## MONTGOMERY COUNTY DATA

Hospital	Deaths	Total active cases	% Change active cases	Positive daily cases	% change positive daily cases
*	*	2,246	+1.6%	212	+62.3%

## ADDITIONAL INFORMATION

- Dr. Lisa Piercy, TN Health Commissioner stated TN is officially 20% higher in ICU cases than we were at peak in January. We have set new record with ICU admits statewide.
- According to CDC TN is ranked #1 in the country for new cases per capita. 40% of cases statewide are children.
- Testing lab is experiencing higher volume of patients. The panels take several hours to run, as a result, the communication about test results is taking longer. The COVID Advisory Group requests to send the report later in the morning to let the lab catch up and report correct data. We would like to send the report by 10:30 a.m.
