline Papp approve of the "Jump" boys. Like-wise Beverly, last summer, but it seems as tho' the "everything is "Slick" now. They say the road to romance is never smooth but Jack Harter doesn't mind the Rocky! path.

Ben and Ann seem to be running in parallel lines - - - Ben and Ann. But we'd like to know why Ben is at the Girl's Dormitory so much. Safety in numbers, Ben?

J. W. Jones is "Bucking" for a date with certain brown haired girl. Bert seems to approve of brow hair and eyes, too, huh, Doris Lee? We'd like to know - - -

Why a certain blonde keeps carrying the torch?

What's so fascinating about chapel-huh?

Why Pee Wee Settlers goes home to Lebanon every week-end?

Why is it the custom to date only on Saturday night in Guthrie?

Who is the young lady "BIB" has been seen with so often lately?

Nancy Dowlen and Jimmy Gibbons seemed to enjoy the game in Pine Bluff. Who didn't! Congratulations to our great team! Till next time. - - - - - 30.

Krazy Korner

Mr. Pollard: J. W., can you give me an example of a parker? Jones: Yes, sir. A man walking a mile moving only two feet.

"Education of A Coed" She learned to love, She learned to hate, She learned a car would carry eight.

She learned to smoke, And how to tell Wood alcohol by taste and smell.

She learned to coax, She learned to tease, She learned a new way of cooking cheese.

She learned to neck, And break a date, She's ready now to graduate!

Mr. Keefe: Joyce, who was it that supported the world on his shoulders? It was Atlas.

Mr. Keefe: Correct. Now how was Atlas supported?

Fowler: I think he must have married a "B" wife.

Mrs. Harvill: My wife's been mixing gin and tonics all week. Dean Woodward; Ben laid up, have you?

Dowlen To Head Dormitory Clubs

The Dormitory Clubs at Harned Hall held their annual Organization meeting, October 8, and elected Nancy Dowlen president. Miss Dowlen is to serve as spokesman for all the Greek-letter Clubs.

These clubs have organized and elected their officers for the year. Amanda McCullach was elected president of the Alpha Club; Jean Houston, vice president; and Irene Tenpenny, Secretary - treasurer. Miss Ruth Garrison was chosen sponsor.

The Beta Club will be headed by Jane Reasons, president; Tula Carter, vice president; Lorene Bennett, secretary; and Jean Doyle, treasurer. Miss Ward was selected sponsor and Miss Tanner was chosen honorary sponsor.

The Omega Club voted Nancy Dowlen, president; Margaret Seavey, vice president; and Irene Williams, Secretary - Treasurer. Johnny Givens was elected sponsor.

Faculty Receives New Students

The student body of Austin Peay was presented to the members of the faculty during a reception the first week of school. Myra McKay Harned Hall was the scene of the event.

President Harvill and the faculty stood in the receiving line and welcomed each student as he was introduced.

During the evening refreshments were served by a committee of girls from Harned Hall to the 400 guests and faculty members. Misses Nancy McCullach, Lorene Bennett, Amanda Dowlen, and Rebecca Branton presided at the punch bowl.

Following the reception the students danced to the music of a record player.

Students Stage Informal Dance

Immediately following the Georgetown College (September 17) and Union University (Sept. 24) games, the social committee sponsored a dance in Myra McKay Harned Hall.

Approximately one-hundred and fifty students enjoyed delicious punch and cake prepared by Miss Chapman. The dance lasted until 12:00.

Freshmen Attend Orientation Program

Freshman orientation was held on September 13 and 14 for all enrolling on-campus freshmen.

The program, beginning Tuesday morning, was held in the armory. Succeeding the devotional, rendered by Professor Harry Law, the students were welcomed by President Harvill and Wake House, president of the student body. Dean Woodward gave a talk entitled "Why Freshmen Week." Following the assembly, tests were given for the remainder of the morning and in the afternoon. The tests consisted of the Iowa Silent Reading and the Ols Mental Ability Test.

Tuesday night at 7:30 a party was given in the gymnasium for all freshmen with Miss Garrison and Dean Mescham in charge.

On the following Wednesday morning assembly, Prof. Gentry gave the devotional. Professor Spafford spoke on "Choosing a Vocational" and Dean Woodward advised the group on choosing a curriculum. The group was dismissed for the morning after taking the Barrett-Ryan English test.

The afternoon session devoted to instructions on "How to Register," by Dean M. P. Bowman. Group advisement was given by the faculty.

The orientation program ended Wednesday night with a party held in the lobby of Myra McKay Harned Hall. Games, contests and dancing were participated in by the group. Miss Garrison was in charge of entertainment.

Harry Cloyd: I guess you've gone out with worse looking fellows than I am, haven't you?
(No answer.)

Cloyd: I say, I guess you've gone out . . .

Catherine G.: I heard you the first time. I was just trying to think.

Phillips, Spafford Publish Text Book

Two Austin Peay professors have written and published an agricultural reference handbook. It was announced recently.

The book, entitled "Reference Handbook for Institutional On-farm Training," was written by Haskell Phillips, professor of agriculture, and Russell Spafford, professor of biology.

Mr. Phillips, director of on-farm training, and Mr. Spafford, former agricultural economist with the U. S. Department of Agriculture, wrote the book from experience with institutional on-farm training. It provides a handy reference on a variety of farm information.

The book, written principally for on-farm training use, is also a valuable guide for teachers of vocational agriculture, county agricultural agents, and farmers in general. The material covered in the book may be adapted for use in eight Southern states.

Published by the Clarkeville Book Company, the Reference-Handbook is presented in simple language and many illustrations which make the book very clear and understandable.

MEN'S DORMITORY:

(Continued from Page 1)
renovated and an all-electric kitchen has been installed. Additional space for serving 100 or more has been gained by moving the kitchen to the basement. The main dining room and the small dining rooms have been redecorated.

Calvin Hall, dormitory for men, has been repainted, and repair work is being done on Robb Hall. Building and repair work are going on constantly at the College. New drives, walks, and parking areas are being constructed and landscaping under the direction of the Rocks, including as buildings are completed.
